Department: Community Development CASE #ZC-24-003 Applicant/Property Owner: Eric Havermann Lochland Holdings, LTD 1115 South 10 th Street Apt. #9 Omaha, NE 68103	Resolution No. _____	<u>City Council</u> 1 st Consideration: 4/22/2024 2 nd Consideration: 5/6/2024 3 rd Consideration: 5/20/2024 Planning Commission: 4/9/2024
Subject/Title		
<p>Request: Public hearing on the requests of Lochland Holdings Ltd., represented by Eric Haverman, and the City of Council Bluffs to rezone property legally described as being part of Lot 1, and the East ½ of the vacated north/south alley adjacent, except railroad roadway; and part of Lot 16, and the West ½ of the vacated north/south alley adjacent along with part of Lot 2, lying northeasterly of the railroad right-of-way, all in Block 15, Hughes and Doniphan’s Addition, City of Council Bluffs, Pottawattamie County, Iowa from C-2/Commercial District to R-2/Two-Family Residential District.</p> <p>Location: 2100 South 6th Street</p>		
Background		
<p>The Community Development Department has received an application from Lochland Holdings, LTD, represented by Eric Havermann, to rezone property legally described as Lot 1 and the East ½ of the vacated north/south alley adjacent, except railroad roadway, Block 15, Hughes and Doniphan’s Addition, City of Council Bluffs, Pottawattamie County, Iowa from C-2/Commercial District to R-2/Two-Family Residential District. The Community Development Department expanded the rezoning request to include property legally described as being part of Lot 16 and the West ½ of the vacated north/south alley adjacent, along with part of Lot 2, lying northeasterly of the railroad right-of-way, all in Block 15, Hughes and Doniphan’s Addition, City of Council Bluffs, Pottawattamie County, Iowa, for zoning consistency purposes</p> <p>The subject property is developed with a ‘single-family dwelling, detached.’ Since a ‘single-family dwelling, detached’ is not a permitted use in the C-2/Commercial District, it is deemed a legal nonconforming use. The proposed rezoning will bring the existing dwelling on the subject property into conformance with the Zoning Ordinance. The purpose of this request is to facilitate the sale of the subject property and allow future owners to obtain mortgage loans from banks.</p> <p><u>Land Use and Zoning</u> – The following zoning and land uses surround the subject property:</p> <p>North: Residential properties that are zoned R-2/Two-Family Residential District and a glass/mirror shop (Midwest Glass & Glazing, Inc.) that is zoned C/2/Commercial District.</p> <p>South: The South Side Trail and a commercial building, which are zoned C-2/Commercial District.</p> <p>East: Undeveloped land that is zoned R-3/Low Density Multifamily Residential District.</p> <p>West: The South Side Trail, which is zoned C-2/Commercial District.</p> <p>The Future Land Use Plan of the Bluffs Tomorrow: 2030 Plan (Comprehensive Plan) designates the subject property as ‘Low-Density Residential.’</p>		

Property Owner Notification – Public notices were mailed to all property owners within 200 feet of the request. The Community Development Department received the following comment:

1. Anna Richey, owner of 2026 South 6th Street, contacted the Community Development Department with general inquiries about the proposed rezoning.

City Departments and Utilities – All appropriate City departments and utilities were notified of the proposed planned commercial development plan. The following comments were received:

- The Council Bluffs Permits and Inspections Division stated they had no comments on the request.
- The Council Bluffs Public Works Department stated they had no comments on the request.
- The Council Bluffs Parks and Recreation Department stated they have comments on the request.
- The Council Bluffs Fire Department stated they had no comments on the request.
- The Council Bluffs Police Department stated they had no comments or objections to the request.
- Council Bluffs Water Works stated they had no comments on the request.

Discussion

- A. The subject property is developed with a ‘single-family dwelling, detached.’ Since a ‘single-family dwelling, detached’ is not a permitted use in the C-2/Commercial District, it is deemed legal nonconforming use. As per Section 15.26.050 of the Council Bluffs Municipal Code (Zoning Ordinance), “any legal nonconforming residential use of a structure may be enlarged to the extent that an otherwise conforming residential use of a structure could be enlarged under the zoning regulations of the most restricted residential district in which such residential use of a structure would be permitted as a principal use.” The proposed rezoning to the R-2/Two-Family Residential District would bring the existing dwelling into conformance with the Zoning Ordinance.
- B. The subject property does not meet the minimum lot size requirements of the C-2 District. As such, it is considered a legal nonconforming lot of record. Since the subject property does not meet the minimum lot size requirements of the R-2 District, the proposed rezoning would not affect its conformance status.
- C. If the proposed rezoning were approved, any construction that occurs on the subject property would be subject to the site development standards in Section 15.09.050, Site Development Regulations, R-2/Two-Family Residential District, of the Council Bluffs Municipal Code (Zoning Ordinance).
- D. Properties located to the north of the subject property are zoned R-2 District. As such, the proposed change of zone would be consistent with surrounding zoning.
- E. The Bluffs Tomorrow 2030 (Comprehensive Plan) designates the subject property as ‘Low-Density Residential,’ which is primarily intended for single-family development. The proposed rezoning is consistent with the Future Land Use Plan.
- F. Adequate utilities (e.g., water, sanitary sewer, electric, etc.) are available to accommodate uses permitted in the R-2 District.

Subject/Title		
<p>Request: Public hearing on the request of the City of Council Bluffs to amend Section 15.28.020, <i>Applicability</i>, of the P-R/Residential Overlay District and Section 15.08B.020, <i>Principal Uses</i>, of the R-1/Single-Family Residential District to allow the PR-2 Overlay to be utilized for development of residential structures with a minimum of two (2) dwelling units.</p>		
Background		
<p>The Community Development Department, at the request of City Council, is proposing to amend Title 15: <u>Zoning</u> of the Council Bluffs Municipal Code as follows:</p> <ul style="list-style-type: none"> A. Amend Section 15.28.020, <i>Applicability</i>, by allowing one structure with a minimum of two dwelling units to qualify for use of the PR-2 Overlay, as opposed to the currently required three dwelling units; and B. Amend Section 15.08B.020, <i>Principal Uses</i>, to state that “dwelling, single-family attached” is a principal use as permitted in a planned residential overlay in CBMC 15.28. <p>Currently, a PR-2 Overlay can be adopted for site-specific infill development in all residential zoning districts (excluding the R-1M/Single-Family Manufactured Housing District and A-P/Administrative Professional District) if one of the following is included within the development:</p> <ul style="list-style-type: none"> A. A minimum of two (2) residential structures; B. A minimum of one (1) residential structure that contains a minimum of three (3) dwelling units; or C. A minimum of one (1) mixed commercial-residential structure. <p>The proposed text amendment would modify #2 above to state, “A minimum of one (1) residential structure that contains a minimum of <u>two (2)</u> dwelling units” to allow for the PR-2 Overlay to be utilized for development of a duplex or single-family attached structure with only two dwelling units.</p> <p>All City Departments and local utilities were notified of the proposed text amendment. No adverse comments have been received.</p>		
Discussion		
<p>A. The Planned Residential Overlay was established to permit flexibility in the use and design of structures and land in situations where conventional development may be inappropriate and where modifications of requirements of the underlying zone would not be inconsistent with the comprehensive plan or harmful to the surrounding neighborhoods. The PR Overlay is intended to:</p>		

1. Provide for innovative and imaginative development through flexibility in subdivision and site layout, placement of buildings, a variety of housing types, efficient diversification of land uses, alternative modes of transportation, pedestrian and vehicular interconnections, use of open space, conservation of natural habitats and wildlife, and related architectural design, off-street parking and signage considerations;
2. Increase and diversify the city's housing stock;
3. Encourage the preservation and use of existing landscape features;
4. Promote efficient land use and infrastructure with smaller networks of utilities and streets;
5. Promote an attractive and safe living environment which is compatible with surrounding residential developments;
6. Provide an alternative method for redeveloping older residential areas and to encourage infill development.

The PR-2 Overlay is intended for site-specific infill development and can be applied to any property, or combination of contiguous properties owned by the same person or entity that contain a maximum of one and one-half (1 ½) acres of total land area. The proposed text amendment would further diversify the housing typologies allowed in the R-1/Single-Family district and provide additional opportunity to increase the City's housing stock.

- B. Per Section 15.28.050, *Establishment of a Planned Residential Overlay*, of the CBMC (Zoning Ordinance), a planned residential overlay shall be considered in the same manner as a rezoning request; therefore, any application made to utilize the PR-2 Overlay for the use of a duplex or single-family attached development would require that all property owners within 200 feet of the subject property be notified of the request.

Recommendation

The Community Development Department recommends approval to amend Section 15.28.020, *Applicability*, of the P-R/Residential Overlay District and Section 15.08B.020, *Principal Uses*, of the R-1/Single-Family Residential District to allow the PR-2 Overlay to be utilized for development of residential structures with a minimum of two (2) dwelling units, as shown in Attachments 'A' and 'B.'

Background/Discussion <u>Background</u> The City has owned the property located at 3426 2 nd Avenue since 2015. The Public Works Department has utilized the building to store equipment since its purchase; however, it is no longer in need of the building. Resolution 24-111
ITEM 3.G.

Council Action: 4/22/2024

Description

Resolution setting a public hearing for 7:00 p.m. on May 6, 2024, for a commemorative street renaming of Avenue J and 18th Street in honor of Charles M. Wickersham.

Background/Discussion

In 2017, the City Council passed Resolution 17-195 establishing a Commemorative Renaming Policy relating to street signs.

An application has been submitted to rename segments of Avenue J and 18th Street in honor of Charles M. Wickersham.

Charles M. Wickersham (deceased) graduated from Thomas Jefferson High School in 1961. His brother, Gale Wickersham, graduated from Abraham Lincoln High School in 1967. When the Council Bluffs Stadium, home of the school districts football, track, soccer and baseball fields, was transformed in 2017 and 2018, Gale and his wife Judy made a generous financial contribution to the project. The gift sparked many other individual, corporate and foundation donations that resulted in the grand opening of a beautiful complex that is a source of pride for our school district and community.

Charles was active in Thomas Jefferson High School activities and sports, including ROTC, football, track, wrestling, Spanish Club, and Glee Club. At Abraham Lincoln High School, Gale was involved in ROTC, Red Cross and the school newspaper. With the school district's athletic complex named after an AL graduate, it seems fitting that the roadway to the complex bear the name of a TJ graduate, his brother Charles M. Wickersham. (Honoree significance and nexus from application)

The proposed signage will read "Charles M. Wickersham Way".

The proposed locations for the commemorative signs are at the intersections of Avenue J and N. 16th Street and Avenue J and N. 17th Street (both eastbound and westbound locations). The other entrance into the athletic complex will include one sign at N. 18th Street and Avenue G.

Recommendation

Approval of this resolution to set a public hearing for the commemorative street renaming.

NON-EXCLUSIVE PUBLIC ROW LICENSE AGREEMENT

This Non-Exclusive Public ROW License Agreement (“**Agreement**”) is by and between the City of Council Bluffs, a city organized and existing under the laws of the State of Iowa (“**Municipality**”), and Iowa Network Services Inc. DBA Aureon Network Services, an Iowa corporation and its subsidiaries, successors, or assigns (“**Licensee**”).

RECITALS

- A. Municipality has jurisdiction over the use of the public rights-of-way in Municipality (“**Public ROW**”).
- B. Licensee desires, and Municipality desires to permit Licensee, to install, maintain, operate, and control a fiber optic infrastructure network in Public ROW (“**Network**”) for the purpose of offering communications services (“**Services**”), including broadband Internet access service as defined in 47 C.F.R. § 8.1(b) (“**Broadband Internet Services**”) and Voice over Internet Protocol services, but excluding multichannel video programming services that would be subject to a video services franchise and telecommunications services as defined in 47 C.F.R. § 153(53), to residents and businesses in Municipality (“**Customers**”).
- C. The Network consists of equipment and facilities that may include aerial or underground fiber optic cables, lines, wires, or strands; underground conduits, vaults, access manholes and handholes; electronic equipment; power generators; batteries; pedestals; boxes; cabinets; vaults; and other similar facilities (“**Network Facilities**”).

AGREEMENT

In consideration of the mutual promises made below, Municipality and Licensee agree as follows:

1. Permission to Use and Occupy.

- 1.1. Permission to Use and Occupy Public ROW. Municipality grants Licensee permission to use and occupy the Public ROW (the “**License**”) for the purpose of constructing, installing, repairing, maintaining, operating, and if necessary removing the Network and the related Network Facilities (the “**Work**”). This Agreement and the License do not authorize Licensee to use any property other than the Public ROW as agreed herein. Licensee’s use of any other Municipality property, including poles and conduits, will be governed under a separate Agreement regarding that use.
- 1.2. Subject to State and Local Law. This Agreement and the License are subject to Municipality’s valid authority under state and local laws as they exist now or may be amended from time-to-time, and subject to the conditions set forth in this Agreement.
- 1.3. Subject to Municipality’s Right to Use Public ROW. This Agreement and the License are subject and subordinate to Municipality’s prior and continuing right to use the Public ROW, including constructing, installing, operating, maintaining, repairing, or removing sewers, streets, alleys, sidewalks, water pipes, storm drains, gas pipes,

utility poles, overhead and underground electric lines and related facilities, and other public utility and municipal uses.

- 1.4. Subject to Pre-Existing Property Interests. Municipality's grant of the License is subject to all valid pre-existing easements, restrictions, conditions, covenants, third party licenses, encumbrances, claims of title or other property interests that may affect the Public ROW. Licensee will obtain at its own cost and expense any permission or rights as may be necessary to accommodate such pre-existing property interests.
- 1.5. No Grant of Property Interest. The License does not grant or convey any property interest.
- 1.6. Non-Exclusive. The License is not exclusive. Municipality expressly reserves the right to grant licenses, permits, franchises, privileges or other rights to any other individual, corporation, partnership, limited liability company, trust, joint stock company, business trust, unincorporated association, joint venture, governmental authority or other entity of any nature whatsoever ("**Person**"), as well as the right in its own name as a municipality, to use Public ROW for similar or different purposes allowed Licensee under this Agreement.

2. Licensee's Obligations.

- 2.1. Individual Permits Required. Licensee will obtain Municipality's approval of any and all required individual encroachment, construction, and/or other required permits before placing its Network Facilities in the Public ROW or other property of Municipality as authorized. Licensee will pay all lawful processing, field marking, engineering, and inspection fees associated with the issuance of individual permits by Municipality.
- 2.2. Licensee's Sole Cost and Expense. Licensee will perform the Work at its sole cost and expense.
- 2.3. Compliance with Laws. Licensee will comply with all applicable laws and regulations when performing the Work. Licensee will place its Network Facilities in conformance with the required permits, plans, and drawings approved by Municipality.
- 2.4. Reasonable Care. Licensee will exercise reasonable care when performing the Work and will use commonly accepted practices and equipment to minimize the risks of personal injury, property damage, soil erosion, and pollution of surface or groundwater.
- 2.5. No Nuisance. Licensee will maintain its Network Facilities in good and safe condition so that its Network Facilities do not cause a public nuisance.
- 2.6. Repair. Licensee will promptly repair any damage to the Public ROW, Municipality property, or private property if such damage is directly caused by Licensee's Work and no other Person is responsible for the damage (e.g., where a Person other than Licensee fails to accurately or timely locate its underground facilities as required by applicable law). Licensee will repair the damaged property to a condition equal to or better than that which existed prior to the damage. Licensee's obligation under this Section 2.6 will be limited by, and consistent with, any applicable seasonal or other restrictions on construction or restoration work.

- 2.7. As-Built Drawings and Maps. Licensee will maintain accurate as-built drawings and maps of its Network Facilities located in Municipality and will provide them to Municipality upon reasonable request and on a mutually-agreed timetable (e.g., piecemeal following the closure of each permit, or all at once after all the Work is complete), subject to applicable confidentiality protections.
- 2.8. Network Design. Nothing in this Agreement requires Licensee to build to all areas of Municipality, and Licensee retains the discretion to determine the scope, location, and timing of the design and construction of the Network.

3. Municipality's Obligations

- 3.1. Emergency Removal or Relocation by Municipality. In the event of a public emergency that creates an imminent threat to the health, safety, or property of Municipality or its residents, Municipality may remove or relocate the applicable portions of the Network Facilities without prior notice to Licensee. Municipality will, however, make best efforts to provide prior notice to Licensee before making an emergency removal or relocation. In any event, Municipality will promptly provide to Licensee a written description of any emergency removals or relocations of Licensee's Network Facilities. Licensee will reimburse Municipality for its actual, reasonable, and documented costs or expenses incurred for any such work performed by Municipality, the direct cause of which was Licensee's construction, installation, operation, maintenance, repair, or removal of its Network Facilities.
- 3.2. Relocation to Accommodate Governmental Purposes. If Licensee's then-existing Network Facilities would interfere with Municipality's planned use of the Public ROW or other Municipality property for a legitimate governmental purpose, such as the construction, installation, repair, maintenance, or operation of a new water, sewer, or storm drain line, or a public road, curb, gutter, sidewalk, park, or recreational facility, Licensee will, upon written notice from Municipality, relocate its Network Facilities at Licensee's own expense to such other location or locations in the Public ROW as may be mutually agreed by the parties, taking into account the needs of Municipality's governmental purpose and Licensee's interest in maintaining the integrity and stability of its Network. Licensee will relocate its Network Facilities within a commercially reasonable period of time agreed to by the parties, taking into account the urgency of the need for relocation, the difficulty of the relocation, and other relevant facts and circumstances, except that Municipality may not require Licensee to relocate or remove its Network Facilities with less than ninety (90) days' notice.
- 3.3. Relocation to Accommodate Non-Governmental Purposes. If Licensee's then-existing Network Facilities would interfere with (a) Municipality's planned use of the Public ROW for a non-governmental (e.g., commercial) purpose, or (b) a third-party's use of the Public ROW, Licensee will not be required to relocate its Network Facilities at Licensee's cost.
- 3.4. Non-Discrimination. Municipality will at all times treat Licensee in a non-discriminatory manner as compared to other non-incumbent holders of local or state franchise authority offering facilities-based broadband Internet access services.

- 3.5. Post-Removal Restoration of Public ROW. When removal or relocation is required under this Agreement, Licensee will, after the removal or relocation of the Network Facilities, at its own cost, repair and return the Public ROW in which the facilities were located to a safe and satisfactory condition in accordance with the construction-related conditions and specifications as established by Municipality, as well as any applicable local ordinance or state law..

4. Contractors and Subcontractors.

- 4.1. Use of Contractors and Subcontractors. Licensee may retain contractors and subcontractors to perform the Work on Licensee's behalf.
- 4.2. Contractors to be Licensed. Licensee's contractors and subcontractors used for the Work will be properly licensed under any applicable law.
- 4.3. Authorized Individuals. Licensee's contractors and subcontractors may submit individual permit applications to Municipality on Licensee's behalf, so long as the permit applications are signed by individuals that Licensee has authorized to act on its behalf via a letter of authorization provided to Municipality in the form attached as **Exhibit A ("Authorized Individuals")**. Municipality will accept permit applications under this Agreement submitted and signed by Authorized Individuals, and will treat those applications as if they had been submitted by Licensee under this Agreement.

5. Defense and Indemnity.

- 5.1. Obligations. Licensee will defend Municipality, its officers, elected representatives, and employees, and indemnify them against any and all Third Party Damages, including but not limited to, property damage, personal injury, or death to the extent caused by the negligence or willful misconduct of Licensee or its contractors arising from this Agreement ("**Third Party Legal Proceeding**").
- 5.2. Exclusions. Section 5 (Defense and Indemnity) will not apply to the extent the underlying allegation (a) arises from or is related to the negligence or willful misconduct of an indemnified party or (b) is made by Municipality's employee and covered under applicable workers' compensation laws.
- 5.3. Conditions. Section 5.1 (Obligations) is conditioned on the following: (a) Municipality must promptly notify Licensee in writing of the Third Party Legal Proceeding and any allegation(s) that preceded the Third Party Legal Proceeding no later than fifteen (15) days after Municipality was served, in accordance with Iowa law, the Third Party Legal Proceeding; (b) Municipality must reasonably cooperate in the defense at Licensee's request; and (c) Municipality must tender sole control of the indemnified portion of the Third Party Legal Proceeding to Licensee, subject to the following: (i) Municipality may appoint its own non-controlling counsel, at its own expense; and (ii) any settlement requiring Municipality to admit liability, pay money, or take (or refrain from taking) any action, will require Municipality's prior written consent, not to be unreasonably withheld, conditioned, or delayed.

6. Limitation of Liability. NEITHER PARTY WILL BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL, EXEMPLARY OR PUNITIVE DAMAGES IN

CONNECTION WITH THIS AGREEMENT. THE PARTIES ACKNOWLEDGE THAT THIS LIMITATION WILL BE SUBJECT TO AND MAY BE LIMITED BY APPLICABLE LAW.

7. **Performance Bond.** Licensee will, promptly after the Effective Date, provide Municipality with a performance bond in the amount of fifty thousand dollars (\$50,000) naming Municipality as obligee and guaranteeing Licensee's faithful performance of its obligations under this Agreement. The performance bond will remain in full force during the Term of this Agreement.

8. **Insurance.**

8.1. Licensee will carry and maintain:

8.1.1. Commercial General Liability (CGL) insurance, with policy limits not less than \$2,000,000 in aggregate and \$2,000,000 for each occurrence covering bodily injury and property damage with the following features: (a) CGL primary insurance endorsement; and (b) CGL policy will include an endorsement which names Municipality, its employees, and officers as additional insureds.

8.2. All insurance certificates, endorsements, coverage verifications and other items required pursuant to this Agreement will be mailed directly to Municipality's insurance compliance representative prior to the commencement of any work under this Agreement.

9. **Term.** This Agreement is effective on the later of (a) the date the last party to sign executes this Agreement and (b) the date on which any implementing ordinance becomes effective in accordance with its terms and state law ("**Effective Date**"). The Agreement will expire automatically on the tenth anniversary of the [Effective Date ("**Original Term**")], unless earlier terminated in accordance with the provisions herein. Thereafter, the Agreement will automatically renew for successive 5-year terms (each a "**Renewal Term**") unless a party provides at least ninety (90) days prior written notice to the other party of its intent not to renew.

10. **Termination.**

10.1. **Termination by Municipality.** Municipality may terminate this Agreement if Licensee is in material breach of the Agreement, provided that Municipality must first provide Licensee written notice of the breach and one hundred eighty (180) days to cure, unless the cure cannot reasonably be accomplished in that time period, in which case Licensee and Municipality must mutually agree to a schedule that will establish benchmarks and an end date to allow for any cure beyond the provided one hundred eighty (180) day period. No termination under this paragraph will be effective until the relevant cure period has expired.

10.2. **Termination by Licensee.** Licensee may terminate this Agreement for convenience upon one hundred eighty (180) days' written notice to Municipality.

11. **Assignment.** Except as set forth below, neither party may assign or transfer its rights or obligations under this Agreement, in whole or part, to a third party, without the written consent of the other party. Any agreed upon assignee will take the place of the assigning

party, and the assigning party will be released from all of its rights and obligations upon such assignment.

11.1.1. to any Affiliate (as defined below) of Licensee;

 - Salaries & wages increased by 4.0% (\$1.78M).

Revenue Budget

Excluding transfers between funds, FY25 budgeted revenues decrease by \$5,519,238 vs FY24. The largest drivers of the decrease are a decrease in GO Bond funding for capital projects, and a decrease in gaming taxes. The primary increase in year over year revenue is due to charges for fees and services, and taxable valuation increases leading to increased property tax revenues.

Property Tax Levy by Taxing Authority

Property taxes support many different taxing authorities; primarily cities, counties and school districts. Each taxing authority sets their own levy rate. The City of Council Bluffs total tax levy proposed for the FY25 Budget is \$17.8547. This is a slight decrease from the FY24 levy rate. The total levy for FY24 for Pottawattamie County residents residing in the Council Bluffs school district was \$43.78222.

Overall FY25 budgeted property tax revenue has increased vs. FY24 budget by 8.92 % or \$4.9 million, primarily driven by increase in taxable property valuation from new construction and the following levy changes.

- Due to legislation changes, including House File 718, the Combined General Fund Levy was reduced by \$0.2477 per thousand dollars of taxable value.
- Due to increased transit costs, the transit levy was increased by \$0.0701 per thousand dollars of taxable value.
- With strategic plans for reserves, we were able to reduce the liability and insurance levy by \$0.04 per thousand dollars of taxable value and the employee benefit levy by \$0.1877 per thousand dollars of taxable value

ADDITIONAL INFORMATION ON PROPERTY TAX LEVIES

The City can generate property tax revenue through the use of a number of tax levies designated by the state for specific uses. Those levies are listed below along with their designated uses and levy thresholds.

General Fund Levy

With the passage of House File (HF) 718 in 2023, the State Code of Iowa section 384.1 sets forth the Adjusted City General Fund Levy (ACGFL) for cities. The General Fund Levy assists with the funding of public safety, public works, culture and recreation, cemeteries, community and economic development, inspection services and general administration. For fiscal years 2025 through 2028, the amount of the levy is limited to \$8.10 per thousand dollars of taxable value, adjusted for certain former levies eliminated with HF 718 and with a growth factor defined in code section 384.1, paragraph C. Beginning in FY2029, the amount of the levy will be limited to \$8.10 per thousand dollars of taxable value. The City's allowable general fund levy for FY2025 is \$8.2578 once all adjustments have been included. The City is currently levying at the maximum value as allowed by law.

Transit Levy

The State of Iowa allows cities to levy a property tax for the operation of a transit system. The amount of the levy is limited by State of Iowa law to no more than \$0.95 per thousand dollars of assessed value. The revenue generated from this levy is used to fund the operation and maintenance of a municipal transit system and supplements other revenue sources from the transit system including fares and grant proceeds. The City of Council Bluffs is currently at a levy rate of \$0.46340 per thousand, a slight increase from the FY24 budget. The increase is driven by increases in transit costs and the need to replace fleet.

Aviation Authority Levy

The City of Council Bluffs levies on behalf of the Council Bluffs Airport Authority. This levy is remitted to the City who in turn, remits the collected aviation levy to the Airport Authority.

Liability and Insurance Levy

The State of Iowa allows cities to levy a property tax to fund costs of tort liability insurance and settlements, property insurance, and any other insurance that may be necessary in the operation of the city, and the costs of a self-insurance program. This levy has no maximum, but its use is limited to the actual costs of the insurance and liability program. The City of Council Bluffs is currently at a levy rate of \$0.7000 per thousand, which is a decrease from the FY24 budget. In FY25, the liability and insurance levy was adjusted to provide funding in other areas.

Employee Benefits Levy

The Employee Benefits Levy, known as the trust and agency levy under Iowa Code, is used to fund the employee benefits of the City, including retirement and health insurance. There is no maximum for this levy under State of Iowa law, but can be used only to fund employee benefits. The City of Council Bluffs is currently at a levy rate of \$5.3740 per thousand, which is a slight decrease to the FY24 budget. In FY25, the employee benefit levy was adjusted to provide funding in other areas.

Debt Service Levy

The City's Debt Service Levy is used to fund the annual payments on the money the City has borrowed to fund the Capital Improvement Program. The debt service levy is unlimited. Section 384.4 of the Code of Iowa states, "A city shall establish a Debt Service Fund and shall certify taxes to be levied for the Debt Service Fund in the amount necessary to pay":

1. Judgments against the city, except those authorized by State law to be paid from other funds.
2. Interest as it becomes due and the amount necessary to pay, or to create a sinking fund to pay, at maturity of all general obligation bonds.
3. Payments required to be made from the Debt Service Fund under a lease or lease-purchase agreement.
4. Payments required to be made from the Debt Service Fund under a loan agreement.
5. Payments authorized to be made from the Debt Service Fund to a flood project fund.

ADDITIONAL CITY REVENUE

OTHER CITY TAXES

Local Option Sales Tax (LOST)

Besides property taxes, a significant source of tax revenue is the Local Option Sales Tax. The sales tax rate in Council Bluffs is 7%, with 6% going to the State and 1% coming back to the local government (County/City). By City Ordinance, 100% of sales tax revenue shall be devoted to the maintenance and improvement of the city's sewer and street systems. Based on recent Iowa Department of Revenue estimates, the City budgeted \$12.0 million in Local Option Sales Taxes, which is an increase of 9.0% from the FY24 budget.

Hotel/Motel Tax

The City utilizes a 7% hotel/motel tax imposed on the gross receipts of renting. State law requires that 50% of hotel/motel tax is to be used for acquiring, improving or operating recreational, cultural or entertainment facilities as well as encouragement of tourism and convention business. The City supports the Council Bluffs Convention and Visitor's Bureau and development of recreational facilities with hotel/motel funds. The remaining revenues may be spent on any other lawful purpose. The City budgeted \$3.0 million in hotel/motel tax revenue for FY25, which is consistent with the FY24 budget.

Gaming Tax

The City receives a portion of all monies received by local casino operators. These funds are used to support general fund expenditures. The City is able to provide gaming funds to support facilities maintenance and capital projects. The City receives funding from admissions on the riverboat and 0.05% of adjusted gross revenue recorded by the casino operators. Gaming revenue budgeted in FY25 is \$2.53 million, down \$497K against the FY24 budget. This decrease was primarily driven by changes in Nebraska legislation legalizing gaming facilities in that state.

Other Taxes

Other taxes include utility property tax replacement and franchise tax. Franchise tax is on gas, electric and cable. The amount of franchise tax budgeted for FY25 is \$2.4 million, a decrease of \$320 thousand, or 11% compared to the budget in FY24. The decrease is primarily driven by a revised agreement with a large technology company, which caps the maximum amount of franchise tax to \$500K for FY25 and a reduction in franchise fees generated from cable.

LICENSES AND PERMITS

Fees from licenses and registrations include business, alarm, beer, liquor, cigarette, dog, cat, housing and other misc. licenses and registrations. Fees from permits include building, electrical, mechanical, plumbing, refuse hauling, excavation, subdivision inspection, and other permits.

USE OF MONEY AND PROPERTY

This category includes interest and investment earnings collected and rent received from City owned property. Interest earned has increased as a result of rising interest rates.

INTERGOVERNMENTAL REVENUE

Intergovernmental revenues include Federal grants and reimbursements, State grants and reimbursements, State shared revenues, and County or other local grants and reimbursements. Many of these revenues are construction project related and thus change significantly with the timing and type of projects.

This category includes Road Use Tax Funds (RUTF). The State Road Use Tax Fund consists of revenues from fuel tax, vehicle registration fees, use tax, driver's license fees and other miscellaneous sources. Road Use Tax is distributed on a per capita basis.

The State Grant category includes flood mitigation funds which is the sales tax revenue anticipated to be received from the State to be used for flood mitigation. That revenue is expected to be \$2.2 million in FY25, which is consistent with FY24. The revenue is based on an agreement between the City of Council Bluffs and the State of Iowa over a 20 year funding period.

Commercial Rollback (Commercial and Industrial Replacement, and Business Property Tax Replacement) tax collection has been included in the budget. The amount of rollback tax collection included in the budget for FY25 is \$2.2 million.

CHARGES FOR SERVICES

This category includes revenue from charges for services for Sewer and Sanitation charges. Other Charges for Services include parking, transit, ambulance, rental registration, golf fees, swimming fees and Mid-America Center revenue. Charges for Services are up \$5.2 million vs. FY24 budget driven by increased rates from Sewer and GEMT Ambulance.

SPECIAL ASSESSMENTS

Special Assessments are an additional tax levied on private property for public improvements that enhance the value of the property. The City assesses a special assessment on drainage districts to aid in the cost of maintaining the run off of water within these areas. Special assessments are flat vs. FY24 budget.

MISCELLANEOUS REVENUE

This category includes donations, library fines & charges, court fines, red light camera revenue and reimbursements. Revenues of a non-recurring nature which are not assigned above are included in this category. The amount built into the FY25 budget for red light enforcement revenue is \$860 thousand compared to \$1.1 million in FY24. This decrease is primarily driven by anticipated construction on highways with red light cameras, as well as public safety efforts to reduce traffic violations in these areas.

OTHER FINANCING SOURCES

This category is used for the proceeds from bonding. The FY25 budget includes two bond issuances, a General Obligation issuance of \$6 million as defined in the FY25 Capital Improvement Projects (CIP).

The City utilizes separate funds in order to account for revenues and expenditures that are reserved for specific purposes as required by the State and Government Accounting Standards Board (GASB). Major fund categories are: General, Special Revenue, TIF Special Revenue, Debt Service, Capital Projects, Permanent and Proprietary.

Transfers between specific funds

Revenue that is restricted and received in one major fund category is transferred to the fund that is accumulating the costs. For example, a CIP project in the Capital Projects fund may receive funding from a Special Revenue fund. This will result in a transfer out (expenditure) in the Special Revenue fund and a transfer in (revenue) the Capital Projects fund.

The State Budget summary reflects the entire operating budget for the City aligned by the various funds. The excess of expenditures over revenue (line 32 of the form) is primarily driven by the timing of spend vs revenue received. For example, the timing of spend for large capital improvement projects will extend over the fiscal year planned. It is also driven by depreciation required by GASB to be reflected in the proprietary funds. (See the proprietary funds schedule included in this report.)

General Fund

The General Fund is the primary fund used by a government entity. This fund is used to record all resources inflows and outflows that are not associated with special-purpose funds, such as Special Revenue and Capital Project Funds. Primary functions being paid for through the General Fund are Public Safety, Culture and Recreation and General Administrative.

Separate third party management companies manage the Mid-America Arena and Convention Center and Dodge Riverside Golf Course. Both facilities continue to benefit from professional management.

In FY25, House File 718 eliminated the Civic Center Levy. In prior fiscal years, the City utilized this levy to help subsidize operations at the Mid-America Arena and Convention Center. The City plans to utilize other general fund revenue to offset anticipated shortfalls.

In FY18, the city entered into a capital lease with River's Edge Parking, LLC for a parking facility located at the River's Edge development. The FY25 budget includes lease payments which are funded by the Iowa West Foundation.

Special Revenue Fund – Community Dev Block Grant (CDBG)/Community Development

The City accounts for all federal funding from the US Department of Housing and Urban Development and other state and local grants in specific funds for community development.

Special Revenue Fund - Road Use

The State shared revenue from gasoline taxes and vehicle registrations are provided to cities for the purpose of funding road improvements and maintenance. The revenue received is based on a per capita rate. The City maintains over 600 miles of streets, as well as alleys, right of ways, ADA ramps and City owned sidewalks.

Special Revenue Fund - Local Option Sales Tax

The City collects a 1% Local Option Sales Tax which supports the Cities street and sewer improvements.

Special Revenue Fund - Library Donations

The Library fund is used to account for donations directed specifically to the City Public Library.

Special Revenue Fund - Employee Benefit

The Employee Benefit fund provides for the cost of insurance, retirement, worker compensation and other benefits to all City employees. This funding is currently recorded in the Employee Benefit fund and transferred to the appropriate general fund where the expense is recorded.

Special Revenue Fund - Other

This category includes smaller special revenue funds which includes Bass Pro, City Drainage District funds and a Self-Supported Municipal Improvement District (SSMID).

Special Revenue Fund – ARPA

The ARPA fund provided relief due to the impact of Covid-19 pandemic. ARPA revenues and expenditures are not included in this budget packet.

TIF Special Revenue Fund

Tax Increment Finance (TIF) is a method to promote urban renewal/economic development efforts in an area by directing the property tax revenues generated from property value increases within a designated TIF district to finance the costs of improvements made in the district. TIF districts are established within approved urban renewal areas (URA). Tax revenues are then used to fund infrastructure improvements and other incentives to allow for economic development in these districts.

Debt Service Fund

The Debt Service Fund is a legally required fund. The fund administers the payments for the City's debt. The City issues general obligation bonds to fund capital projects. \$6.0 million of general obligation bonds for FY25 capital projects will be issued late in FY24. For the majority of projects funded through general obligation debt, the City usually issues general obligation bonds for a period of 10 years. However the general obligation bonds on the new Police Department Headquarters issued in FY18 were issued for a period of 20 years. The City borrowed funds in FY12 to fund sewer improvement projects. The debt service for this loan is paid directly from sewer fees and not from the debt levy. The City's debt associated with the TIF developer agreements is included in the TIF fund and not from the debt levy.

Capital Projects Fund

The City of Council Bluffs Capital Improvement Program (CIP) is adopted annually by the City Council. The CIP includes expenditures that are of significant value and have a long-term useful life such as, streets, sewers, land and major equipment. CIP projects are additionally approved on an individual basis during the bidding process. City Regular Commercial	998	827	-17.13

Note: Actual/Assessed Valuation is multiplied by a Rollback Percentage to get to the Taxable Valuation to calculate Property Taxes. Residential and Commercial properties have the same Rollback Percentage at \$100,000 Actual/Assessed Valuation.

Reasons for tax increase if proposed exceeds the current:

Increase in property tax valuation is primarily driven by new construction and market changes. Increased property tax revenue will be utilized to offset continued inflation costs, supply and demand, as well as increased costs for employee and property/liability insurance.

How to read this form and what it means:

Tax Rate Comparison-Current VS Proposed* - This section uses a specific formula to compare property tax costs for a \$100,000 home for two years. For example, in 2024, the tax would be \$997.91; in 2025, it would be \$827.44. However, it does not consider any increase by the County Assessor to the home's assessed value for 2025, so it does not fully indicate how your taxes might have changed due to an increase in valuation.

The formula used is: (((Assessed Value x Residential Rollback Rate) / 1000) x Levy Rate).

*Your assessed value can be found at www.pottco.org.

*The Residential Rollback Rate is 54.6501% for FY24 and 46.3428% for FY25.

*The certified levy rate for FY24 is \$18.26000; the proposed levy rate for FY25 is to be lowered to \$17.85467.

Note: The Residential Rollback Rate (set forth by the State of Iowa) prescribe the portion of the assessed value that is taxable by local governments.

Note: The first \$150,000 of taxable valuation on commercial, industrial, and railroad properties is subject to the current residential rollback; any value over is subject to the 90% rollback.

Current Year Certified - This column shows the FY24 certified valuations (set forth by the County Assessor), levy rate, and revenue for the City of Council Bluffs. The overall City of Council Bluffs levy rate for FY24 is \$18.26000.

Budget Year Effective - This column shows increased valuations for the FY25 budget (set forth by the County Assessor) but automatically keeps revenue consistent with FY24 and calculates the overall levy rate. However, it doesn't consider ongoing factors such as inflation, supply/demand, or increased costs for operations and insurance needed for the City to maintain services.

Budget Year Proposed - This column shows the increased valuations for FY25 budget (set forth by the County Assessor) and calculates the overall levy rate for the City of Council Bluffs, determined by the needs of the proposed FY25 operating budget. The proposed budget, and in turn, levy rate considers factors such as inflation, supply/demand issues, costs for operations and insurance needed for the City to maintain services. The FY25 proposed levy rate is \$17.85467, reflecting a decrease of 2.2% from FY24.

*This signifies a requirement outlined in House File 718, passed through legislation in 2023.

<p>Request of USA Builders LLC, represented by Miguel Santacruz to purchase property located at 1612 7th Avenue legally described as Everetts Addition E 45 FT, Lot 10 EX N 6 FT for Alley, Block 25, City of Council Bluffs, Pottawattamie County, Iowa and property located at 1614 7th Avenue legally described as Everetts Addition W 15 FT, Lot 10, and E 30 FT, Lot 11, Block 25, EXC N 5 FT for Alley, City of Council Bluffs, Pottawattamie County, Iowa</p> <p>Location: 1612 7th Avenue and 1614 7th Avenue</p>		
Background/Discussion		
<p>The Community Development Department has received an offer from USA Builders LLC to purchase City-owned property located at 1612 7th Avenue legally described as Everetts Addition E 45 FT, Lot 10 EX N 6 FT for Alley, Block 25, City of Council Bluffs, Pottawattamie County, Iowa and 1614 7th Avenue legally described as Everetts Addition W 15 FT, Lot 10, and E 30 FT, Lot 11, Block 25, EXC N 5 FT for Alley, City of Council Bluffs, Pottawattamie County, Iowa. The subject properties is zoned R-2/Two-Family Residential District and are classified as ‘transitional preserve’ due to the use of Community Development Block Grant – COVID-19 Assistance Program (CDBG-CV) funds to acquire and demolish the structures. The subject properties are located within a flood zone.</p> <p>The subject property was acquired by the city of Council Bluffs on June 27, 2023. The city has demolished the structures using funds from the CDBG-CV Program. With the location of these properties we are unable to use the CDBG funding to create affordable housing options. In this instance, the selling price is set by the total amount the City has incurred to purchase and demolish the homes. Staff released an RFP allowing for the lots to be purchased at the total amount the City has incurred to purchase and demolish the homes which would “buy out” the affordability requirement.</p> <p>The 1612 7th Avenue property shall be priced at the total amount the City has incurred to purchase and demolish the home, which is \$11,682.00. The applicant has offered \$11,682.00 to purchase the property, and has submitted the required 10% down payment (\$1,168.00). The 1614 7th Avenue property shall be priced at total amount the City has incurred to purchase and demolish the home, which is \$12,618.00. The applicant has offered \$12,618.00 to purchase the property, and has submitted the required 10% down payment (\$1,262.00). Proceeds from the sale will be deposited into the CDBG account. This is required to remove the affordability requirement.</p> <p>The 1612 7th Avenue property is zoned R-2/Two-Family Residential District and measures 45’ x 130’ (5,850 square feet) which exceeds the minimum lot size requirements for the R-2/Two-Family Residential District. The 1614 7th Avenue property is zoned R-2/Two-Family Residential District and measures 45’ x 130’ (5,850</p>		

square feet) which exceeds the minimum lot size requirements for the R-2/Two-Family Residential District. The applicant has not submitted any conceptual house plans to the City for review at this time. However, based on the size of the parcels, the applicant shall be able to construct a new single-family residential dwelling on the subject property that meets or exceeds the City's minimum single-family residential dwelling size requirements (20 feet wide with a minimum 500 square feet ground floor area).

Recommendation

The Community Development Department recommends selling of the property located at 1612 7th Avenue legally described as Everetts Addition E 45 FT, Lot 10 EX N 6 FT for Alley, Block 25, City of Council Bluffs, Pottawattamie County, Iowa and 1614 7th Avenue legally described as Everetts Addition W 15 FT, Lot 10, and E 30 FT, Lot 11, Block 25, EXC N 5 FT for Alley, City of Council Bluffs, Pottawattamie County, Iowa and subject to the following conditions:

1. The purchase price for 1612 7th Avenue, including the submitted \$1,168.00 down payment, shall be \$11,682.00. The purchase price for 1614 7th Ave, including the submitted \$1,262.00 down payment, shall be \$12,618.00; and
2. The applicant shall close on the subject property within 30 days of the date of Council's decision.

- D. All proposed lots will have direct access to State Orchard Road, which is a public street. Driveway locations shall conform to Public Works Department standards. - E. The subject property is located along State Orchard Road, which does not have sanitary sewer, but has water, electric, and gas utilities available. The tower is located in the northeastern corner of the subject property. The proposed final plat notes a fall zone with a 190' radius around the communication tower. No dwelling shall be located within said fall zone.

- J. The subject property is not located within a floodzone.

CASE #ZC-24-002

The subject property is zoned A-2/Parks, Estates, and Agricultural District and is surrounded by the following zoning districts and existing land uses:

Direction	Existing Zoning Districts	Existing Land Uses
North	R-3 (County Zoning)	Single-family residential dwellings
South	A-2/Parks, Estates and Agricultural District	Former site of single-family dwelling, undeveloped land
East	A-2/Parks, Estates and Agricultural District and R-1E/Single-Family Residential Estates District	Undeveloped land and single-family dwellings
West	A-2/Parks, Estates and Agricultural District	Undeveloped land

A location/zoning map is included with this report as Attachment 'B.'

Public notices were mailed to all property owners within 200 feet of the subject property. The following responses have been received as of the date of this report:

Warren Weber, 4703 Cedar Lane, Council Bluffs, IA 51503 contacted the Community Development Department on February 27, 2024 and expressed concerns regarding the condition of State Orchard Road and how it would be negatively affected by additional traffic. W. Weber stated that the County currently maintains the road and asked if they had been informed of the current requests. W. Weber expressed concern with the potential to further subdivide proposed Lot 1 in the future. W. Weber was informed of the City's future plan to rebuild State Orchard Road between Steven Road and Eastern Hills Drive. W. Weber emailed the Community Development and Public Works Departments

on March 4, 2024 requesting that the City also improve State Orchard Road between Steven Road and Cedar Lane at that time.

Discussion

- A. The subject property is zoned A-2/Parks, Estates and Agricultural District and is proposed to be rezoned to R-1E/Single-Family Residential Estates District to allow for the proposed single-family residential estates development. The subject property is located along State Orchard Road, which does not have sanitary sewer, but has water, electric, and gas utilities available. The purpose of the proposed R-1E zoning designation is to allow for septic systems and on-site water wells to be utilized in areas of the City in which access to utilities is not readily available.
- B. The applicant is proposing to retain ownership of proposed Lot 1 for their single-family dwelling and to sell proposed Lots 2-4 for future single-family residential development.
- C. The future land use map of the Bluffs Tomorrow: 2030 Plan (Comprehensive Plan) designates the subject property as 'Low Density Residential.' Rezoning the subject property from A-2 to R-1E would support the goals of the Comprehensive Plan and be an appropriate zoning designation based on the future land use map.
- D. The Council Bluffs ZBA approved a conditional use permit to allow a 180-foot tall monopole communication tower within a 60'x60' leased area in an A-2/Parks, Estates, and Agricultural District on the subject property on March 17, 2010. Per Section 15.31, Communication Towers, "*communication towers exceeding the maximum height allowed in the underlying zoning district to a maximum height of two hundred (200) feet are permitted in all zoning districts, subject to approval of a conditional use permit as set forth in CBMC 15.02 and the additional minimum standards and procedures of this chapter.*" Therefore, as communication towers are allowed as a conditional use permit in all zoning districts, the proposed rezoning would not result in the tower becoming nonconforming. The tower has a fall zone with a 190' radius; no dwelling shall be located within said fall zone.

The rezoning and subdivision requests were routed to all City Departments and local utility providers. The following comments were received:

The Council Bluffs Public Works Department stated that no public improvements are required at the time of platting but all lots shall be required to manage stormwater runoff at the time of development. The Public Works Department also reviewed the comments received from W. Weber and stated that the City is planning a complete reconstruction of State Orchard Road between Steven Road and Eastern Hills Drive with an anticipated construction date of 2025.

The Council Bluffs Fire Department noted there is a fire hydrant south of Cedar Lane on State Orchard Road for fire protection.

The Council Bluffs Police Department stated they have no comment on the requests.

Lumen noted that they have facilities that run along the easterly portion of Lots 1-4 and that an access and maintenance easement shall be retained over this area.

Note: The applicant shall coordinate with Lumen to identify the easement area to be reserved for access and maintenance purposes prior to execution of the final plat.

Council Bluffs Water Works stated they have no comment on the requests.

MidAmerican Energy stated they have no concerns regarding the proposed subdivision or rezoning and noted that the developer or their agents should contact them directly to identify costs, responsibilities, and timelines for extending electric services to the proposed subdivision.

Recommendation

The Community Development Department recommends the following:

- A. Final plat approval of a four-lot residential subdivision to be known as Oak View Estates, legally described as being a replat of Parcel 'D' of the NE1/4 SE1/4 of Section 33-75-43, City of Council Bluffs, Pottawattamie County, Iowa, subject to the comments above and the conditions below:
 1. The final plat shall be recorded within 90 days of City Council approval or the plat will become null and void unless an extension has been requested and granted by the Community Development Director.
 2. The final plat shall conform to all City standards and specifications, the zoning and subdivision ordinances, and the Department of Public Works standards for Public Improvements.
 3. The applicant shall coordinate with Lumen to identify the easement area to be reserved for access and maintenance purposes prior to execution of the final plat.
 4. No dwelling shall be located within the 190' fall zone around the existing communication tower, as shown on the final plat.
 5. All utilities shall be installed underground. Any costs to construct, remove, and/or relocate any utilities shall be the responsibility of the applicant and/or developer, not the City.
 6. All applicable permits necessary to meet local, state, and federal requirements shall be the developer's responsibility; and
- B. Approval of the request to rezone property legally described as being a replat of Parcel 'D' of the NE1/4 SE1/4 of Section 33-75-43, City of Council Bluffs, Pottawattamie County, Iowa from A-2/Parks, Estates, and Agricultural District to R-1E/Single-Family Residential Estates District, subject to the comments stated above.

WHEREAS, Luke A. and Natalie R. Norville are requesting final plat approval for this subdivision to be built on undeveloped land located north of property addressed as 1102 State Orchard Road; and

WHEREAS, The Community Development Department provided the following comments:

- A. The proposed subdivision is consistent with the purpose and intent of Title 14: Subdivisions of the Council Bluffs Municipal Code. The developer has submitted an application to rezone the subject property (see Case #ZC-24-002) to R-1E/Single-Family Residential Estates District to ensure the proposed subdivision is consistent with Title 15: Zoning of the Council Bluffs Municipal Code.

 - 1. Proposed Lot 1 contains 22.654 acres of land (more/less)
 - 2. Proposed Lots 2-4 contain 1.0 acres of land each (more/less).
- C. All development on the proposed lots shall comply with the site development standards listed in Section 15.08A.050, *Site Development Regulations*, for the R-1E District. For zoning purposes, the easterly property line adjacent to State Orchard Road shall be considered the front property line; the northerly property line shall be considered an interior side property line; the westerly property line shall be considered the rear property line; the southerly property line adjacent to Steven Road right-of-way shall be considered the street side property line; with all other property lines being considered interior side yard property lines.
- D. All proposed lots will have direct access to State Orchard Road, which is a public street. Driveway locations shall conform to Public Works Department standards. Proposed Lot 1 also abuts the future extension of Steven Road, which the applicant has not requested access to at this time. - E. The subject property is located along State Orchard Road, which does not have sanitary sewer, but has water, electric, and gas utilities available. All utilities shall be installed underground. All costs to construct, remove and/or relocate any utilities for the proposed subdivision shall be the responsibility of the developer and not the City.

- F. All driveways and off-street parking areas within the proposed subdivision shall be hard-surfaced paved and designed in accordance with the standards stated in Section 15.23, *Off-Street Parking, Loading and Unloading*, of the Council Bluffs Municipal Code (Zoning Ordinance).

The Council Bluffs Zoning Board of Adjustment (ZBA) approved a conditional use permit to allow a 180-foot tall monopole communication tower within a 60'x60' lease area in an A-2/Parks, Estates, and Agricultural District on the subject property on March 17, 2010. The tower is located in the northeastern corner of the subject property. The proposed final plat notes a fall zone with a 190' radius around the communication tower. No dwelling shall be located within said fall zone.
- H. The following existing easements are recorded on the subject property and are shown on the proposed final plat:

Subject/Title

Request: Public hearing on the request of Questa, LLC and Mid-American Energy for final plat approval of a three-lot industrial subdivision to be known as Southlands Subdivision, as legally described in Attachment A.

Location: Land lying north of property addressed as 2849 River Road.

Background/Discussion

The Community Development Department has received a request from Questa, LLC and Mid-American Energy for final plat approval of a three-lot industrial subdivision to be known as Southlands Subdivision, as legally described in Attachment A.

The proposed subdivision is comprised of a total of 972.94 acres of land (more/less) and includes 5.37 acres of Wabash Avenue right-of-way and 14.937 acres of Pony Creek right-of-way. Proposed Lot 1 will contain 927.65 acres of land and will be owned by Questa, LLC and further developed with data center buildings. Proposed Lots 2 and 3 will contain 5.62 acres and 16.98 acres respectively and will be owned by Mid-American Energy, as said lots are developed with existing Mid-American Energy electrical utility sub-stations. The purpose of this subdivision is to allow Questa, LLC and Mid-American Energy to consolidate their existing parcels into new lots of record, with one uniform boundary, for future growth and development. All existing and proposed easements within Southlands Subdivision are shown on the proposed final plat.

Land Use/Zoning

All land within the proposed Southlands Subdivision is zoned I-2/General Industrial District (see Attachment B). Surrounding zoning includes A-3 (County) and I-1 (County) to the north; A-4 (County) to the east; I-3/Heavy Industrial District, and A-3 (County) to the west; and A-4 (County) and I-2 (County) to the south. Existing land uses in the general vicinity of the request includes Pony Creek and agriculture

farmland to the north; large acreage residential properties and Loess Hills to the east; Bunge Corp to the south; Interstate 29, Mid-American Energy Power Plant, undeveloped land, and a farming operation to the west. The future land use plan of the Bluffs Tomorrow: 2030 Plan designates the property as 'Light Industrial'.

Comments

1. The proposed Southlands Subdivision is generally consistent with the Bluffs Tomorrow: 2030 Plan and the purpose and intent of the Council Bluffs Subdivision and Zoning Ordinances.
2. The minimum lot size property zoned I-2 District is 15,000 square feet, as per Section 15.21.050, Site development regulations, I-2/Industrial District of the Municipal Code (Zoning Ordinance). Proposed Lot 1 will contain 927.65 acres of land and will be owned by Questa, LLC; and proposed Lots 2 and 3 will contain 5.62 acres and 16.98 acres respectively and will be owned by Mid-American Energy. All lots within the proposed subdivision comply with I-2 District lot size requirements.
3. All future construction and development within this subdivision shall comply with standards stated in Section 15.21.050, Site development regulations, I-2/Industrial District of the Municipal Code (Zoning Ordinance).
4. The subdivision is located within a Flood Zone 'X', according to FEMA Map Number 19155C0595E, dated February 4, 2005, and is protected from Missouri River and Pony Creek floods by levees.
5. Proposed Lot 1 has direct access Bunge Avenue. Proposed Lots 2 and 3 will have access to Bunge Avenue via pre-existing ingress/egress easements across Lot 1, as shown on Sheets, 2, 3, 5 and 8 of the proposed final plat. No new public roadway extensions are proposed at this time.
6. All electric, gas, water, cable and communication facilities are available to serve development within the subdivision and shall be installed underground. Overhead transmission lines that connect into Mid-American Energy's substations on Lots 2 and 3 are not required to be buried underground. All costs to construct, remove, and/or relocate any utilities within the proposed subdivision shall be the responsibility of the developers/land owners, and not the City of Council Bluffs.
7. No private restrictions or covenants will be recorded by the City with this plat. A note indicating such is stated on the final plat.
8. All City Departments and local utility companies were provided a copy of the proposed final plat to review. The following comments were received:
 - a. Council Bluffs Public Works stated easements all natural drainage ways that flow through the site require easements to be defined over them. Additionally, Public Works has no concerns with the plat not containing standard perimeter easements for utilities as they are all supplied through defined easements paths on the property. Public Works also recommended all of the hatched easements be captured in a legend on the plat with a definition of the easement and ownership.
 - b. The Council Bluffs Fire Department stated they have no comments.
 - c. Council Bluffs Water Works stated they have no comments.
 - d. Council Bluffs Police Department stated they have no comments.
9. The following technical corrections must be made to the final plat prior to being signed by the City:

Department: Community Development	Resolution No.: 24 -	City Council: April 22, 2024
Subject/Title		
Resolution approving the request for proposal for approximately .25 acres of land at 1 st Avenue and S. 8 th Street based on the additional investment on the property and adjacent property and the creation of new affordable housing.		
Background/ Discussion		
<u>Background</u>		
<p>In 2017, the City took title to property located at 1st Avenue and S. 8th Street (Parcel ID: 754436789009) under Iowa Code 6547A. This allows the City to petition the court to declare a property abandoned. Once the court awards the City title, the City files a “change of title” certificate with the County to show the City as owner. Through this process, the City then obtains the property free and clear from any encumbrances (mortgages, liens, etc.) that may have been attached to the property. Later in 2017, the residence was demoed and the property has been vacant ever since. The property is located in the Bluffs Center 1 Urban Renewal Area. Staff believes it is in the best interest of the City to request proposals for the redevelopment of the site through a RFP process requesting development designs for a multi-family project.</p> <p>As part of the disposition of property, state statutes require the city ensure a reasonable competitive bidding procedure and 30 days to respond. This also includes providing notice by publication in a newspaper having a general circulation to the community 30 days prior to the execution of a contract involving the transfer of property. The RFP was published March 5, 2024 and proposals were due April 4, 2024.</p> <p>Developers were required to submit proposals that demonstrate their capacity to satisfy the requirements of the RFP including:</p> <ol style="list-style-type: none">1. Name, address, and contact information of the person or legal entity submitting the proposal.2. A description of the individual or entity’s background and business.3. A narrative description of plan for the site. Conceptual plans are preferable but not necessary.4. Timeframe5. An itemized description and costs of project.6. Proposed method of financing the acquisition and improvements made. <p>The proposal was reviewed by staff of the Community Development Department and was determined to meet the RFP requirements. An appraisal was conducted on the property on September 28, 2024 and the value was estimated at \$40,000. As part of their response to the RFP, Habitat for Humanity proposed a bid amount of \$12,950 because it is half the amount that the county assesses the property’s tax value of \$25,900. Habitat for Humanity explained that given their significant investment committed to the neighboring townhome development, and partnership with city planning to create a multiphase expansion of those original six townhomes, they are requesting that their offer of half of the tax valuation be considered. Staff considers this to be a reasonable offer given the additional investment on the property and the creation of new affordable housing, which the City is in need of.</p>		
<u>Discussion</u>		
<p>One developer responded to the RFP. Habitat for Humanity submitted a proposal to use the property to complete a second phase of their Baldwin Court Townhome project. These are 4bedroom/2 bathroom</p>

homes that complement the surrounding neighborhood architecture and brings revitalization this urban core neighborhood needs. Phase I of six townhomes is currently underway. Phase II planning will begin in this summer of 2024 and construction would commence during the 2026 fiscal year.

Staff reviewed the proposals and believes the Habitat for Humanity Baldwin Phase II project fully complies with the requirements of the RFP and the development proposal achieves the City's long-range vision for Bluffs Center 1 Urban Renewal Area.

Recommendation

Resolution approving the request for proposal for approximately .25 acres of land at 1st Avenue and S. 8th Street based on the additional investment on the property and adjacent property and the creation of new affordable housing.

Redevelopment of Land Located at 1st Avenue and S. 8th Street
Proposal Due Date: April 4, 2024

Bids will be received by the City of Council Bluffs via the electronic submission system at <https://cbiabids.ionwave.net/> until noon on April 4, 2024 for all work set forth in the plans, specifications and proposals for the above mentioned project.

Re

The City of Council Bluffs through its Community Development Department is accepting proposals for the purchase and development of .25 acres of property located in west Council Bluffs for the development of a multi-family housing units. The subject property is located between S. 8th and S. 7th Street along 1st Avenue (See Attachment B - Location).

The property is located in the Bluffs Center 1 Urban Renewal Area and because the block is in the R-3 zoning district and surrounded commercial, multi-family and single-family uses, the City wishes to increase density along the 1st Avenue but be sensitive to the aesthetics of the original neighborhood.

City Objectives

The city is seeking proposals to develop the site in conformance with applicable ordinances, as well as in compliance with the following stated objectives. These objectives include, but are not limited to:

- To cause the construction of new affordable housing units with occupancy on or before October 30, 2025.
- To provide a positive impact on the city resulting in increased tax revenues and contribute to the city's long term economic and community growth objectives.
- To implement the recommendations contained in the Bluffs Center 1 Urban Renewal Area.

Site Description

In 2017, the City took title to property located at 1st Avenue and S. 8th Street (Parcel ID: 754436789009) under Iowa Code 6547A. This allows the City to petition the court to declare a property abandoned. Once the court awards the City title, the City files a "change of title" certificate with the County to show the City as owner. The City then obtains the property free and clear from any encumbrances (mortgages, liens, etc.) that may have been attached to the property. Later in 2017, the residence was demoed and the property has been vacant ever since. The property will be for the purchase of the appraised price of \$40,000.

The parcel is served with water, sanitary sewer, storm sewer, and street paving, but individual service lines may need to be extended to accommodate the project.

The property is located in the Zone X (protected by the levee). Since Zone X is protected by the levee, there are not additional flood development requirements.

Value of the Property

The appraised value of the property is \$40,000.

Ordinance 6607
ITEM 6.A.

Council Action: 4/22/2024

Description

Ordinance to amend Chapter 3.58 Mobile Food Vendors of the 2020 Municipal Code of Council Bluffs, Iowa, by amending Sections 3.58.020 “Definitions”; 3.58.030 “License Required, Exemptions”; 3.58.060 “License Fee”; 3.58.070 “Renewal”; 3.58.080 “Sales Regulations”; 3.58.090 “Revocation”; 3.58.100 “Penalty” and 3.58.110 “Special Districts”.

Background/Discussion

In order to minimize inconsistencies for mobile food vendors coming over from across the river, we essentially copied the Omaha city code relating to the regulation of food vendors back in 2019. City staff has determined the ordinance encompasses too many areas of food distribution, and due to lack of staff available to truly police all vendors, it was determined that several exceptions would clear confusion about who is covered under the ordinance and allow staff to focus on food trucks. This also allows other vendors such as farmer’s markets to operate with their established State of Iowa permits and under the purview of the State.

Recommendation

Approval is recommended.

3.58.110 Special Districts

The City finds that the City's various and diverse neighborhoods and business districts have differing characteristics, and will be affected in varying ways by the operations of Mobile Food Vendors. Thus, it is appropriate to provide for the creation of special districts subject to special rules governing mobile food vendors.

The City Council may, by Resolution, establish a special district with defined geographic boundaries, and adopt special rules governing Mobile Food Vendors to be applied, based on a reasonable showing of public health and/or public safety concerns demonstrating the need for different operation of Mobile Food Vendor, within such special district. "Special rules" shall mean rules governing Mobile Food Vendors that modify the general rules stated in § 3.58.080, within that special district only. If adopted, such special rules shall take precedence over any conflicting general rules in § 3.58.080. The special rules shall not prevent Mobile Food Vendors from operating within the special district. The general rules in § 3.58.080 shall continue to apply in a special district, unless specifically modified by the special rules.

~~An application for the establishment of a special district may be submitted to the Director by a neighborhood association that is registered as such with the planning department, or by a business improvement district. 3.58.110 Special Districts

The City finds that the City's various and diverse neighborhoods and business districts have differing characteristics, and will be affected in varying ways by the operations of Mobile Food Vendors. Thus, it is appropriate to provide for the creation of special districts subject to special rules governing mobile food vendors.

The City Council may, by Resolution, establish a special district with defined geographic boundaries, and adopt special rules governing Mobile Food Vendors to be applied, based on a reasonable showing of public health and/or public safety concerns demonstrating the need for different operation of Mobile Food Vendor, within such special district. "Special rules" shall mean rules governing Mobile Food Vendors that modify the general rules stated in § 3.58.080, within that special district only. If adopted, such special rules shall take precedence over any conflicting general rules in § 3.58.080. The special rules shall not prevent Mobile Food Vendors from operating within the special district. The general rules in § 3.58.080 shall continue to apply in a special district, unless specifically modified by the special rules.

Upon the filing of such an application, the mayor or any City councilmember may request that a Resolution establishing such a special district and special rules be forwarded to the City Council for consideration and final action.

Subject/Title		
Amendment to restate and consolidate the 16 current urban revitalization areas and add an additional area, South Expressway Urban Revitalization Area.		
Background/Discussion		
<p><u>Background</u></p> <p>Chapter 404 of the Iowa Code authorizes a City to designate an area as an urban revitalization area. Improvements to qualified real estate within designated areas may then be eligible to receive a total or partial exemption from property taxes for a specified number of years. The exemptions are intended to stimulate private investment by reducing the tax increase that would normally result from making improvements to real estate property.</p> <p>Urban revitalization tax abatement incentives can apply to residential, commercial and industrial development. Both new construction on vacant or unimproved land and rehabilitation of existing structures are eligible for tax abatement.</p> <p>Staff has prepared a Consolidated Urban Revitalization Plan, including South Expressway Urban Revitalization Area, in accordance with Chapter 404 of the Iowa Code and has scheduled the matter for City Council consideration.</p> <p><u>Discussion</u></p> <p>The Community Development Department has created a Consolidated Urban Revitalization Plan. The consolidated plan includes the 16 current urban revitalization area plans that are in effect and adds the South Expressway Urban Revitalization Plan. Consolidating the 16 urban revitalization plans into one will make all the plans consistent and easier to update in the future.</p> <p>Two updates are included in the Consolidated Urban Revitalization Plan:</p> <ol style="list-style-type: none"> 1. Multi-Family Housing Development: In the prior individual plans the period of time for exemption was 4 years, we are wanting to extend the time period to 6 years for the exemption. This extension is vital to many developers when deciding to come to Council Bluffs or take their developments elsewhere. 2. Additional Area Added: The City is working with a developer to construct a 20,000 square foot new construction commercial retail car dealership that will improve the property by \$9,000,000. It is located along the South Expressway in an undeveloped parcel. There is a separate parcel that is currently being used for salvage storage that has the potential for redevelopment. These additional parcels are comprised of 6.83 acres, more or less, of land. If the South Expressway Urban Revitalization Area is approved, the project as proposed could be eligible for full exemption from taxation for three years or a ten year declining property tax abatement. 		

Council Communication

On February 26, 2024, City Council approved Resolution 24-48, which directed staff to initiate the process of consolidating the 16 urban revitalization areas and adding the South Expressway Urban Revitalization Area to the Consolidated Urban Revitalization Plan. This resolution set April 1, 2024 as the date of the public hearing.

Staff specifically asks that the Commission consider the following:

- Consolidating the 16 urban revitalization areas into one consistent and uniform plan.
- The proposed South Expressway Urban Revitalization Area furthers the goals of the City's Comprehensive Plan.
- The South Expressway Urban Revitalization Area is an area appropriate for urban revitalization designation as specified in Iowa Code Section 404.1.4, which discusses an area which is appropriate as an economic development area as defined in section 403.17. Provides that "economic development area" means an area of a municipality designated by the local governing body as appropriate for commercial and industrial enterprises or housing and residential development for low and moderate income families, including single or multi-family housing.

This matter was brought before the City Planning Commission at their February 13, 2024 meeting. The Commission found the following: 1) That the proposed Consolidated Urban Revitalization Plan furthers the goals of the City's *Bluffs Tomorrow: 2030 Plan*, which is the general plan for the development of the City of Council Bluffs; and 2) That the Consolidated Urban Revitalization Area is an area appropriate for urban revitalization as specified in Section 404.1.4.

Property owners were notified and no written correspondence was received by the Community Development Department either in support or against the proposed plan. Concurrent with the adoption of an urban revitalization plan, an ordinance establishing the consolidated urban revitalization area can be considered. Upon adoption of the area and approval of an ordinance, the City is permitted to grant tax abatement to qualified projects.

Staff Recommendation

The Community Development Department recommends approval of consolidating the 16 Urban Revitalization Areas and add the South Expressway Urban Revitalization Area and 1st consideration of the ordinance.

Planning Commission Recommendation

The Planning Commission recommended approval of the Consolidated Urban Revitalization Plan.

ITEM 8.A.

Council Action: 4/22/2024

Description

Resolution authorizing the use of American Rescue Plan Act (ARPA) Funds for the purchase of two 2024 Chevrolet Equinox Vehicles for the Council Bluffs Police Department.

Background/Discussion

In September 2023, Mayor Walsh approved a request from the police department to replace two vehicles in the current CID fleet. The current fleet has eight Chevy Impalas ranging in years from 2011-2016. Last Fall, it was determined that these two vehicles would either be purchased with bonds or ARPA dollars. The Finance Director has determined that ARPA is the most appropriate funding source.

Recommendation

Approval of the use of ARPA funds in the amount of \$51,107.60 to be used for the purchase of two 2024 Chevrolet Equinox vehicles for the Council Bluffs Police Department.

ITEM 8.D.

Council Action: 4/22/2024

Description

Resolution authorizing the Mayor and City Clerk to execute an agreement with HGM Associates Inc. for engineering services in connection with the State Orchard Road Reconstruction. Project #PW25-07

Background/Discussion

State Orchard Road is in need of reconstruction. The project extends approximately 2,500 feet in length, from Eastern Hills Drive to Steven Road. The existing street segment is a 22-foot wide rural section located within a 66-foot right-of-way. State Orchard Road pavement is in poor condition with no shoulders and open ditches for drainage. There are no pedestrian pathways.

The project will construct a new curbed concrete roadway with storm sewer and a trail on one side of the roadway. Completing this segment of State Orchard Road will provide an improved roadway and trail connection from Eastern Hills Drive to Steven Road.

This project was included in the FY25 CIP and includes a budget of \$3,000,000 in Local Option Sales Tax funds.

HGM Associates Inc. was selected as the most qualified to perform the work for this project. They previously provided engineering services for the construction of Eastern Hills Drive and have a clear understanding of this project. The proposed team is well qualified to successfully complete this challenging project.

Recommendation

Approval of this resolution to enter into an agreement with HGM for engineering services for the State Orchard Road Reconstruction project.

1. Ownership of Documents:

Both parties agree that the ownership of documents prepared by the ENGINEER at the direction of the CONTRACTING AUTHORITY, including specifications, drawings, maps, plats, and other related documents, shall be and remain property of the CONTRACTING AUTHORITY; and further, that such right in the CONTRACTING AUTHORITY shall not preclude the right of the ENGINEER to make and retain copies of same, to which copies ENGINEER shall have full right of ownership.

2. Termination of Agreement:

This agreement, or any portion thereof, may be terminated immediately upon written notice by the CONTRACTING AUTHORITY. In event such Notice of Termination shall be given by the CONTRACTING AUTHORITY, the payment for unbilled Engineering Services for work performed prior to the date of termination shall be determined by multiplying the ENGINEER'S payroll cost times 2.19, plus outside expense.

3. Revision of Completed Documents of Service:

Drafts of documents of service shall be submitted to the CONTRACTING AUTHORITY by the ENGINEER for review and comment. The comments received from the CONTRACTING AUTHORITY and the reviewing agencies shall be incorporated by the ENGINEER prior to submission of the final work product by the ENGINEER. Documents of service revised in accordance with review comments shall constitute "satisfactorily completed and accepted work." Requests for changes on documents of service by the CONTRACTING AUTHORITY shall be in writing. In the event there are no comments from the CONTRACTING AUTHORITY or reviewing agencies to be incorporated by the ENGINEER into the final document of service, the CONTRACTING AUTHORITY shall immediately notify the ENGINEER, in writing, that the document of service is considered to constitute "satisfactorily completed and accepted work."

In the event that the document of service prepared by the ENGINEER is found to be inadequate and revision or reworking of the document of service is necessary, the ENGINEER agrees that it shall do such revising without expense to the CONTRACTING AUTHORITY, even though final payment may have been received. The ENGINEER must give immediate attention to these changes so there will be a minimum of delay in the project.

Should the CONTRACTING AUTHORITY find it desirable to have previously satisfactorily completed and accepted document of service or parts thereof revised, the ENGINEER shall make such revisions if requested and directed by the CONTRACTING AUTHORITY in writing. This work will be paid for as provided in Section II.B.6.

4. Extra Work/Changes in Scope:

If the ENGINEER is of the opinion that any work it has been directed to perform is beyond the scope of this Agreement, and constitutes "Extra Work," the ENGINEER shall promptly notify the CONTRACTING AUTHORITY in writing to that effect. In the event that the CONTRACTING AUTHORITY determines that such work does constitute "Extra Work," the CONTRACTING AUTHORITY shall provide extra compensation to the ENGINEER as provided in Section II.B.6. or at a negotiated lump sum. Unless written approval from the CONTRACTING AUTHORITY for "Extra Work" has been secured in advance from the ENGINEER, no claims will be allowed. However, the CONTRACTING AUTHORITY shall have benefit of the service rendered.

The ENGINEER shall, without additional compensation, correct or revise any error or deficiencies in his work. Approval of the OWNER of any such work shall not in any way relieve the ENGINEER of responsibility for the technical accuracy and adequacy of said services. Resolution 24-123
ITEM 8.E.

Council Action: 4/22/2024

Description

Resolution approving the plans and specifications for the Vine Street Parking Lot Expansion. Project # PW23-15

Background/Discussion

The Vine Street Parking Lot Expansion will construct additional parking to the west of the existing lots located along Vine Street. The site is a vacant lot owned by the City.

The new lot will provide 26 stalls of new parking.

The project was included in the FY23 CIP with a budget of \$250,000 from the Downtown TIF district.

At the east end of the existing Vine Street parking area the trash dumpster and enclosure are frequently vandalized, requiring continuous clean up and repairs. To improve this situation, the 100 Block businesses have requested areas for two new trash compactors. The rented compactors will replace the dumpsters currently being used.

Included in the project is a proposed concrete pad located adjacent to the new parking lot with a new 3-phase electrical service to serve a trash compactor. The second trash compactor will be located on an existing concrete pad on the east side of the east parking lot. A new 3-phase electrical service will be added to this location. The fencing around the existing dumpster will be removed and the area will be converted to two additional metered parking stalls. The estimated cost of these improvements is \$32,600, and will be bid as an alternate. The trash compactors will be leased by the businesses from a private solid waste company.

Case/Project No.: CITY
CONTRIBUTION TOWARDS
THE RIVERFRONT
DEVELOPMENT
Submitted by: Vincent Martorello

Resolution 24-125
ITEM 8.F.

Council Action: 4/22/2024

Description

Resolution to authorize the Mayor to make a \$50,000.00 contribution to the Riverfront Development in support of an Enhance Iowa Grant.

Background/Discussion

The Riverfront Development, Phase 4 consists of an adventure tower, which will be equipped with an outdoor climbing wall, roll glide, and interior caving space. Also included is a pier, approximately 700 linear feet in length that extends from the levee trail to the Missouri River and will be located south of I-480, approximately 250 linear feet north of the Harrah's parking lot and entry into Tom Hanafan Park. A playground and dog park are also being planned as part of the development. The dog park will be located north of the I-480 Bridge, just south of the Tom Hanafan parking lots. The playground will be located south of the I-480 Bridge, north of the Broadmoor apartments, east of the levee trail. The City is in discussion with IDOT for the disposal of a portion of the DOT right-of-way in order to place the playground. A portion of the site is also owned by Broadmoor Apartments, and they have agreed to transfer the property to the City. The design of the adventure tower, tree top walk and pier has not changed since the Council has reviewed the project. The dog park and playground will be presented to the Council at a later date. However, a supplement packet has been submitted with this resolution that includes design layout and images of the project.

The City is in the process of drafting a management agreement with a third party to manage these recreational elements. The US Army Corps. of Engineers (USACOE) is currently reviewing the development of the adventure tower, tree top walk and pier. The permits for the dog park and playground will be submitted to the USACOE when the design development plans are at 90%.

To date, \$47,700,000.00 has been raised through private donations and grants. Unfortunately, given the increase costs of construction and necessary refinement of the development plans, the project is still projected to need an estimated four to six million dollars. We have already begun the process of raising the remaining funds. And, we submitted an Enhance Iowa Grant application to the state and requested an award of \$1,000,000.00. A requirement of this grant is a contribution from the city and county the development is located. The city has proposed to contribute \$50,000.00 and will ask the county to contribute \$25,000. Without this contribution, the city is not eligible to receive the Enhance Iowa Grant award.

Recommendation

Approve the resolution that authorizes the Mayor to make a \$50,000.00 contribution on behalf of the City towards the Riverfront Development project in accordance with the requirements of the Enhance Iowa Grant.
