Council Action: 4/1/2024

Description

Resolution setting a public hearing for 7:00 p.m. on April 22, 2024 for the Vine Street Parking Lot Expansion. Project # PW23-15

Background/Discussion

The Vine Street Parking Lot Expansion will construct additional parking to the west of the existing lots located along Vine Street. The site is a vacant lot owned by the City.

The new lot will provide 26 stalls of new parking.

The project was included in the FY23 CIP with a budget of \$250,000 from the Downtown TIF district.

At the east end of the existing Vine Street parking area the trash dumpster and enclosure are frequently vandalized, requiring continuous clean up and repairs. To improve this situation, the 100 Block businesses have requested areas for two new trash compactors. The rented compactors will replace the dumpsters currently being used.

Included in the project is a proposed concrete pad located adjacent to the new parking lot with a new 3-phase electrical service to serve a trash compactor. The second trash compactor will be located on an existing concrete pad on the east side of the east parking lot. A new 3-phase electrical service will be added to this location. The fencing around the existing dumpster will be removed and the area will be converted to two additional metered parking stalls. The estimated cost of these improvements is \$32,600, and will be bid as an alternate. The trash compactors will be leased by the businesses from a private solid waste company.

The project schedule is as follows:	Set Public Hearing	April 1, 2024
	Hold Public Hearing	April 22, 2024
	Bid Letting	May 9, 2024
	Award	May 20, 2024

Recommendation

Approval of this resolution to set the public hearing for the Vine Street Parking Lot Expansion project.

Warren Weber, 4703 Cedar Lane, Council Bluffs, IA 51503 contacted the Community Development Department on February 27, 2024 and expressed concerns regarding the condition of State Orchard Road and how it would be negatively affected by additional traffic. W. Weber stated that the County currently maintains the road and asked if they had been informed of the current requests. W. Weber expressed concern with the potential to further subdivide proposed Lot 1 in the future. W. Weber was informed of the City's future plan to rebuild State Orchard Road between Steven Road and Eastern Hills Drive. W. Weber emailed the Community Development and Public Works Departments

on March 4, 2024 requesting that the City also improve State Orchard Road between Steven Road and Cedar Lane at that time.

Discussion

- A. The subject property is zoned A-2/Parks, Estates and Agricultural District and is proposed to be rezoned to R-1E/Single-Family Residential Estates District to allow for the proposed single-family residential estates development. The subject property is located along State Orchard Road, which does not have sanitary sewer, but has water, electric, and gas utilities available. The purpose of the proposed R-1E zoning designation is to allow for septic systems and on-site water wells to be utilized in areas of the City in which access to utilities is not readily available.
- B. The applicant is proposing to retain ownership of proposed Lot 1 for their single-family dwelling and to sell proposed Lots 2-4 for future single-family residential development.
- C. The future land use map of the Bluffs Tomorrow: 2030 Plan (Comprehensive Plan) designates the subject property as 'Low Density Residential.' Rezoning the subject property from A-2 to R-1E would support the goals of the Comprehensive Plan and be an appropriate zoning designation based on the future land use map.
- D. The Council Bluffs ZBA approved a conditional use permit to allow a 180-foot tall monopole communication tower within a 60'x60' leased area in an A-2/Parks, Estates, and Agricultural District on the subject property on March 17, 2010. Per Section 15.31, Communication Towers, "*communication towers exceeding the maximum height allowed in the underlying zoning district to a maximum height of two hundred (200) feet are permitted in all zoning districts, subject to approval of a conditional use permit as set forth in CBMC 15.02 and the additional minimum standards and procedures of this chapter.*" Therefore, as communication towers are allowed as a conditional use permit in all zoning districts, the proposed rezoning would not result in the tower becoming nonconforming. The tower has a fall zone with a 190' radius; no dwelling shall be located within said fall zone.

The rezoning and subdivision requests were routed to all City Departments and local utility providers. The following comments were received:

The Council Bluffs Public Works Department stated that no public improvements are required at the time of platting but all lots shall be required to manage stormwater runoff at the time of development. The Public Works Department also reviewed the comments received from W. Weber and stated that the City is planning a complete reconstruction of State Orchard Road between Steven Road and Eastern Hills Drive with an anticipated construction date of 2025.

The Council Bluffs Fire Department noted there is a fire hydrant south of Cedar Lane on State Orchard Road for fire protection.

The Council Bluffs Police Department stated they have no comment on the requests.

Lumen noted that they have facilities that run along the easterly portion of Lots 1-4 and that an access and maintenance easement shall be retained over this area.

Note: The applicant shall coordinate with Lumen to identify the easement area to be reserved for access and maintenance purposes prior to execution of the final plat.

Council Bluffs Water Works stated they have no comment on the requests.

MidAmerican Energy stated they have no concerns regarding the proposed subdivision or rezoning and noted that the developer or their agents should contact them directly to identify costs, responsibilities, and timelines for extending electric services to the proposed subdivision.

Recommendation

The Community Development Department recommends the following:

- A. Final plat approval of a four-lot residential subdivision to be known as Oak View Estates, legally described as being a replat of Parcel 'D' of the NE1/4 SE1/4 of Section 33-75-43, City of Council Bluffs, Pottawattamie County, Iowa, subject to the comments above and the conditions below:
 1. The final plat shall be recorded within 90 days of City Council approval or the plat will become null and void unless an extension has been requested and granted by the Community Development Director.
 2. The final plat shall conform to all City standards and specifications, the zoning and subdivision ordinances, and the Department of Public Works standards for Public Improvements.
 3. The applicant shall coordinate with Lumen to identify the easement area to be reserved for access and maintenance purposes prior to execution of the final plat.
 4. No dwelling shall be located within the 190' fall zone around the existing communication tower, as shown on the final plat.
 5. All utilities shall be installed underground. Any costs to construct, remove, and/or relocate any utilities shall be the responsibility of the applicant and/or developer, not the City.
 6. All applicable permits necessary to meet local, state, and federal requirements shall be the developer's responsibility; and
- B. Approval of the request to rezone property legally described as being a replat of Parcel 'D' of the NE1/4 SE1/4 of Section 33-75-43, City of Council Bluffs, Pottawattamie County, Iowa from A-2/Parks, Estates, and Agricultural District to R-1E/Single-Family Residential Estates District, subject to the comments stated above.

Case/Project No.: Recreation Complex Facility
Maintenance Yard Upgrade, Project R23-14 &
R25-03
Submitted by: Zach Smith

Resolution 24-102
ITEM 5.B.

Council Action: 4/1/2024

Description

Resolution approving the plans, specifications, and cost estimate for the Recreation Complex Facility Maintenance Yard Upgrade Project.

Background/Discussion

The City Council approved \$375,000 for the upgrade to the Recreation Complex Facility Maintenance Yard in the FY 23 CIP and \$175,000 in the FY 25 CIP for a total funding amount of \$550,000. The upgrade will include a perimeter fence, realignment of the trail to the north of the maintenance yard, new storm water lines, new dry storage building, a turnaround constructed in the parking lot for public use, and outdoor material storage bins.

The Recreation Complex is over 20 years old and has not had significant upgrades to the facility in that time. The maintenance yard is immediately adjacent to public parking and there is no separation between the spaces. This leads to direct public access to the yard and limits the ability to create a secure maintenance yard. Soil is stored in the parking lot because there is not a dedicated space and this leaves the area unsightly.

The upgrade to the maintenance yard will create a securable space, screened from the public. A round about will also be constructed and allow the public to easily turn around and leave the parking lot without accessing the maintenance yard. It is anticipated the project will occur over late summer and be completed by late fall of 2024 with minimal impact on event schedule.

The probable cost opinion of the project is approximately \$518,750 and includes design and engineering fees. The cost opinion is within the remaining available budget of \$520,750. Approximately \$25,000 in additional reductions have been identified if bids come in higher than expected.

Recommendation

Approve resolution authorizing the Mayor to initiate the Recreation Complex Facility Maintenance Yard Upgrade Project, R23-14 & R25-03, by issuing a bid for the project.

Multi-Family Housing Development: In the prior individual plans the period of time for exemption was 4 years, we are wanting to extend the time period to 6 years for the exemption. This extension is vital to many developers when deciding to come to Council Bluffs or take their developments elsewhere. 2. Additional Area Added: The City is working with a developer to construct a 20,000 square foot new construction commercial retail car dealership that will improve the property by \$9,000,000. It is located along the South Expressway in an undeveloped parcel. There is a separate parcel that is currently being used for salvage storage that has the potential for redevelopment. These additional parcels are comprised of 6.83 acres, more or less, of land. If the South Expressway Urban Revitalization Area is approved, the project as proposed could be eligible for full exemption from taxation for three years or a ten year declining property tax abatement. 		

Council Communication

On February 26, 2024, City Council approved Resolution 24-48, which directed staff to initiate the process of consolidating the 16 urban revitalization areas and adding the South Expressway Urban Revitalization Area to the Consolidated Urban Revitalization Plan. This resolution set April 1, 2024 as the date of the public hearing.

Staff specifically asks that the Commission consider the following:

- Consolidating the 16 urban revitalization areas into one consistent and uniform plan.
- The proposed South Expressway Urban Revitalization Area furthers the goals of the City's Comprehensive Plan.
- The South Expressway Urban Revitalization Area is an area appropriate for urban revitalization designation as specified in Iowa Code Section 404.1.4, which discusses an area which is appropriate as an economic development area as defined in section 403.17. Provides that "economic development area" means an area of a municipality designated by the local governing body as appropriate for commercial and industrial enterprises or housing and residential development for low and moderate income families, including single or multi-family housing.

This matter was brought before the City Planning Commission at their February 13, 2024 meeting. The Commission found the following: 1) That the proposed Consolidated Urban Revitalization Plan furthers the goals of the City's *Bluffs Tomorrow: 2030 Plan*, which is the general plan for the development of the City of Council Bluffs; and 2) That the Consolidated Urban Revitalization Area is an area appropriate for urban revitalization as specified in Section 404.1.4.

Property owners were notified and no written correspondence was received by the Community Development Department either in support or against the proposed plan. Concurrent with the adoption of an urban revitalization plan, an ordinance establishing the consolidated urban revitalization area can be considered. Upon adoption of the area and approval of an ordinance, the City is permitted to grant tax abatement to qualified projects.

Staff Recommendation

The Community Development Department recommends approval of consolidating the 16 Urban Revitalization Areas and add the South Expressway Urban Revitalization Area and 1st consideration of the ordinance.

Planning Commission Recommendation

The Planning Commission recommended approval of the Consolidated Urban Revitalization Plan.

URBAN REVITALIZATION PLAN**

FOR THE

CITY OF COUNCIL BLUFFS, IOWA

2024

**AMENDED AND RESTATED
CONSOLIDATED URBAN REVITALIZATION PLAN
FOR THE
CITY OF COUNCIL BLUFFS, IOWA**

I. INTRODUCTION AND HISTORY

The Urban Revitalization Act, Chapter 404 of the *Code of Iowa*, is intended to encourage development, redevelopment, and revitalization within a designated area of a city by authorizing property tax development incentives to the private sector. Qualified real estate within a designated area may be eligible to receive a total or partial exemption from property taxes on improvements for a specified number of years. The primary intent of this act is to provide communities with a long-term increase or stabilization in their tax base by encouraging rehabilitation or new construction which might not otherwise have occurred.

The City Council of the City of Council Bluffs, Iowa (the “City”) has previously adopted several urban revitalization plans to establish revitalization areas within the City under the provisions of Iowa Code Chapter 404, including the following plans which currently remain in existence:

- 1st Avenue Urban Revitalization Plan, adopted by Resolution No. 13-149 on June 10, 2013
- 5th and West Broadway Urban Revitalization Plan, adopted by Resolution No. 20-135 on May 18, 2020
- 14th Avenue Urban Revitalization Plan, adopted by Resolution No. 20-134 on May 18, 2020
- 16th Avenue Urban Revitalization Plan, adopted by Resolution No. 22-09 on January 10, 2022
- 21st Avenue Urban Revitalization Plan, adopted by Resolution No. 22-124 on May 9, 2022
- American Games Urban Revitalization Plan, adopted by Resolution No. 21-312 on November 8, 2021
- Black Squirrel Flats Urban Revitalization Plan, adopted by Resolution No. 22-300 on November 28, 2022
- Bluffs Northway Urban Revitalization Plan, adopted by Resolution No. 16-243 on September 26, 2016
- College Road Urban Revitalization Plan, adopted by Resolution No. 17-230 on October 23, 2017
- Council Pointe Road Urban Revitalization Plan, adopted by Resolution No. 18-95 on March 26, 2018
- Mid-America Urban Revitalization Plan, adopted by Resolution No. 21-263 on September 13, 2021
- River Road Urban Revitalization Plan, adopted by Resolution No. 21-199 on June 28, 2021
- South Pointe Urban Revitalization Plan, adopted by Resolution No. 18-325 on November 26, 2018

- Valley View Urban Revitalization Plan, adopted by Resolution No. 17-77 on April 10, 2017
- Veterans Memorial Highway Urban Revitalization Plan, adopted by Resolution No. 20-118 on May 4, 2020
- Whispering Oaks Urban Revitalization Plan, adopted by Resolution No. 22-301 on November 28, 2022

The City Council has determined it is appropriate to consolidate these existing urban revitalization plans into a single plan. With the adoption of this Amended and Restated Consolidated Urban Revitalization Plan (the “Amended and Restated Plan” or “Plan”), the City is: (1) consolidating the existing urban revitalization plans, as listed above, into this single Amended and Restated Plan and (2) amending and restating the provisions of the existing urban revitalization plans.

Additionally, in connection with the adoption of this Plan, the City is designating a new urban revitalization area to be established as an additional revitalization area under this Amended and Restated Plan.

Upon adoption of this Amended and Restated Plan, all of the City’s previously adopted urban revitalization plans shall be amended and consolidated into this Plan, and this Amended and Restated Plan shall replace the previously adopted urban revitalization plans. In case of any conflict or uncertainty, the terms of this Amended and Restated Plan shall control. Any parts of the previously adopted urban revitalization plans in conflict with this Amended and Restated are hereby repealed.

II. DESCRIPTION OF REVITALIZATION AREAS

Each of the revitalization plans being consolidated into this Amended and Restated Plan was established for a different revitalization area that were designated by separate ordinances, respectively, as follows:

- 1st Avenue Urban Revitalization Area – Ordinance No. 6177
- 5th and West Broadway Urban Revitalization Area – Ordinance No. 6411
- 14th Avenue Urban Revitalization Area – Ordinance No. 6412
- 16th Avenue Urban Revitalization Area – Ordinance No. 6479
- 21st Avenue Urban Revitalization Area – Ordinance No. 6495
- American Games Urban Revitalization Area – Ordinance No. 6476
- Black Squirrel Flats Urban Revitalization Area – Ordinance No. 6532
- Bluffs Northway Urban Revitalization Area – Ordinance No. 6281
- College Road Urban Revitalization Area – Ordinance No. 6310
- Council Pointe Road Urban Revitalization Area – Ordinance No. 6326
- Mid-America Urban Revitalization Area – Ordinance No. 6469
- River Road Urban Revitalization Area – Ordinance No. 6464
- South Pointe Urban Revitalization Area – Ordinance No. 6375
- Valley View Urban Revitalization Area – Ordinance No. 6289
- Veterans Memorial Highway Urban Revitalization Area – Ordinance No. 6409

- Whispering Oaks Urban Revitalization Area – Ordinance No. 6533

Following the adoption of this Amended and Restated Plan, these revitalization areas shall be treated as subareas of a revitalization area known as the Council Bluffs Consolidated Revitalization Area (referred to herein as the “Revitalization Area”). The previously existing subareas of the Revitalization Area are legally described in Exhibit A attached to this Plan.

Additionally, in connection with the adoption of this Amended and Restated Plan, the City is designating a new revitalization area that will be a subarea of the Council Bluffs Consolidated Revitalization Area. This new revitalization area will be known as the South Expressway Subarea of the Council Bluffs Consolidated Revitalization Area. The South Expressway Subarea of the Revitalization Area is legally described in Exhibit B to this Plan.

Maps of the subareas of the Revitalization Area are attached as Exhibit C to this Plan.

The City may amend the land included in the Revitalization Area by adoption of future amendments to this Plan and by the adoption of additional designating ordinances or the repeal of existing designating ordinances.

III. DESIGNATION OF REVITALIZATION AREA

Iowa Code Chapter 404 provides that the City Council may designate an area of the City as a revitalization area, if that area meets any of the criteria set forth in Iowa Code Section 404.1. The subsections of Section 404.1 provide the following criteria:

1. An area in which there is a predominance of buildings or improvements, whether residential or nonresidential, which by reason of dilapidation, deterioration, obsolescence, inadequate provision for ventilation, light, air, sanitation, or open spaces, high density of population and overcrowding, the existence of conditions which endanger life or property by fire and other causes or a combination of such factors, is conducive to ill health, transmission of disease, infant mortality, juvenile delinquency or crime, and which is detrimental to the public health, safety, or welfare.
2. An area which by reason of the presence of a substantial number of deteriorated or deteriorating structures, predominance of defective or inadequate street layout, incompatible land use relationships, faulty lot layout in relation to size, adequacy, accessibility or usefulness, unsanitary or unsafe conditions, deterioration of site or other improvements, diversity of ownership, tax or special assessment delinquency exceeding the actual value of the land, defective or unusual conditions of title, or the existence of conditions which endanger life or property by fire and other causes, or a combination of such factors, substantially impairs or arrests the sound growth of a municipality, retards the provision of housing accommodations or constitutes an economic or social liability and is a menace to the public health, safety, or welfare in its present condition and use.

3. An area in which there is a predominance of buildings or improvements which by reason of age, history, architecture or significance should be preserved or restored to productive use.
4. “An area which is appropriate as an economic development area as defined in section 403.17.” [Iowa Code Section 403.17(10) provides that “economic development area” means an area of a municipality designated by the local governing body as appropriate for commercial and industrial enterprises or housing and residential development for low and moderate income families, including single or multi-family housing.]
5. “An area or an area designated as appropriate for public improvements related to housing and residential development, or construction of housing and residential development, including single or multi-family housing.”

Previously, the City has used a variety of these designations for various subareas of the Revitalization Area. With the adoption of this Amended and Restated Plan, the City is clarifying and affirming that the Revitalization Area as a whole, as described herein, including the new South Expressway Subarea of the Revitalization Area, is designated as a revitalization area meeting the criteria of Iowa Code Sections 404.1(4) and Section 404.1(5). Furthermore, the following subareas of the Revitalization Area shall continue to be designated as revitalization areas under the following additional criteria:

- 1st Avenue Urban Revitalization Area – Iowa Code Sections 404.1(1) and (3)
- 5th and West Broadway Urban Revitalization Area – Iowa Code Section 404.1(2)
- Veterans Memorial Highway Urban Revitalization Area – Iowa Code Section 404.1(2)

With the adoption of this Plan, the City Council affirms that the rehabilitation, conservation, redevelopment, economic development, or a combination thereof, of the Revitalization Area, is necessary in the interest of the public health, safety, and welfare of the residents of the City and that the Revitalization Area substantially meets the criteria established in Section 404.1 of the *Code of Iowa* for a revitalization area.

IV. EXISTING ZONING

Existing zoning classifications of the property within the Revitalization Area include:

- I-2/General Industrial
- A-2/Parks, Estates, and Agricultural
- R-3/Low Density Multifamily Residential
- P-C/Planned Commercial
- C-2/Commercial

The City’s zoning ordinance(s) and a detailed zoning map are available for public inspection at City Hall.

V. EXISTING AND PROPOSED LAND USE

Existing land use categories are the same as the zoning classifications described above.

New and expanded commercial, industrial, and residential development, including improvements to and revitalization of existing commercial, industrial, and residential structures, is proposed for the Revitalization Area, in accordance with the City's zoning ordinance(s).

VI. PROPOSALS FOR EXPANDING CITY SERVICES

No extensions or upgrades to existing municipal services or infrastructure are currently planned as part of this Plan. As development and redevelopment within the Revitalization Area warrants, municipal services within the Revitalization Area will be expanded and improved, as needed and as financially feasible, to serve new and expanded development.

VII. ELIGIBLE IMPROVEMENTS

The Plan is applicable to all of the property in the Revitalization Area assessed as residential, commercial, or industrial ("Eligible Property").

Improvements to Eligible Property, including rehabilitation and additions to any existing buildings on Eligible Property and new construction of buildings on vacant Eligible Property or on Eligible Property with existing buildings, which increase the actual assessed value of the Eligible Property by at least fifteen percent (15%) for Eligible Property assessed as commercial or industrial, or by at least ten percent (10%) for Eligible Property assessed as residential, are "Qualifying Improvements" under this Plan.

"Actual Value Added by the Qualifying Improvements" or "Actual Value Added," as used in this Plan, means the actual value added by Qualifying Improvements to the assessed value of the Eligible Property as of the first year for which the exemption is received.

All Qualifying Improvements, in order to be considered eligible for tax abatement, must be completed in conformance with all applicable ordinances and regulations for the City and must be completed during the time the Eligible Property was designated as a revitalization area (under this Amended and Restated Plan or under one of the revitalization plans consolidated into this Plan).

VIII. LIMITATION TO ELIGIBILITY FOR PROPERTY IN URBAN RENEWAL AREA

The City has established urban renewal areas that overlap with the Revitalization Area and, in the future, may establish additional urban renewal areas that overlap with the Revitalization Area. The City has a tax increment financing program within these urban renewal areas that is designed to provide incentives for development. Accordingly, a property that, in the determination of the City Council, is within an urban renewal area and is receiving either direct or indirect benefits that were financed through a tax increment financing program, shall not be eligible for tax abatement under the Plan absent specific approval from the City Council.

IX. EXEMPTIONS

The following exemption schedules are available under this Plan for Eligible Properties located within the Revitalization Area to which Qualifying Improvements are made:

Multi-Residential: All Eligible Property assessed as residential under Iowa Code Section 441.21(14)(a)(6) (requiring three or more separate dwelling units) is eligible under this Plan to receive an exemption from taxation on Qualifying Improvements as follows:

New Construction: If the Qualifying Improvements consist of the new construction of at least twelve (12) separate dwelling units, then the Eligible Property is eligible to receive an exemption from taxation in an amount equal to 100% of the Actual Value Added by the Qualifying Improvements for a period of six (6) years.

Rehabilitation of Existing Improvements: If the Qualifying Improvements consist of the rehabilitation of existing improvements containing at least three (3) separate dwelling units, then the Eligible Property is eligible to receive an exemption from taxation in an amount equal to 100% of the Actual Value Added by the Qualifying Improvements for a period of ten (10) years.

With respect to both of these exemption options, if the Eligible Property is assessed as residential, then the exemption from taxation shall not apply to property tax levies imposed by a school district for applications submitted on or after July 1, 2024, as and to the extent required by Iowa Code Section 404.3D.

Commercial or Industrial: All Eligible Property assessed as (i) commercial or (ii) industrial is eligible under this Plan to receive an exemption from taxation on Qualifying Improvements under one of the following schedules:

Three-Year Exemption: The property owner may elect to receive an exemption from taxation in an amount equal to 100% of the Actual Value Added by the Qualifying Improvements for a period of three (3) years.

Ten-Year Exemption: The property owner may elect to receive an exemption from taxation in an amount equal to a declining percentage of the Actual Value Added by the Qualifying Improvements, over a period of ten (10) years, as set forth below:

- i. For the first year, eighty percent (80%) of the Actual Value Added
- ii. For the second year, seventy percent (70%) of the Actual Value Added
- iii. For the third year, sixty percent (60%) of the Actual Value Added
- iv. For the fourth year, fifty percent (50%) of the Actual Value Added
- v. For the fifth year, forty percent (40%) of the Actual Value Added
- vi. For the sixth year, forty percent (40%) of the Actual Value Added
- vii. For the seventh year, thirty percent (30%) of the Actual Value Added
- viii. For the eighth year, thirty percent (30%) of the Actual Value Added
- ix. For the ninth year, twenty percent (20%) of the Actual Value Added
- x. For the tenth year, twenty percent (20%) of the Actual Value Added

The property owner must elect which of the above exemption options they have selected for their Eligible Property upon applying for the exemption.

X. APPLICATION PROCEDURES

Property owners must file an application, on the form provided by the City, for each new exemption claimed. The application shall be filed by the property owner with the City Council by February 1 of the assessment year for which the exemption is first claimed, but not later than the year in which all improvements included in the project are first assessed for taxation, or the following two assessment years. The application shall contain, but is not limited to the following information:

- The nature of the improvement(s);
- The cost of the improvement(s);
- Estimated or actual completion date of the improvement(s);
- The tenants that occupied the property on the date the City adopted the resolution adopting the original plan for the particular revitalization area, if known (with respect to the South Expressway Subarea, tenants that occupied the property on the date of the resolution adopting the Amended and Restated Plan); and
- Identification of which exemption option the property owner is applying for under this Plan.

Additional Requirement for Properties Assessed as Commercial: Property owners submitting applications on or after July 1, 2024 for improvements to property assessed as commercial must also enter into a written assessment agreement with the City, in substantially the form attached as Exhibit E, specifying a minimum actual value for the completed improvements, consistent with and to the extent required by the provisions of Iowa Code Chapter 404 in effect at the time the application is submitted to the City.

Property owners may submit a proposal for an improvement project to the City Council to receive prior approval for eligibility for a tax exemption on the project. The City Council shall give its prior approval if the project is in conformance with this Plan for revitalization. However, if the proposal is not approved, the owner(s) may submit an amended proposal for the City Council to approve or reject. Such prior approval shall not entitle the owner(s) to exemption from taxation until the improvements have been completed and found to be qualified for the exemption under this Plan.

XI. APPLICATION REVIEW

The City Council shall, subject to review by the County Assessor, approve all applications submitted for approval if:

1. The project, as determined by the City Council, is in conformance with this Plan and all other requirements of City Code, including, but not limited to, zoning and building code requirements; and

2. The project is located within the Revitalization Area; and
3. The improvements were made during the time the Revitalization Area was so designated.

The City Council will determine which exemption is applicable to the project (if any), subject to review by the County Assessor, based upon the terms of the Plan in effect when the application is reviewed and approved by the Council.

All approved applications shall be forwarded to the County Assessor by March 1 for review, pursuant to Iowa Code Section 404.5. The County Assessor shall make a physical review of all properties with approved applications. The County Assessor shall determine the increase in actual value for tax purposes due to the improvements and notify the applicant of the determination, which may be appealed to the local board of review pursuant to the provisions of the Iowa Code. After the initial tax exemption is granted, the County Assessor shall continue to grant the tax exemption for the time period specified on the approved application. The tax exemptions for the succeeding years shall be granted without the owner(s) having to file an application for succeeding years.

XII. OTHER SOURCES OF REVITALIZATION FUNDS

The City is not aware of a federal, state, or private grant or loan program that is permanently a source of funding for residential improvements in the Revitalization Area. However, it is not the intention of the City to prohibit the use of any other appropriate federal or state revitalization or incentive programs within the Revitalization Area. The City Council encourages all property owners to investigate other public and private funding sources for improvements to real property, and to apply to those sources which are applicable to the types of improvements being proposed.

XIII. RELOCATION PROVISIONS

The City does not anticipate the displacement or relocation of any persons, families, or businesses as a result of the improvements to be made in the Revitalization Area. However, if the relocation or displacement of a qualified tenant results from a property owner's action to qualify for a tax exemption under this Plan, upon the City's verification of such relocation or displacement, the City may require the property owner to compensate the qualified tenant for at least one month's rent and actual relocation expenses. A "qualified tenant" means the legal occupant of a residential dwelling unit which is located within the designated Revitalization Area and who has occupied the same dwelling unit continuously since one year prior to the adoption of the original plan for the revitalization area.

XIV. ASSESSED VALUATIONS AND OWNERS OF RECORD

Listings of the names and addresses of the owners of record for all real estate in the Revitalization Area, along with the assessed valuations stated separately for land and buildings for the real estate, as of the adoption dates for each of the revitalization plans consolidated into this Plan, are maintained in the office of the City Clerk.

With respect to the South Expressway Subarea, a listing of the names and addresses of the owners of record for the real estate within the subarea, as well as the assessed valuations stated separately for land and buildings for the real estate, as of the date of the Amended and Restated Plan is attached as Exhibit D.

XV. TIME FRAME

The subareas of the Revitalization Area were each established with a particular duration period. With the adoption of this Amended and Restated Plan, the City is removing the limited eligibility periods from the subareas of the Revitalization Area. Revitalization activities in the Revitalization Area shall be eligible under this Plan until the City repeals or amends the ordinance(s) establishing the Revitalization Area as a whole, or any subarea or portion of the Revitalization Area, or repeals or amends the exemption benefits contained in this Plan.

If at any time, in the opinion of the City Council, the desired level of revitalization has been attained or economic conditions are such that the continuation of the exemption granted would cease to be of benefit to the City, then, pursuant to Iowa Code Section 404.7, the City Council may repeal the ordinance(s) designating the Revitalization Area, or any subarea or portion of the Revitalization Area. Following the repeal of the ordinance(s) designating the Revitalization Area, or any subarea or portion of the Revitalization Area, all previously approved exemptions shall continue until their expiration. The City reserves the right to extend, amend, terminate, or repeal the Plan and/or the designating ordinances to the extent allowed by law.

XVI. SEVERABILITY

If any part of the Amended and Restated Plan is determined to be invalid or unconstitutional, such invalidity or unconstitutionality shall not affect the validity of the previously adopted urban revitalization plans as a whole or any part of the previously adopted urban revitalization plans, prior amendments to revitalization plans, or the Amended and Restated Plan not determined to be invalid or unconstitutional.

XVII. EFFECTIVE DATE

This Amended and Restated Plan shall be effective upon the approval of a resolution by the City Council adopting the Amended and Restated Plan (“Effective Date”).

Applications submitted under this Plan following the Effective Date shall be eligible to apply only for those exemptions contained in this Amended and Restated Plan, subject to the terms of the Plan. All exemptions awarded prior to the Effective Date shall continue until their expiration.

Consistent with Iowa Code §404.3C, a copy of Iowa Code §404.3C is attached, as follows:

1. For revitalization areas established under this chapter on or after the effective date of this division of this Act and for first-year exemption applications for property located in a revitalization area in existence on the effective date of this division of this Act filed on or after the effective date of this division of this Act, commercial property shall not receive a tax exemption under this chapter unless the city or county, as applicable, and the owner of the qualified real estate enter into a written assessment agreement specifying a minimum actual value until a specified termination date for the duration of the exemption period.

2. a. The assessment agreement shall be presented to the appropriate assessor. The assessor shall review the plans and specifications for the improvements to be made to the property and if the minimum actual value contained in the assessment agreement appears to be reasonable, the assessor shall execute the following certification upon the agreement:

The undersigned assessor, being legally responsible for the assessment of the above described property upon completion of the improvements to be made on it, certifies that the actual value assigned to that land and improvements upon completion shall not be less than\$

b. The assessment agreement with the certification of the assessor and a copy of this subsection shall be filed in the office of the county recorder of the county where the property is located. Upon completion of the improvements, the assessor shall value the property as required by law, except that the actual value shall not be less than the minimum actual value contained in the assessment agreement. This subsection does not prohibit the assessor from assigning a higher actual value to the property or prohibit the owner from seeking administrative or legal remedies to reduce the actual value assigned except that the actual value shall not be reduced below the minimum actual value contained in the assessment agreement. An assessor, county auditor, board of review, director of revenue, or court of this state shall not reduce or order the reduction of the actual value below the minimum actual value in the agreement during the term of the agreement regardless of the actual value which may result from the incomplete construction of improvements, destruction or diminution by any cause, insured or uninsured, except in the case of acquisition or reacquisition of the property by a public entity. Recording of an assessment agreement complying with this subsection constitutes notice of the assessment agreement to a subsequent purchaser or encumbrancer of the land or any part of it, whether voluntary or involuntary, and is binding upon a subsequent purchaser or encumbrancer.

RECITALS

WHEREAS, Grantor is the owner of the property legally described as:

See Attached Exhibit "A", attached hereto and made a part hereof by record (the "Property").

WHEREAS, Grantor desires to grant to Grantee an electric easement to be located on a portion of the Property and Grantee desires to accept the easement on the following terms and conditions.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. **Electric Easement.** Grantor does hereby establish, give, grant, and convey to Grantee a perpetual, non-exclusive easement under, upon, through and across the Easement Area, described on **Exhibit A** attached hereto, to construct, attach, reconstruct, operate, maintain, inspect, replace or remove electric supply line(s) for the transmission and distribution of electric energy and for communication and electrical controls, including other reasonably necessary poles, wires, conduit, duct, transformers, switching equipment, measurement and monitoring equipment, guys, guy stubs, anchors, ground rods, and further including other reasonably necessary equipment incident thereto (collectively "Facilities"), together with the right to survey the Property and the right of ingress and egress to and from same and all the rights and privileges incident and necessary to the enjoyment of this Easement. Additionally, if Grantor provides or installs duct or conduit for said Facilities, this grant shall cover and include all Facilities installed as a part of the Easement Area

2. **Erection and Placement of Structures, Obstructions, Plantings or Materials Prohibited.** Grantor shall not construct or place any permanent or temporary buildings, pavement, hardscape, structures, fences, trees, plants or other objects on or within the Easement Area without prior written permission from Grantee indicating that said construction or placement will not result in inadequate or excessive ground cover, or otherwise interfere with the Grantee's rights to operate and maintain its Facilities, nor shall Grantor cause or permit any obstruction or material to be placed on or within the Easement Area which violates the clearance requirements of the National Electrical Safety Code and/or the rules of the Iowa Utilities Board. No brush, vegetation or other flammable materials shall be deposited, placed, accumulated, or burned within the Easement Area. Subject to the rights of Grantee granted in this Easement, Grantor shall have the right to cultivate, use, and occupy the Property.
3. **Change of Grade Prohibited.** Grantor shall not change the grade, elevation or contour of any part of the Easement Area without prior written consent from Grantee, nor shall Grantor place or install any rocking, paving or other hardscape materials in the Easement Area without prior written consent from Grantee. Grantee shall have the right to restore any changes in grade, elevation or contour without prior written consent of Grantor.
4. **Violations by Grantor.** In the event Grantor, its successors, assigns, contractors, employees, or agents violates Section 2 or 3 above or otherwise commits an intentional or negligent act, which results in damage to Grantee's Facilities or the Easement Area, Grantor shall be solely responsible for all costs associated with the repair, reconstruction, replacement, and/or work to the Easement Area and Grantee's Facilities.
5. **Right of Access and Removal.** Grantee shall have the right of access to the Easement Area and have all rights of ingress and egress reasonably necessary for the use and enjoyment of the Easement Area from property adjacent thereto. Grantee shall have the right to remove, trim, spray, or cut down any unauthorized fences, hardscape, structures, trees, shrubs, branches, saplings, brush, vegetation, or other obstructions within, upon, across, along, adjacent to and overhanging the Easement Area that may interfere with the proper construction, maintenance, operation or removal of Grantee's Facilities.
6. **Property to be Restored.** Grantee shall repair or pay for any damage which may be caused to crops, fences, or other property, real or personal of the Grantor by Grantee's construction, reconstruction, maintenance, operation, replacement or removal of Grantee's Facilities (except for damage to property placed subsequent to the granting of this easement). For any such repairs required to be made by Grantee hereunder, Grantee agrees to repair such damaged property to the approximate condition of such property existing immediately before being damaged, to the extent reasonably practicable. The cutting, recutting, trimming and removal of trees, branches, saplings, brush or other vegetation on or adjacent to the Easement Area is expected and not considered damage to the Grantor.
7. **Easement Runs with the Land.** This Easement shall be deemed perpetual and to run with the land. All provisions of this Easement, including benefits and burdens, shall run with the Property and are binding upon and inure to the heirs, assigns, successors, tenants, and personal representatives of the Parties hereto.

Parties may sign and deliver this Easement by facsimile, electronic, or PDF signatures, each such signature to be treated as an original.
15. **Entire Agreement.** It is mutually understood and agreed that this Easement covers all of the agreements and stipulations between the parties and that no representations or statements, oral or written, have been made modifying or changing the terms hereof.

<p style="text-align: center;">Subject/Title</p> <p>Amendment to restate and consolidate the 16 current urban revitalization areas and add an additional area, South Expressway Urban Revitalization Area.</p>		
<p style="text-align: center;">Background/Discussion</p> <p><u>Background</u></p> <p>Chapter 404 of the Iowa Code authorizes a City to designate an area as an urban revitalization area. Improvements to qualified real estate within designated areas may then be eligible to receive a total or partial exemption from property taxes for a specified number of years. The exemptions are intended to stimulate private investment by reducing the tax increase that would normally result from making improvements to real estate property.</p> <p>Urban revitalization tax abatement incentives can apply to residential, commercial and industrial development. Both new construction on vacant or unimproved land and rehabilitation of existing structures are eligible for tax abatement.</p> <p>Staff has prepared a Consolidated Urban Revitalization Plan, including South Expressway Urban Revitalization Area, in accordance with Chapter 404 of the Iowa Code and has scheduled the matter for City Council consideration.</p> <p><u>Discussion</u></p> <p>The Community Development Department has created a Consolidated Urban Revitalization Plan. The consolidated plan includes the 16 current urban revitalization area plans that are in effect and adds the South Expressway Urban Revitalization Plan. Consolidating the 16 urban revitalization plans into one will make all the plans consistent and easier to update in the future.</p> <p>Two updates are included in the Consolidated Urban Revitalization Plan:</p> <ol style="list-style-type: none"> 1. Multi-Family Housing Development: In the prior individual plans the period of time for exemption was 4 years, we are wanting to extend the time period to 6 years for the exemption. This extension is vital to many developers when deciding to come to Council Bluffs or take their developments elsewhere. 2. Additional Area Added: The City is working with a developer to construct a 20,000 square foot new construction commercial retail car dealership that will improve the property by \$9,000,000. It is located along the South Expressway in an undeveloped parcel. There is a separate parcel that is currently being used for salvage storage that has the potential for redevelopment. These additional parcels are comprised of 6.83 acres, more or less, of land. If the South Expressway Urban Revitalization Area is approved, the project as proposed could be eligible for full exemption from taxation for three years or a ten year declining property tax abatement. 		

Council Communication

On February 26, 2024, City Council approved Resolution 24-48, which directed staff to initiate the process of consolidating the 16 urban revitalization areas and adding the South Expressway Urban Revitalization Area to the Consolidated Urban Revitalization Plan. This resolution set April 1, 2024 as the date of the public hearing.

Staff specifically asks that the Commission consider the following:

- Consolidating the 16 urban revitalization areas into one consistent and uniform plan.
- The proposed South Expressway Urban Revitalization Area furthers the goals of the City's Comprehensive Plan.
- The South Expressway Urban Revitalization Area is an area appropriate for urban revitalization designation as specified in Iowa Code Section 404.1.4, which discusses an area which is appropriate as an economic development area as defined in section 403.17. Provides that "economic development area" means an area of a municipality designated by the local governing body as appropriate for commercial and industrial enterprises or housing and residential development for low and moderate income families, including single or multi-family housing.

This matter was brought before the City Planning Commission at their February 13, 2024 meeting. The Commission found the following: 1) That the proposed Consolidated Urban Revitalization Plan furthers the goals of the City's *Bluffs Tomorrow: 2030 Plan*, which is the general plan for the development of the City of Council Bluffs; and 2) That the Consolidated Urban Revitalization Area is an area appropriate for urban revitalization as specified in Section 404.1.4.

Property owners were notified and no written correspondence was received by the Community Development Department either in support or against the proposed plan. Concurrent with the adoption of an urban revitalization plan, an ordinance establishing the consolidated urban revitalization area can be considered. Upon adoption of the area and approval of an ordinance, the City is permitted to grant tax abatement to qualified projects.

Staff Recommendation

The Community Development Department recommends approval of consolidating the 16 Urban Revitalization Areas and add the South Expressway Urban Revitalization Area and 1st consideration of the ordinance.

Planning Commission Recommendation

The Planning Commission recommended approval of the Consolidated Urban Revitalization Plan.

<p>Subject/Title</p> <p>Request: Public hearing on the request of Just Wright Investments LLC, represented by Deborah Petersen, to amend Section 15.09.030 of the Council Bluffs Municipal Code by adding 'boarding, lodging, rooming house or bed and breakfast' as a conditional use in the R-2/Two-Family Residential District.</p>		
<p>Background</p> <p>The Community Development Department has received a request from Just Wright Investments LLC, represented by Deborah Petersen, to amend Section 15.09.030 of the Council Bluffs Municipal Code by adding 'boarding, lodging, rooming house or bed and breakfast' as a conditional use in the R-2/Two-Family Residential District. The purpose of this request is to allow the applicant to operate a faith-based rooming house for individuals recovering from substance abuse on property addressed at 424 North 1st Street, which is currently zoned R-2/Two-Family Residential District. If the proposed text amendment is approved, the applicant will be required to obtain a conditional use permit from the Zoning Board of Adjustment for the proposed use.</p> <p>All City Departments and local utilities were notified of the proposed text amendment. The following comments were received:</p> <ul style="list-style-type: none"> A. The Council Bluffs Permits and Inspections Division and the Council Bluffs Fire Department stated that the proposed rooming house at 424 North 1st Street would be acceptable per the Building and Fire Codes provided the number of residents is limited to five. B. The Council Bluffs Public Works Department stated that they have no comments on the request. C. The Council Bluffs Parks and Recreation Department stated that they have no comments on the request. D. The Council Bluffs Police Department stated that they have no objections to the request. They also noted that if residents of the rooming house require a high level of care, it may lead to heightened calls for service and complaints from neighbors should the facility not be suited to the residents' needs. E. Council Bluffs Water Works stated that they have no comments on the request. F. MidAmerican Energy Company stated that they have conflicts or concerns on the request. 		

Discussion

- A. As per Section 17.01.010 of the Council Bluffs Municipal Code, a ‘boarding, lodging, rooming house or bed and breakfast’ is defined as “any dwelling or that part of any dwelling containing one or more rooming units in which space is let by the owner or operator to one or more roomers.”
- B. The R-2/Two-Family Residential District is intended to provide for a medium-density residential neighborhood in established and developing areas of the community, and is primarily comprised of one- and two-family structures.
- C. ‘Boarding, lodging, rooming house or bed and breakfast’ is a principal use in the R-3/Low Density Multifamily Residential District, the R-4/High Density Multifamily Residential District, and the A-P/Administrative-Professional District. If the proposed text amendment were approved, ‘boarding, lodging, rooming house or bed and breakfast’ would be allowed as a conditional use in the R-2 District, and thus would require the issuance of a conditional use permit by the Zoning Board of Adjustment.
- D. The Community Development Department finds that ‘boarding, lodging, rooming house or bed and breakfast’ can be a compatible land use with the R-2 District as such use can be an adaptive reuse of existing residential structures previously used for single- and two-family uses, provided all applicable building and fire code requirements are met. In the case of new construction, a ‘boarding, lodging, rooming house or bed and breakfast’ can be developed to a similar scale and size of surrounding single- and two-family residential uses. Furthermore, allowing such use as a conditional use in the R-2 District provides the opportunity to establish additional site development, off-street parking, landscaping, and screening/buffering standards in order to ensure compatibility with surrounding residential development.

Recommendation

The Community Development Department recommends approval of the request to amend Section 15.09.030 of the Council Bluffs Municipal Code by adding ‘boarding, lodging, rooming house or bed and breakfast’ as a conditional use in the R-2/Two-Family Residential District.

Resolution 24-105
ITEM 9.A.

Council Action: 4/1/2024

Description

Resolution authorizing the Mayor and City Clerk to execute an agreement with HGM Associates Inc. for engineering services in connection with the West Graham Reconstruction. PW25-10

Background/Discussion

West Graham Avenue is in need of reconstruction. The project extends approximately 1,360 feet in length, from High Street to Fairmount Avenue. This street segment is a boulevard with a 30-foot wide raised median with trees, located within an existing right-of-way of 100-feet. West Graham extends east – west with a single lane of travel in each direction and parallel parking allowed along the outside curbs in most locations. It is a residential area with houses fronting the street, with the majority having individual driveways. West Graham is a collector roadway that serves as a connection to East Graham and S. 1st Street.

It is likely that the original construction of West Graham Avenue dates to 1907, the same time Fairmount Avenue was constructed. The roadway and utilities are old, in poor condition, and are due for replacement.

The project will include new street pavement and sidewalks, drainage improvements, and new sanitary sewers. It is likely that the Council Bluffs Water Works will replace their water main. The other utilities in the area will also be investigated for replacement with the project.

During design, an alternatives analysis will be completed to review options for a new roadway typical section.

This Federal-aid project was included in the FY25 CIP and includes a budget of \$2,405,000 in STBG funds and \$1,250,000 in Local Option Sales Tax funds.

HGM Associates Inc. was selected as the most qualified to perform the work for this project. They have a clear understanding of the project, and can assist the City with the Iowa DOT Federal-aid process. HGM has proposed a team of qualified staff that can successfully complete this challenging project.

Recommendation

Approval of this resolution to enter into an agreement with HGM for engineering services for the West Graham Reconstruction project.

The payroll cost will be determined by multiplying actual payroll times 1.4612.

C. GENERAL CONDITIONS:

1. Ownership of Documents:

Both parties agree that the ownership of documents prepared by the ENGINEER at the direction of the CONTRACTING AUTHORITY, including specifications, drawings, maps, plats, and other related documents, shall be and remain property of the CONTRACTING AUTHORITY; and further, that such right in the CONTRACTING AUTHORITY shall not preclude the right of the ENGINEER to make and retain copies of same, to which copies ENGINEER shall have full right of ownership.

2. Termination of Agreement:

This agreement, or any portion thereof, may be terminated immediately upon written notice by the CONTRACTING AUTHORITY. In event such Notice of Termination shall be given by the CONTRACTING AUTHORITY, the payment for unbilled Engineering Services for work performed prior to the date of termination shall be determined by multiplying the ENGINEER'S payroll cost times 2.19, plus outside expense.

3. Revision of Completed Documents of Service:

Drafts of documents of service shall be submitted to the CONTRACTING AUTHORITY by the ENGINEER for review and comment. The comments received from the CONTRACTING AUTHORITY and the reviewing agencies shall be incorporated by the ENGINEER prior to submission of the final work product by the ENGINEER. Documents of service revised in accordance with review comments shall constitute "satisfactorily completed and accepted work." Requests for changes on documents of service by the CONTRACTING AUTHORITY shall be in writing. In the event there are no comments from the CONTRACTING AUTHORITY or reviewing agencies to be incorporated by the ENGINEER into the final document of service, the CONTRACTING AUTHORITY shall immediately notify the ENGINEER, in writing, that the document of service is considered to constitute "satisfactorily completed and accepted work."

In the event that the document of service prepared by the ENGINEER is found to be inadequate and revision or reworking of the document of service is necessary, the ENGINEER agrees that it shall do such revising without expense to the CONTRACTING AUTHORITY, even though final payment may have been received. The ENGINEER must give immediate attention to these changes so there will be a minimum of delay in the project.

Should the CONTRACTING AUTHORITY find it desirable to have previously satisfactorily completed and accepted document of service or parts thereof revised, the ENGINEER shall make such revisions if requested and directed by the CONTRACTING AUTHORITY in writing. This work will be paid for as provided in Section II.B.6.

4. Extra Work/Changes in Scope:

If the ENGINEER is of the opinion that any work it has been directed to perform is beyond the scope of this Agreement, and constitutes "Extra Work," the ENGINEER shall promptly notify the CONTRACTING AUTHORITY in writing to that effect. In the event that the CONTRACTING AUTHORITY determines that such work does constitute "Extra Work," the CONTRACTING AUTHORITY shall provide extra compensation to the ENGINEER as provided in Section II.B.6. or at a negotiated lump sum. Unless written approval from the CONTRACTING AUTHORITY for "Extra Work" has been secured in advance from the ENGINEER, no claims will be allowed. However, the CONTRACTING AUTHORITY shall have benefit of the service rendered.

1. Compliance with Regulations: The Engineer shall comply with the Regulations relative to nondiscrimination in federally-assisted programs of the Department of Transportation (hereinafter, "DOT") Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the “Regulations”), which are herein incorporated by reference and made a part of this contract.
2. The Engineer shall not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix “B” of the Regulations.
3. Solicitations for Subcontracts, Including Procurement of Materials and Equipment: In all solicitations either by competitive bidding or negotiation made by the Engineer for work to be performed under a subcontract, including procurement of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the Engineer of the Engineer's obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, color, national origin, sex, age, or disability.

5. Sanctions for Noncompliance: In the event of the Engineer’s noncompliance with the nondiscrimination provisions of this contract, the City of Council Bluffs shall impose such contract sanctions as it, the Iowa Department of Transportation or the Federal Highway Administration may determine to be appropriate, including, but not limited to:

6. Incorporation of Provisions: The Engineer shall include the provisions of Paragraphs (1) through (6) in every subcontract, including procurement of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto. The Engineer shall take such action with respect to any subcontract or procurement as the City of Council Bluffs, the Iowa Department of Transportation or the Federal Highway Administration may direct as a means of enforcing such provisions including sanctions for non-compliance; provided, however, that, in the event an engineer becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the Engineer may request the City of Council Bluffs or the Iowa Department of Transportation to enter into such litigation to protect the interests of the City of Council Bluffs or the Iowa Department of Transportation; and, in addition, the Engineer may request the United States to enter into such litigation to protect the interests of the United States.

ADJUSTMENT TO SERIES 2024B BOND MATURITY AMOUNTS

The aggregate principal amount of the Series 2024B Bonds, and each scheduled maturity thereof, are subject to increase or reduction by the City or its designee after the determination of the successful bidder. The City may increase or decrease each maturity in increments of \$5,000 but the total amount to be issued will not exceed \$2,900,000. Interest rates specified by the successful bidder for each maturity will not change. Final adjustments shall be in the sole discretion of the City.

The dollar amount of the purchase price proposed by the successful bidder will be changed if the aggregate principal amount of the Series 2024B Bonds is adjusted as described above. Any change in the principal amount of any maturity of the Series 2024B Bonds will be made while maintaining, as closely as possible, the successful bidder's net compensation, calculated as a percentage of bond principal. INTEREST ON THE SERIES 2024B BONDS

Interest on the Series 2024B Bonds will be payable on December 1, 2024 and semiannually on the 1st day of June and December thereafter. Interest and principal shall be paid to the registered holder of a Series 2024B Bond as shown on the records of ownership maintained by the Registrar as of the 15th day of the month (whether or not a business day) preceding such interest payment date (the “Record Date”). Interest will be computed on the basis of a 360-day year of twelve 30-day months and will be rounded pursuant to rules of the Municipal Securities Rulemaking Board.

NO OPTIONAL REDEMPTION OF THE SERIES 2024B BONDS

The Series 2024B Bonds will NOT be subject to early redemption.

TERM BOND OPTION

For each respective series of Bonds, bidders shall have the option of designating the Bonds as serial bonds or term bonds, or both. The bid must designate whether each of the principal amounts shown above represent a serial maturity or a mandatory redemption requirement for a term bond maturity. (See the OFFICIAL BID FORM for the Bonds for more information.) In any event, the above principal amount scheduled shall be represented by either serial bond maturities or mandatory redemption requirements, or a combination of both.

GOOD FAITH DEPOSITS

A good faith deposit in the amount of \$239,600 for the Series 2024A Bonds and \$28,000 for the Series 2024B Bonds (collectively, the “Deposits”) is required from the lowest bidder(s) only for each respective series of the Bonds. The lowest bidder(s) are required to submit such Deposits, payable to the order of the City, not later than 12:00 P.M., Central Time, on the day of sale of the Bonds and in the form of either (i) a cashier’s check provided to the City or its Municipal Advisor, or (ii) a wire transfer as instructed by the City’s Municipal Advisor. If not so received, the bid of the lowest bidder may be rejected and the City may direct the second lowest bidder to submit a deposit and thereafter may award the sale of the Bonds to the same. No interest on the Deposits will accrue to the successful bidder(s) (the “Purchaser(s)”). The Deposits will be applied to the purchase price of each respective series of the Bonds. In the event a Purchaser(s) fails to honor its accepted bid proposal, the applicable deposit will be retained by the City.

FORM OF BIDS AND AWARD

All bids shall be unconditional for the Bonds for a price not less than \$23,720,400 for the Series 2024A Bonds and \$2,783,200 for the Series 2024B Bonds, plus accrued interest, and shall specify the rate or rates of interest in conformity to the limitations set forth under the “BIDDING PARAMETERS” section herein. Bids must be submitted on or in substantial compliance with the OFFICIAL BID FORMS provided by the City. The Bonds will be awarded to the bidder(s) offering the lowest interest rate to be determined on a true interest cost (the “TIC”) basis assuming compliance with the “ESTABLISHMENT OF ISSUE PRICE” and “GOOD FAITH DEPOSITS” sections herein. The TIC shall be determined by the present value method, i.e., by ascertaining the semiannual rate, compounded semiannually, necessary to discount to present value as of the dated date of each respective series of the Bonds, the amount payable on each interest payment date and on each stated maturity date or earlier mandatory redemption, so that the aggregate of such amounts will equal the aggregate purchase price offered therefore. The TIC shall be stated in terms of an annual percentage rate and shall be that rate of interest, which is twice the semiannual rate so ascertained (also known as the Canadian Method). The TIC shall be as determined by the Municipal Advisor based on the TERMS OF OFFERING and all amendments, and on the bids as submitted. The Municipal Advisor’s computation of the TIC of each bid shall be controlling. In the event of tie bids for the lowest TIC, the Bonds will be awarded by lot.

The City will reserve the right to (i) waive non-substantive informalities of any bid or of matters relating to the receipt of bids and award of the Bonds, (ii) reject all bids without cause, and (iii) reject any bid which the City determines to have failed to comply with the terms herein.

BIDDING PARAMETERS

For each respective series of the Bonds, each bidder’s proposal must conform to the following limitations:

1. For each respective series, each annual maturity must bear a single rate of interest from the dated date of the Bonds to the date of maturity.
2. Rates of interest bid must be in multiples of one-eighth or one-twentieth of one percent.
3. The initial price to the public for each maturity must be 98% or greater.

RECEIPT OF BIDS

Forms of Bids: Bids must be submitted on or in substantial compliance with the TERMS OF OFFERING and OFFICIAL BID FORMS provided by the City or through PARITY[®] competitive bidding system (the “Internet Bid System”). Neither the City nor its agents shall be responsible for malfunction or mistake made by any person, or as a result of the use of the Internet Bid System or any other means used to deliver or complete a bid. The use of such facilities or means is at the sole risk of each prospective bidder who shall be bound by the terms of the bid as received.

No bid will be accepted after the time specified in the TERMS OF OFFERING and OFFICIAL BID FORMS. The time as maintained by the Internet Bid System shall constitute the official time with respect to all bids submitted. A bid may be withdrawn before the bid deadline using the same method used to submit the bid. If more than one bid is received from a bidder, the last bid received shall be considered.

Sealed Bidding: Sealed bids may be submitted and will be received at the office of the Director of Finance at City Hall, 209 Pearl Street, Council Bluffs, Iowa 51503.

Electronic Internet Bidding: Electronic internet bids will be received at the office of the Director of Finance at City Hall, 209 Pearl Street, Council Bluffs, Iowa 51503, and at the office of the City’s Municipal Financial Advisor, PFM Financial Advisors LLC, 801 Grand Avenue, Suite 3300, Des Moines, Iowa 50309. Electronic internet bids must be submitted through the Internet Bid System. Information about the Internet Bid System may be obtained by calling 212-849-5021.

Each prospective bidder shall be solely responsible for making necessary arrangements to access the Internet Bid System for purposes of submitting its internet bid in a timely manner and in compliance with the requirements of the TERMS OF OFFERING and OFFICIAL BID FORMS. The City is permitting bidders to use the services of the Internet Bid System solely as a communication mechanism to conduct the electronic internet bidding and the Internet Bid System is not an agent of the City. Provisions of the TERMS OF OFFERING and OFFICIAL BID FORMS shall control in the event of conflict with information provided by the Internet Bid System.

BOOK-ENTRY-ONLY ISSUANCE

The Bonds will be issued by means of a book-entry-only system with no physical distribution of bond certificates made to the public. The Bonds will be issued in fully registered form and one bond certificate, representing the aggregate principal amount of the Bonds maturing in each year will be registered in the name of Cede & Co. as nominee of The Depository Trust Company (“DTC”), New York, New York, which will act as securities depository of the Bonds. Individual purchases of the Bonds may be made in the principal amount of \$5,000 or any multiple thereof of a single maturity through book entries made on the books and records of DTC and its participants. Principal and interest are payable by the Registrar to DTC or its nominee as registered owner of the Bonds. Transfer of principal and interest payments to participants of DTC will be the responsibility of DTC; transfer of principal and interest payments to beneficial owners by participants will be the responsibility of such participants and other nominees of beneficial owners. The Purchaser, as a condition of delivery of the Bonds, will be required to deposit the bond certificates with DTC.

MUNICIPAL BOND INSURANCE AT PURCHASER’S OPTION

If the Bonds qualify for issuance of any policy of municipal bond insurance or commitment therefore at the option of the bidder(s), the purchase of any such insurance policy or the issuance of any such commitment shall be at the sole option and expense of the Purchaser(s). Any increased costs of issuance of the Bonds resulting from such purchase of insurance shall be paid by the Purchaser(s), except that, if the City has requested and received a rating on the Bonds from a rating agency, the City will pay that initial rating fee. Any other rating agency fees shall be the responsibility of the Purchaser(s). Failure of the municipal bond insurer to issue the policy after the Bonds have been awarded to the Purchaser(s) shall not constitute cause for failure or refusal by the Purchaser(s) to accept delivery on the Bonds. The City reserves the right in its sole discretion to accept or deny changes to the financing documents requested by the insurer selected by the Purchaser(s).

DELIVERY

The Bonds will be delivered to the Purchaser(s) via Fast Automated Securities Transfer delivery with the Registrar holding the Bonds on behalf of DTC, against full payment in immediately available cash or federal funds. The Bonds are expected to be delivered within forty-five days after the sale. Should delivery be delayed beyond sixty days from the date of sale for any reason except failure of performance by the Purchaser(s), the Purchaser(s) may withdraw their bid and thereafter their interest in and liability for the Bonds will cease. When the Bonds are ready for delivery, the City will give the Purchaser(s) five working days' notice of the delivery date and the City will expect payment in full on that date; otherwise, reserving the right at their option to determine that the Purchaser(s) failed to comply with the offer of purchase.

ELECTRONIC TRANSCRIPTS

Purchaser(s) consent to the receipt of electronic transcripts and acknowledges the City's intended use of electronically executed documents. Iowa Code chapter 554D establishes electronic signatures have the full weight and legal authority as manual signatures.

ESTABLISHMENT OF ISSUE PRICE – SERIES 2024A BONDS

The Purchaser shall assist the City in establishing the issue price of the Series 2024A Bonds and shall execute and deliver to the City at closing an "issue price" or similar certificate setting forth the reasonably expected initial offering price to the public or the sales price or prices of the Series 2024A Bonds, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto in "EXHIBIT 1 - FORMS OF ISSUE PRICE CERTIFICATES – SERIES 2024A BONDS" to the TERMS OF OFFERING, with such modifications as may be appropriate or necessary in the reasonable judgment of the Purchaser, the City and Bond Counsel, will need to be signed by the Purchaser. All actions to be taken by the City under the TERMS OF OFFERING to establish the issue price of the Series 2024A Bonds may be taken on behalf of the City by the Municipal Advisor identified herein and any notice or report to be provided to the City may be provided to the Municipal Advisor.

The City intends the provisions of Treasury Regulation Section 1.148-1(f)(3)(i) (defining "competitive sale" for purposes of establishing the issue price of the Series 2024A Bonds) will apply to the initial sale of the Series 2024A Bonds (the "competitive sale requirements") because (i) the City shall disseminate this TERMS OF OFFERING to potential underwriters in a manner that is reasonably designed to reach potential underwriters, (ii) all bidders shall have an equal opportunity to bid, (iii) the City may receive bids from at least three underwriters of municipal bonds who have established industry reputations for underwriting new issuances of municipal bonds, and (iv) the City anticipates awarding the sale of the Series 2024A Bonds to the bidder who submits a firm offer to purchase the Series 2024A Bonds at the highest price (or lowest interest cost), as set forth in the TERMS OF OFFERING.

Any bid submitted pursuant to the TERMS OF OFFERING shall be considered a firm offer for the purchase of the Series 2024A Bonds, as specified in the bid.

In the event the competitive sale requirements are not satisfied for the Series 2024A Bonds, the City shall so advise the Purchaser. The City may determine to treat (i) the first price at which 10% of a maturity of the Series 2024A Bonds (the "10% test") is sold to the public as the issue price of that maturity, and/or (ii) the initial offering price to the public as of the sale date of any maturity of the Series 2024A Bonds as the issue price of that maturity (the "hold-the-offering-price rule"), in each case applied on a maturity-by-maturity basis (and if different interest rates apply within a maturity, to each separate CUSIP number within that maturity). The Purchaser shall advise the City if any maturity of the Series 2024A Bonds satisfies the 10% test as of the date and time of the award of the Series 2024A Bonds. The City shall promptly advise the Purchaser, at or before the time of award of the Series 2024A Bonds, which maturities of the Series 2024A Bonds, if any, shall be subject to the 10% test or shall be subject to the hold-the-offering-price rule. Bids will not be subject to cancellation in the event the City determines to apply the hold-the-offering-price rule to any maturity of the Series 2024A Bonds. **Prospective bidders should prepare their bids on the assumption that some or all of the maturities of the Series 2024A Bonds will be subject to the hold-the-offering-price rule in order to establish the issue price of the Series 2024A Bonds.**

By submitting a bid, the Purchaser shall (i) confirm the underwriters have offered or will offer the Series 2024A Bonds to the public on or before the date of award at the offering price or prices (the "initial offering price"), or at the

corresponding yield or yields, set forth in the bid submitted by the Purchaser, and (ii) agree, on behalf of the underwriters participating in the purchase of the Series 2024A Bonds, that the underwriters will neither offer nor sell unsold Series 2024A Bonds of any maturity to which the hold-the-offering-price rule shall apply to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following (a) the close of the fifth (5th) business day after the sale date, or (b) the date on which the underwriters have sold at least 10% of that maturity of the Series 2024A Bonds to the public at a price that is no higher than the initial offering price to the public.

The Purchaser shall promptly advise the City when the underwriters have sold 10% of that maturity of the Series 2024A Bonds to the public at a price that is no higher than the initial offering price to the public, if that occurs prior to the close of the fifth (5th) business day after the sale date.

The City acknowledges that in making the representation set forth above, the Purchaser will rely on (i) the agreement of each underwriter to comply with the hold-the-offering-price rule, as set forth in an agreement among underwriters and the related pricing wires, (ii) in the event a selling group has been created in connection with the initial sale of the Series 2024A Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the hold-the-offering-price rule, as set forth in a selling group agreement and the related pricing wires, and (iii) in the event, an underwriter is a party to a retail distribution agreement that was employed in connection with the initial sale of the Series 2024A Bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the hold-the-offering-price rule, as set forth in the retail distribution agreement and the related pricing wires. The City further acknowledges that each underwriter shall be solely liable for its failure to comply with its agreement regarding the hold-the-offering-price rule and that no underwriter shall be liable for the failure of any other underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a retail distribution agreement to comply with its corresponding agreement regarding the hold-the-offering-price rule as applicable to the Series 2024A Bonds.

By submitting a bid, each bidder confirms that (i) any agreement among underwriters, any selling group agreement and each retail distribution agreement (to which the bidder is a party) relating to the initial sale of the Series 2024A Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such retail distribution agreement, as applicable, to (a) report the prices at which it sells to the public the unsold Series 2024A Bonds of each maturity allotted to it until it is notified by the Purchaser that either the 10% test has been satisfied as to the Series 2024A Bonds of that maturity or all Series 2024A Bonds of that maturity have been sold to the public, and (b) comply with the hold-the-offering-price rule, if applicable, in each case if and for so long as directed by the Purchaser and as set forth in the related pricing wires; and (ii) any agreement among underwriters relating to the initial sale of the Series 2024A Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter that is a party to a retail distribution agreement to be employed in connection with the initial sale of the Series 2024A Bonds to the public to require each broker-dealer that is a party to such retail distribution agreement to (a) report the prices at which it sells to the public the unsold Series 2024A Bonds of each maturity allotted to it until it is notified by the Purchaser or such underwriter that either the 10% test has been satisfied as to the Series 2024A Bonds of that maturity or all Series 2024A Bonds of that maturity have been sold to the public, and (b) comply with the hold-the-offering-price rule, if applicable, in each case if and for so long as directed by the Purchaser or such underwriter and as set forth in the related pricing wires.

Sales of any Series 2024A Bonds to any person that is a related party to an underwriter shall not constitute sales to the public for purposes of this TERMS OF OFFERING. Further, for purposes of this TERMS OF OFFERING, (i) “public” means any person other than an underwriter or a related party, (ii) “underwriter” means (a) any person that agrees pursuant to a written contract with the City (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Series 2024A Bonds to the public, and (b) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (a) to participate in the initial sale of the Series 2024A Bonds to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Series 2024A Bonds to the public); (iii) a Purchaser of any of the Series 2024A Bonds is a “related party” to an underwriter if the underwriter and the Purchaser are subject, directly or indirectly, to (a) at least 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (b) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (c) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable,

if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other); and (iv) “sale date” means the date that the Series 2024A Bonds are awarded by the City to the Purchaser.

OFFICIAL STATEMENT

The City has authorized the preparation of this Preliminary Official Statement containing pertinent information relative to the Bonds. The Preliminary Official Statement will be further supplemented by offering prices, interest rates, selling compensations, aggregate principal amounts, principal amounts per maturity, anticipated delivery date, and underwriters, together with any other information required by law or deemed appropriate by the City, shall constitute a final Official Statement of the City with respect to the Bonds, as that term is defined in Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (the “Rule”). By awarding the Bonds to any underwriter or underwriting syndicate submitting an OFFICIAL BID FORM therefore, the City agrees that, no more than seven (7) business days after the date of such award, it shall provide without cost to the senior managing underwriter of the syndicate to which each respective series of the Bonds are awarded up to 10 copies of the final Official Statement to permit each “Participating Underwriter” (as that term is defined in Rule) to comply with the provisions of such Rule. The City shall treat the senior managing underwriter of the syndicate to which each respective series of the Bonds are awarded as its designated agent for purposes of distributing copies of the final Official Statement to the Participating Underwriter. Any underwriter executing and delivering an OFFICIAL BID FORM with respect to the Bonds agrees thereby that if its bid is accepted by the City, (i) it shall accept such designation and (ii) it shall enter into a contractual relationship with all Participating Underwriters of the Bonds for purposes of assuring the receipt by each such Participating Underwriter of the final Official Statement.

CONTINUING DISCLOSURE

The City will covenant in a Continuing Disclosure Certificate for the benefit of the owners and beneficial owners of the Bonds to provide annually certain financial information and operating data relating to the City (the “Annual Report”), and to provide notices of the occurrence of certain enumerated events. The Annual Report is to be filed by the City not later than two hundred seventy (270) days after the close of each fiscal year, commencing with the Fiscal Year ending June 30, 2024, with the Municipal Securities Rulemaking Board, at its internet repository named “Electronic Municipal Market Access” (“EMMA”). The notices of events, if any, are also to be filed with EMMA. See FORM OF CONTINUING DISCLOSURE CERTIFICATE included in APPENDIX D to this Preliminary Official Statement. The specific nature of the information to be contained in the Annual Report or the notices of events, and the manner in which such materials are to be filed, are summarized in the FORM OF CONTINUING DISCLOSURE CERTIFICATE. These covenants have been made in order to assist the the Purchaser(s) in complying with SEC Rule 15c2-12(b)(5) (the “Rule”).

Pursuant to the Rule, the City noes the following in the last five years related to its prior disclosure covenants:

The City’s timely filed Annual Comprehensive Financial Report (“ACFR”) and Financial and Operating Report for Fiscal Year ended June 30, 2021 (filed on January 18, 2022 and January 25, 2022, respectively, were not linked to the City’s Series 2021A and Series 2021B Bonds. The base CUSIP changed for the 2021A and 2021B issues, which was not captured on the original filings. The ACFR and Financial and Operating Report for Fiscal Year ending June 30, 2021 were linked to the updated CUSIPS for Series 2021A and 2021B Bonds on April 4, 2022 (less than 10 days after the filing deadline). A failure to file notice was also posted at that time. Though otherwise timely available on EMMA under the City’s CUSIP, the City failed to timely file or otherwise link its ACFR for the Fiscal Year ended June 30, 2022 to the Iowa Finance Authority Economic Development Revenue Bonds (the Marketplace Project – City of Council Bluffs, Iowa Annual Appropriation Tax Increment Revenues) Series 2015 (CUSIP: 46246M) (the “2015 IFA Bonds”). The report was posted on July 12, 2023. Semi-Annual Reports required under the 2015 IFA Bonds filed for the periods ending December 31, 2019, December 31, 2020, and December 31, 2021 through December 31, 2022 excluded the Summary of Leases: Occupants information. Supplemental Lease information for each period was filed to EMMA on August 3, 2023 and August 14, 2023. The City plans to fully redeem the 2015 IFA Bonds on or before June 30, 2024, at which time further continuing disclosure filings for the 2015 IFA Bonds will cease. The foregoing description should not be construed as an acknowledgment any such instance was material.

Other than as identified herein, in the previous five years, the City is not aware of other instances in which it has failed to comply, in all material respects, with previous undertakings in a written contract or agreement specified in paragraph (b)(5)(i) of the Rule.

Breach of the undertakings will not constitute a default or an “Event of Default” under the Bonds or the Resolutions. A broker or dealer is to consider a known breach of the undertakings, however, before recommending the purchase or sale of the Bonds in the secondary market. Thus, a failure on the part of the City to observe the undertakings may adversely affect the transferability and liquidity of the Bonds and their market price.

CUSIP NUMBERS

It is anticipated that the Committee on Uniform Security Identification Procedures (“CUSIP”) numbers will be printed on the Bonds and the Purchaser must agree in the bid proposal to pay the cost thereof. In no event will the City, Bond Counsel or Municipal Advisor be responsible for the review or express any opinion that the CUSIP numbers are correct. Incorrect CUSIP numbers on said Bonds shall not be cause for the Purchaser to refuse to accept delivery of said Bonds.

INTEREST ON THE BONDS

Interest on the Bonds will be payable on December 1, 2024 and semiannually on the 1st day of June and December thereafter. Interest and principal shall be paid to the registered holder of a bond as shown on the records of ownership maintained by the Registrar as of the 15th day of the month (whether or not a business day) preceding such interest payment date (the “Record Date”). Interest will be computed on the basis of a 360-day year of twelve 30-day months and will be rounded pursuant to rules of the Municipal Securities Rulemaking Board.

OPTIONAL REDEMPTION OF THE SERIES 2024A BONDS

The Series 2024A Bonds, due after June 1, 2032, will be subject to call prior to maturity in whole, or from time to time in part, in any order of maturity and within a maturity by lot on said date or on any date thereafter at the option of the City, upon terms of par plus accrued interest to date of call. Written notice of such call shall be given at least thirty (30) days prior to the date fixed for redemption to the registered owners of the Series 2024A Bonds to be redeemed at the address shown on the registration books.

NO OPTIONAL REDEMPTION OF THE SERIES 2024B BONDS

The Series 2024BA Bonds will NOT be subject to early redemption.

PAYMENT OF AND SECURITY FOR THE BONDS

The Bonds are general obligations of the City and the unlimited taxing powers of the City are irrevocably pledged for their payment. Upon issuance of the Bonds, the City will levy taxes for the years and in amounts sufficient to provide 100% of annual principal and interest due on the Bonds. If, however, the amount credited to the debt service fund for payment of the Bonds is insufficient to pay principal and interest, whether from transfers or from original levies, the City must use funds in its treasury and is required to levy ad valorem taxes upon all taxable property in the City without limit as to rate or amount sufficient to pay the debt service deficiency.

Iowa Code section 76.2 provides that when an Iowa political subdivision issues general obligation bonds, “the governing authority of these political subdivisions before issuing bonds shall, by resolution, provide for the assessment of an annual levy upon all the taxable property in the political subdivision sufficient to pay the interest and principal of the bonds within a period named not exceeding twenty years. A certified copy of this resolution shall be filed with the county auditor or the auditors of the counties in which the political subdivision is located; and the filing shall make it a duty of the auditors to enter annually this levy for collection from the taxable property within the boundaries of the political subdivision until funds are realized to pay the bonds in full.”

Nothing in the Resolutions prohibits or limits the ability of the City to use legally available moneys other than the proceeds of the general ad valorem property taxes levied, as described in the preceding paragraph, to pay all or any portion of the principal of or interest on the Bonds. If, and to the extent such other legally available moneys are used to pay the principal of or interest on the Bonds, the City may, but shall not be required to (a) reduce the amount of taxes levied for such purpose, as described in the preceding paragraph; or (b) use proceeds of taxes levied, as described in the preceding

paragraph, to reimburse the fund or account from which such other legally available moneys are withdrawn for the amount withdrawn from such fund or account to pay the principal of or interest on the Bonds.

The Resolutions don't restrict the City's ability to issue or incur additional general obligation debt, although issuance of additional general obligation debt is subject to the same constitutional and statutory limitations that apply to the issuance of the Bonds. For a further description of the City's outstanding general obligation debt upon issuance of the Bonds and the annual debt service on the Bonds and a description of certain constitutional and statutory limits on the issuance of general obligation debt, see "DEBT LIMIT" under "CITY INDEBTEDNESS" included in APPENDIX A to this Preliminary Official Statement.

BOOK-ENTRY-ONLY ISSUANCE

The information contained in the following paragraphs of this subsection "Book-Entry-Only Issuance" has been extracted from a schedule prepared by Depository Trust Company ("DTC") entitled "SAMPLE OFFERING DOCUMENT LANGUAGE DESCRIBING DTC AND BOOK-ENTRY-ONLY ISSUANCE." The information in this section concerning DTC and DTC's book-entry-only system has been obtained from sources that the City believes to be reliable, but the City takes no responsibility for the accuracy thereof.

The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the securities (the "Securities"). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for each issue of the Securities, each in the aggregate principal amount of such issue, and will be deposited with DTC. If, however, the aggregate principal amount of any issue exceeds \$500 million, one certificate will be issued with respect to each \$500 million of principal amount, and an additional certificate will be issued with respect to any remaining principal amount of such issue.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC's participants (the "Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (the "Indirect Participants"). DTC has Standard & Poor's rating: AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC's records. The ownership interest of each actual purchaser of each Security (the "Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Securities may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Securities, such as redemptions, tenders, defaults, and proposed amendments to the Security documents. For example, Beneficial Owners of Securities may wish to ascertain that the nominee holding the Securities for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed. Neither DTC nor Cede & Co., nor any other DTC nominee, will consent or vote with respect to Securities unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the Record Date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Securities are credited on the Record Date identified in a listing attached to the Omnibus Proxy.

Redemption proceeds, distributions, and dividend payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the City or Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, Agent, or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC, is the responsibility of the City or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

A Beneficial Owner shall give notice to elect to have its Securities purchased or tendered, through its Participant, to Tender/Remarketing Agent, and shall effect delivery of such Securities by causing the Direct Participant to transfer the Participant's interest in the Securities, on DTC's records, to Tender/Remarketing Agent. The requirement for physical delivery of Securities in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Securities are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Securities to Tender/Remarketing Agent's DTC account.

DTC may discontinue providing its services as depository with respect to the Securities at any time by giving reasonable notice to the City or Agent. Under such circumstances, in the event that a successor depository is not obtained, Security certificates are required to be printed and delivered.

The City may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the City believes to be reliable, but the City takes no responsibility for the accuracy thereof.

FUTURE FINANCING

The City does not anticipate any additional general obligation borrowing needs within the next 90 days of issuing the Bonds.

LITIGATION

To the knowledge of the City, there is no legal action, suit, proceeding, inquiry or investigation at law or in equity before or by any court, public board or body for which the City has been served with process or official notice or threatened against or affecting the City or any reasonable basis therefore, wherein an unfavorable decision, ruling or finding would adversely affect the transaction contemplated by this Preliminary Official Statement or the validity of the Bonds, the Resolutions, or any agreement or instrument to which the City is a party and which is used or contemplated for use in the transactions contemplated by this Preliminary Official Statement, and no member, employee or agent of the City has been served with any legal process regarding such litigation or other proceeding.

To the knowledge of the City, no litigation is pending or threatened which, in the opinion of the City's counsel, if decided adversely to the City would be likely to result, either individually or in the aggregate, in final judgments against the City which would materially adversely affect its ability to meet debt service payments on the Bonds when due, or its obligations under the Resolutions, or materially adversely affect its financial condition.

DEBT PAYMENT HISTORY

The City knows of no instance in which it has defaulted in the payment of principal or interest on its debt.

LEGALITY

The Bonds are subject to approval as to certain matters by Ahlers & Cooney, P.C. of Des Moines, Iowa as Bond Counsel. Bond Counsel has reviewed or prepared information describing the terms of the Bonds and Iowa and Federal law pertinent to the validity of and the tax status of interest on the Bonds, which can be found generally under the sections "AUTHORITY AND PURPOSE", "OPTIONAL REDEMPTION OF THE SERIES 2024A BONDS", "NO OPTIONAL REDEMPTION OF THE SERIES 2024B BONDS", "PAYMENT AND SECURITY FOR THE BONDS" and "TAX MATTERS", herein. Additionally, Bond Counsel has provided its Form of Legal Opinion and Form of Continuing Disclosure Certificate, included in APPENDIX B and APPENDIX D, respectively, within this Preliminary Official Statement. The FORMS OF LEGAL OPINIONS as set out in APPENDIX B to this Preliminary Official Statement, will be delivered at closing.

The legal opinions to be delivered concurrently with the delivery of each series of the Bonds, expresses the professional judgment of the attorneys rendering the opinion as to legal issues expressly addressed therein. By rendering a legal opinion, the opinion giver does not become an insurer or guarantor of the result indicated by that expression of professional judgment, or of the transaction on which the opinion is rendered, or of the future performance of parties to the transaction. Nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

There is no bond trustee or similar person to monitor or enforce the provisions of the Resolutions. The owners of the Bonds should, therefore, be prepared to enforce such provisions themselves if the need to do so arises. In the event of a default in the payment of principal of or interest on the Bonds, there is no provision for acceleration of maturity of the principal of the Bonds. Consequently, the remedies of the owners of the Bonds (consisting primarily of an action in the nature of mandamus requiring the City and certain other public officials to perform the terms of the Resolutions) may have to be enforced from year to year. The obligation to pay general ad valorem property taxes is secured by a statutory lien upon the taxed property but is not an obligation for which a property owner may be held personally liable in the event of a deficiency. The owners of the Bonds cannot foreclose on property within the boundaries of the City or sell such property in order to pay the debt service on the Bonds.

In addition, the enforceability of the rights and remedies of owners of the Bonds may be subject to limitation as set forth in Bond Counsel's opinions. The opinion will state, in part, that the obligation of the City with respect to the Bonds may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights, heretofore or hereafter, enacted to the extent constitutionally applicable, to the exercise of judicial discretion in appropriate cases.

TAX MATTERS

With Respect to the Series 2024A Bonds

Tax Exemptions and Related Considerations: Federal tax law contains a number of requirements and restrictions that apply to the Series 2024A Bonds. These include investment restrictions, periodic payments of arbitrage profits to the United States, requirements regarding the proper use of bond proceeds and facilities financed with bond proceeds, and certain other matters. The City has covenanted to comply with all requirements that must be satisfied in order for the interest on the Series 2024A Bonds to be excludable from gross income for federal income tax purposes. Failure to comply with certain of such covenants could cause interest on the Series 2024A Bonds to become includable in gross income for federal income tax purposes retroactively to the date of issuance of the Series 2024A Bonds.

Subject to the City's compliance with the above referenced covenants, under present law, in the opinion of Bond Counsel, interest on the Series 2024A Bonds is excludable from gross income for federal income tax purposes. Interest on the Series 2024A Bonds is not an item of tax preference for purposes of the federal alternative minimum tax on individuals; however, such interest is taken into account in determining the annual adjusted financial statement income of applicable corporations (as defined in Section 59(k) of the Code) for the purpose of computing the alternative minimum tax imposed on corporations for tax years beginning after December 31, 2022.

The prospective purchaser of the Series 2024A Bonds should be aware that ownership of the Series 2024A Bonds may result in collateral federal income tax consequences to certain taxpayers, including, without limitation, corporations subject to the branch profits tax, financial institutions, certain insurance companies, certain S corporations, individual recipients of Social Security or Railroad Retirement benefits and taxpayers who may be deemed to have incurred (or continued) indebtedness to purchase or carry tax-exempt obligations.

The interest on the Series 2024A Bonds is NOT exempt from present Iowa income taxes.

Ownership of the Series 2024A Bonds may result in other state and local tax consequences to certain taxpayers. Bond Counsel expresses no opinion regarding any such collateral consequences arising with respect to the Series 2024A Bonds. The prospective purchaser of the Series 2024A Bonds should consult their tax advisors regarding the applicability of any such state and local taxes.

NOT-Qualified Tax-Exempt Obligations: The City will NOT designate the Series 2024A Bonds as "qualified tax-exempt obligations" under the exception provided in Section 265(b)(3) of the Internal Revenue Code of 1986, as amended (the "Code").

Other Tax Advice: In addition to the income tax consequences described above, potential investors should consider the additional tax consequences of the acquisition, ownership, and disposition of the Series 2024A Bonds. For instance, state income tax law may differ substantially from state to state, and the foregoing is not intended to describe any aspect of the income tax laws of any state. Therefore, potential investors should consult their own tax advisors with respect to federal tax issues and with respect to the various state tax consequences of an investment in the Series 2024A Bonds.

Audits: The Internal Revenue Service (the "Service") has an ongoing program of auditing tax-exempt obligations to determine whether, in the view of the Service, interest on such tax-exempt obligations is includable in the gross income of the owners thereof for federal income tax purposes. It cannot be predicted whether or not the Service will commence an audit of the Series 2024A Bonds. If an audit is commenced, under current procedures the Service may treat the City as a taxpayer and the Series 2024A Bondholders may have no right to participate in such procedure. The commencement of an audit could adversely affect the market value and liquidity of the Series 2024A Bonds until the audit is concluded, regardless of the ultimate outcome.

Withholdings: Payments of interest on, and proceeds of the sale, redemption or maturity of, tax-exempt obligations, including the Series 2024A Bonds, are in certain cases required to be reported to the Service. Additionally, backup withholding may apply to any such payments to any bond owner who fails to provide an accurate Form W-9 Request for Taxpayer Identification Number and Certification, or a substantially identical form, or to any Bondholder who is notified by the Service of a failure to report any interest or dividends required to be shown on federal income tax returns. The reporting and backup withholding requirements do not affect the excludability of such interest from gross income for federal tax purposes.

Legislation: Legislation affecting tax-exempt obligations is regularly considered by the United States Congress and may be considered by the Iowa legislature. Judicial interpretation of state or federal laws, rules or regulations may also affect the tax treatment. There can be no assurance that legislation enacted or proposed, or actions by a court, after the date of issuance of the Series 2024A Bonds will not have an adverse effect on the tax status of interest or other income on the Series 2024A Bonds or the market value or marketability of the Series 2024A Bonds. These adverse effects could result, for example, from changes to federal or state income tax rates, changes in the structure of federal or state income taxes (including replacement with another type of tax), or repeal (or reduction in the benefit) of the exclusion of interest on the Series 2024A Bonds from gross income for federal or state income tax purposes for all or certain taxpayers.

Current and future legislative proposals, including some that carry retroactive effective dates, if enacted into law, or clarification of the Code may cause interest on the Series 2024A Bonds to be subject, directly or indirectly, to federal income taxation, or otherwise prevent owners of the Series 2024A Bonds from realizing the full current benefit of the tax status of such interest. From time to time proposals are made that could significantly reduce the benefit of, or otherwise affect, the exclusion from gross income of interest on obligations like the Series 2024A Bonds. The introduction or enactment of any such legislative proposals or clarification of the Code may also affect, perhaps significantly, the market price for, or marketability of the Series 2024A Bonds. The prospective purchaser of the Series 2024A Bonds should consult their own tax advisors regarding any pending or proposed tax legislation, as to which Bond Counsel expresses no opinion except as set forth in APPENDIX B to this Preliminary Official Statement.

With Respect to the Series 2024B Bonds

Taxability and Related Considerations: In the opinion of Bond Counsel, under existing law, interest on the Series 2024B Bonds will be included in gross income of the owners thereof for federal income tax purposes.

The interest on the Series 2024B Bonds is NOT exempt from present Iowa income taxes.

Ownership of the Series 2024B Bonds may result in other federal, state and local tax consequences to certain taxpayers. Bond Counsel expresses no opinion regarding any such collateral consequences arising with respect to the Series 2024B Bonds. Prospective purchasers of the Series 2024B Bonds should consult their tax advisors regarding the applicability of any such federal, state and local taxes.

With Respect to the Bonds (Applicable to both Series)

Discount and Premium on Certain Bonds: The initial public offering price of certain Bonds (the “Discount Bonds”) may be less than the amount payable on such Bonds at maturity. An amount equal to the difference between the initial public offering price of Discount Bonds (assuming that a substantial amount of the Discount Bonds of that maturity are sold to the public at such price) and the amount payable at maturity constitutes original issue discount to the initial purchaser of such Discount Bonds. Purchasers of Discount Bonds should consult with their own tax advisors with respect to the determination of accrued original issue discount on Discount Bonds for federal income tax purposes and with respect to the state and local tax consequences of owning and disposing of Discount Bonds. It is possible that, under applicable provisions governing determination of state and local income taxes, accrued interest on Discount Bonds may be deemed to be received in the year of accrual even though there will not be a corresponding cash payment.

The initial public offering price of certain Bonds (the “Premium Bonds”) may be greater than the amount payable on such Premium Bonds at maturity. An amount equal to the difference between the initial public offering price of Premium Bonds (assuming that a substantial amount of the Premium Bonds of that maturity are sold to the public at such price) and the amount payable at maturity constitutes a premium to the initial purchaser of such Premium Bonds. Purchasers of the Premium Bonds should consult with their own tax advisors with respect to the determination of amortizable bond premium

on Premium Bonds for federal income tax purposes and with respect to the state and local tax consequences of owning and disposing of Premium Bonds.

Enforcement: Holders of the Bonds shall have and possess all the rights of action and remedies afforded by the common law, the Constitution and statutes of the State of Iowa and of the United States of America for the enforcement of payment of the Bonds, including, but not limited to, the right to a proceeding in law or in equity by suit, action or mandamus to enforce and compel performance of the duties required by Iowa law and the Resolutions. There is no bond trustee or similar person to monitor or enforce the terms of the Resolutions. In the event of a default in the payment of principal of or interest on the Bonds, there is no provision for acceleration of maturity of the principal of the Bonds. Consequently, the remedies of the owners of the Bonds (consisting primarily of an action in the nature of mandamus requiring the City and certain other public officials to perform the terms of the Resolutions) may have to be enforced from year to year. The enforceability of the rights and remedies of owners of the Bonds may be subject to limitation as set forth in Bond Counsel's opinions.

The obligation to pay general ad valorem property taxes is secured by a statutory lien upon the taxed property, but is not an obligation for which a property owner may be held personally liable in the event of a deficiency. The owners of the Bonds cannot foreclose on property within the boundaries of the City or sell such property in order to pay the debt service on the Bonds. In addition, the enforceability of the rights and remedies of owners of the Bonds may be subject to limitation as set forth in Bond Counsel's opinions. The opinions to be delivered concurrently with the delivery of the Bonds will be qualified as to the enforceability of the various legal instruments by limitations imposed by general principles of equity and public policy and by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors generally, and to the exercise of judicial discretion in appropriate cases.

No representation is made, and no assurance is given, that the enforcement of any remedies with respect to such assets will result in sufficient funds to pay all amounts due under the Resolutions, including principal of and interest on the Bonds.

Opinions: The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Bonds, and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any proposed or pending legislation, regulatory initiatives or litigation.

Bond Counsel's opinions are not a guarantee of a result, or of the transaction on which the opinion is rendered, or of the future performance of parties to the transaction, but represents its legal judgment based upon its review of existing statutes, regulations, published rulings and court decisions and the representations and covenants of the City described in this section. No ruling has been sought from the Service with respect to the matters addressed in the opinions of Bond Counsel and Bond Counsel's opinions are not binding on the Service. Bond Counsel assumes no obligation to update its opinions after the issue date to reflect any further action, fact or circumstance, or change in law or interpretation, or otherwise.

ALL POTENTIAL PURCHASERS OF THE BONDS SHOULD CONSULT WITH THEIR TAX ADVISORS WITH RESPECT TO FEDERAL, STATE AND LOCAL TAX CONSEQUENCES OF OWNERSHIP OF THE BONDS (INCLUDING BUT NOT LIMITED TO THOSE LISTED ABOVE).

BONDHOLDER'S RISKS

An investment in the Bonds is subject to certain risks. No person should purchase the Bonds unless such person understands the risks described below and is willing to bear those risks. There may be other risks not listed below which may adversely affect the value of the Bonds. An investment in the Bonds involves an element of risk. In order to identify risk factors and make an informed investment decision, potential investors should be thoroughly familiar with this entire Preliminary Official Statement (including the Appendices hereto) in order to make a judgment as to whether the Bonds are an appropriate investment.

Secondary Market Not Established: There is no established secondary market for the Bonds, and there is no assurance a secondary market will develop for the purchase and sale of the Bonds. Prices of municipal bonds traded in the secondary market, if any, are subject to adjustment upward and downward in response to changes in the credit markets and changes in the operating performance of the entities operating the facilities subject to bonded indebtedness. From time to time it

may be necessary to suspend indefinitely secondary market trading in selected issues of municipal bonds as a result of the financial condition or market position, prevailing market conditions, lack of adequate current financial information about the entity, operating the subject facilities, or a material adverse change in the operations of that entity, whether or not the subject Bonds are in default as to principal and interest payments, and other factors which, may give rise to uncertainty concerning prudent secondary market practices.

Municipal bonds are generally viewed as long-term investments, subject to material unforeseen changes in the investor's circumstances, and may require commitment of the investor's funds for an indefinite period of time, perhaps until maturity.

EACH PROSPECTIVE PURCHASER IS RESPONSIBLE FOR ASSESSING THE MERITS AND RISKS OF AN INVESTMENT AND MUST BE ABLE TO BEAR THE ECONOMIC RISK OF SUCH INVESTMENT. THE SECONDARY MARKET FOR THE BONDS, IF ANY, COULD BE LIMITED.

Rating Loss: Moody's Investors Service, Inc. ("Moody's") has assigned a rating of '___' to the Bonds. Generally, a rating agency bases its rating on the information and materials furnished to it and on investigations, studies and assumptions of its own. There is no assurance that the rating will continue for any given period of time, or that such rating will not be revised, suspended or withdrawn, if, in the judgment of Moody's, circumstances so warrant. A revision, suspension or withdrawal of a rating may have an adverse effect on the market price of the Bonds.

Rating agencies are currently not regulated by any regulatory body. Future regulation of rating agencies could materially alter the methodology, rating levels, and types of ratings available, for example, and these changes, if ever, could materially affect the market value of the Bonds.

Matters Relating to Enforceability: Holders of the Bonds shall have and possess all the rights of action and remedies afforded by the common law, the Constitution and statutes of the State of Iowa and of the United States of America for the enforcement of payment of the Bonds, including but not limited to, the right to a proceeding in the law or in equity by suit, action or mandamus to enforce and compel performance of the duties required by Iowa law and the Resolutions.

The practical realization of any rights upon any default will depend upon the exercise of various remedies specified in the Resolutions. The opinion, to be delivered concurrently with the delivery of the Bonds, will be qualified as to the enforceability of the various legal instruments by limitations imposed by general principals of equity and public policy and by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors generally.

No representation is made, and no assurance is given that the enforcement of any remedies with respect to such assets will result in sufficient funds to pay all amounts due under the Resolutions, including principal of and interest on the Bonds.

Forward-Looking Statements: This Preliminary Official Statement contains statements relating to future results that are "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. When used in this Preliminary Official Statement, the words "estimate," "forecast," "intend," "expect" and similar expressions identify forward-looking statements. Any forward-looking statement is subject to uncertainty. Accordingly, such statements are subject to risks that could cause actual results to differ, possibly materially, from those contemplated in such forward-looking statements. Inevitably, some assumptions used to develop forward-looking statements will not be realized or unanticipated events and circumstances may occur. Therefore, investors should be aware there are likely to be differences between forward-looking statements and the actual results. These differences could be material and could impact the availability of funds of the City to pay debt service when due on the Bonds.

Financial Condition of the City from time to time: No representation is made as to the future financial condition of the City. Certain risks discussed herein could adversely affect the financial condition and or operations of the City in future. The Bonds are secured by an unlimited ad valorem property tax as described more fully in the "PAYMENT OF AND SECURITY FOR THE BONDS" herein.

Loss of Tax Base/Climate Impacts: Economic and other factors beyond the City's control, such as economic recession, deflation of property values, or financial difficulty or bankruptcy by one or more major property taxpayers, or the complete or partial destruction of taxable property caused by, among other eventualities, earthquake, flood, fire or other natural disaster, could cause a reduction in the assessed value within the corporate boundaries of the City. In addition, the State

of Iowa has been susceptible to tornados, flooding and other extreme weather wherein winds and flooding have from time to time caused significant damage, which if such events were to occur, may have an adverse impact on the City's financial position. The Missouri River breached its banks in 2011 and 2018, flooding portions of the City. Levy improvements after the 2011 flood lessened the impact of the 2018 flood. Furthermore, the City is participating in the State of Iowa Flood Mitigation Program, anticipating upwards of \$50 million for additional improvements to protect the City from future flooding.

Potential Impacts Resulting from Epidemics or Pandemics: The City's finances may be materially adversely affected by unforeseen impacts of future epidemics and pandemics. The City cannot predict future impacts of epidemics or pandemics, any similar outbreaks, or their impact on travel, on assemblies or gatherings, on the State, national or global economy, or on securities markets, or whether any such disruptions may have a material adverse impact on the financial condition or operations of the City, included but not limited to the payment of debt service on any of its outstanding debt obligations.

Changes in Property Taxation: The Bonds are general obligations of the City secured by an unlimited ad valorem property tax as described more fully in the "PAYMENT OF AND SECURITY FOR THE BONDS" herein. Prior State Public Health Emergency Declarations, relative to the COVID-19 pandemic, temporarily suspended the provisions that required the imposition of penalty and interest for delay in property tax payments and directed that no such penalty or interest could be imposed for the duration of the declarations and any future extension of the suspension. No current property tax payment suspensions are imposed, and collections stayed consistent during the pandemic. It is impossible to predict whether the declarations or any amendments to or extensions thereof would have a material effect on the City's ability to collect property taxes necessary for the payment of principal and interest on the Bonds. See "LEVIES AND TAX COLLECTIONS" under "THE CITY" included in Appendix A of this Preliminary Official Statement for more information of the City's tax collection history, despite prior suspensions.

From time to time the Iowa General Assembly has altered the method of property taxation and could do so again. Such alterations could adversely affect the City's financial condition. Historically, changes to property tax calculations and impositions are imposed on a prospective basis. However, there is no assurance future changes to property taxation by the Iowa General Assembly will not be applied retroactively. See "PROPERTY TAX LEGISLATION" herein for additional discussion on recent legislation impacting property taxes. It is impossible to predict the outcome of future property taxation changes by the Iowa General Assembly or resulting impacts on the City's financial condition. The Bonds are secured by an unlimited ad valorem property tax as described more fully in the "PAYMENT OF AND SECURITY FOR THE BONDS" herein.

Cybersecurity: The City, like many other public and private entities, relies on a large and complex technology environment to conduct its operations. As such, it may face multiple cybersecurity threats including but not limited to, hacking, viruses, malware and other attacks on computer or other sensitive digital systems and networks. There can be no assurances that any security and operational control measures implemented by the City will be completely successful to guard against and prevent cyber threats and attacks. Failure to properly maintain functionality, control, security, and integrity of the City's information systems could impact business operations and/or digital networks and systems and the costs of remedying any such damage could be significant. Along with significant liability claims or regulatory penalties, any security breach could have a material adverse impact on the City's operations and financial condition. The City cannot predict whether any insurance policies that may be maintained by the City would be sufficient in the event of a cyber breach. See "INSURANCE" under "THE CITY" included in Appendix A of this Preliminary Official Statement for more details regarding insurance coverages maintained by the City. The Bonds are secured by an unlimited ad valorem property tax as described more fully in the "PAYMENT OF AND SECURITY FOR THE BONDS" herein.

Pensions: Pursuant to Governmental Accounting Standards Board ("GASB") Statement No. 68, the City reported a liability of \$8,320,501 within its Annual Comprehensive Financial Report ("ACFR") as of June 30, 2023 for its proportionate share of the net pension liability related to IPERS, as defined herein. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's share of contributions to the pension plan relative to the contributions of all IPERS participating employers. At June 30, 2022, the City's collective proportion was 0.209632% which was a decrease of 0.001734% from its proportion measured as of June 30, 2021.

Additionally, the City reported a liability of \$32,201,833 within its ACFR as of June 30, 2023 for its proportionate share of the net pension liability related to MFPRSI, as defined herein. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's share of contributions to the pension plan relative to the contributions of all MFPRSI participating employers. At June 30, 2022, the City's proportion was 5.734246% which was an increase of 0.075885% from its proportion measured as of June 30, 2021.

See "EMPLOYEES AND PENSIONS" under "THE CITY" included in APPENDIX A to this Preliminary Official Statement for more summary information related to the City's contributions and APPENDIX C – ANNUAL COMPREHENSIVE FINANCIAL REPORT for the Fiscal Year ended June 30, 2023 for additional information related to the City's qualifications, benefits, deferred outflows and inflows of resources related to pensions, actuarial assumptions, discount rate and discount rate sensitivity. Changes to the City's pension contributions, or available sources to fund said contributions, may adversely affect the City's financial condition. The Bonds are secured by an unlimited ad valorem property tax as described more fully in the "PAYMENT OF AND SECURITY FOR THE BONDS" herein.

Continuing Disclosure: A failure by the City to comply with continuing disclosure obligations (see "CONTINUING DISCLOSURE" herein) will not constitute an event of default on the Bonds. Any such failure must be disclosed in accordance with Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (the "Rule"), and may adversely affect the transferability and liquidity of the Bonds and their market price.

Bankruptcy: The rights and remedies available to holders of the Bonds may be limited by and are subject to the provisions of federal bankruptcy laws, to other laws or equitable principles that may affect the enforcement of creditor's rights, to the exercise of judicial discretion in appropriate cases and to limitations in legal remedies against exercise of judicial discretion in appropriate cases and to limitations on legal remedies against municipal corporations in the State of Iowa. The various opinions of counsel to be delivered with respect to the Bonds and the Resolutions, including the opinions of Bond Counsel, will be similarly qualified. If the City were to file a petition under Chapter 9 of the Bankruptcy Code, the owners of the Bonds could be prohibited from taking any steps to enforce their rights under the Resolutions. In the event the City fails to comply with its covenants under the Resolutions or fails to make payments on the Bonds, there can be no assurance of the availability of remedies adequate to protect the interests of the holders of the Bonds.

Under Iowa Code Chapter 76, specifically sections 76.16 and 76.16A, as amended, a city, county, or other political subdivision may become a debtor under Chapter 9 of the Federal bankruptcy code, if it is rendered insolvent, as defined in 11 U.S.C. §101(32)(c), as a result of a debt involuntarily incurred. As used therein, "debt" means an obligation to pay money, other than pursuant to a valid and binding collective bargaining agreement or previously authorized bond issue, as to which the governing body of the city, county, or other political subdivision has made a specific finding set forth in a duly adopted resolution of each of the following: (1) all or a portion of such obligation will not be paid from available insurance proceeds and must be paid from an increase in general tax levy; (2) such increase in the general tax levy will result in a severe, adverse impact on the ability of the city, county, or political subdivision to exercise the powers granted to it under applicable law, including without limitation providing necessary services and promoting economic development; (3) as a result of such obligation, the city, county, or other political subdivision is unable to pay its debts as they become due; and (4) the debt is not an obligation to pay money to a city, county, entity organized pursuant to chapter 28E of the Code of Iowa, or other political subdivision.

Suitability of Investment: The interest rate borne by the Bonds is intended to compensate the investor for assuming the risk of investing in the Bonds. Each prospective investor should carefully examine this Preliminary Official Statement and its own financial condition to make a judgment as to its ability to bear the economic risk of such an investment, and whether or not the Bonds are an appropriate investment for such investor.

Tax Levy Procedures: The Bonds are general obligations of the City, payable from and secured by a continuing ad valorem tax levied against all of the property valuation within the City. As part of the budgetary process each fiscal year, the City will have an obligation to request a debt service levy to be applied against all of the taxable property within the City. A failure on the part of the City to make a timely levy request or a levy request by the City that is inaccurate or is insufficient to make full payments of the debt service of the Bonds for a particular fiscal year may cause bondholders to experience a delay in the receipt of distributions of principal of and/or interest on the Bonds. In the event of a default in the payment of principal of or interest on the Bonds, there is no provision for acceleration of maturity of the principal of the Bonds.

Consequently, the remedies of the owners of the Bonds (consisting primarily of an action in the nature of mandamus requiring the City and certain other public officials to perform the terms of the Resolutions) may have to be enforced from year to year. See “PAYMENT OF AND SECURITY FOR THE BONDS” herein.

DTC-Beneficial Owners: Beneficial Owners of the Bonds may experience some delay in the receipt of distributions of principal of and interest on the Bonds since such distributions will be forwarded by the Registrar to DTC and DTC will credit such distributions to the accounts of the Participants which will, thereafter, credit them to the accounts of the Beneficial Owner either directly or indirectly through indirect Participants. Neither the City nor the Registrar will have any responsibility or obligation to assure any such notice or payment is forwarded by DTC to any Participants or by any Participant to any Beneficial Owner.

In addition, since transactions in the Bonds can be effected only through DTC Participants, indirect participants and certain banks, the ability of a Beneficial Owner to pledge the Bonds to persons or entities that do not participate in the DTC system, or otherwise to take actions in respect of such Bonds, may be limited due to lack of a physical certificate. Beneficial Owners will be permitted to exercise the rights of registered Owners only indirectly through DTC and the Participants. See “BOOK-ENTRY-ONLY ISSUANCE” herein.

With Respect to the Series 2024A Bonds

Tax Matters, and Loss of Tax Exemption: As discussed under the heading “TAX MATTERS” herein, the interest on the Series 2024A Bonds could become includable in gross income for purposes of federal income taxation retroactive to the date of delivery of the Series 2024A Bonds, as a result of acts or omissions of the City in violation of its covenants in the resolution for the Series 2024A Bonds. Should such an event of taxability occur, the Series 2024A Bonds would not be subject to a special prepayment and would remain outstanding until maturity or until prepaid under the prepayment provisions contained in the Series 2024A Bonds, and there is no provision for an adjustment of the interest rates on the Series 2024A Bonds.

It is possible that legislation will be proposed or introduced that could result in changes in the way that tax exemption is calculated, or whether interest on certain securities are exempt from taxation at all. Prospective purchasers should consult with their own tax advisors regarding any pending or proposed federal income tax legislation. The likelihood of legislation being enacted cannot be reliably predicted.

A determination of taxability on the Series 2024A Bonds, after closing of the Series 2024A Bonds, could materially adversely affect the value and marketability of the Series 2024A Bonds.

Federal Tax Legislation: From time to time, there are Presidential proposals, proposals of various federal committees, and legislative proposals pending in Congress that could, if enacted, alter or amend one or more of the federal (or state) tax matters described herein in certain respects or would adversely affect the market value of the Series 2024A Bonds or otherwise prevent holders of the Series 2024A Bonds from realizing the full benefit of the tax exemption of interest on the Series 2024A Bonds. Further, such proposals may impact the marketability or market value of the Series 2024A Bonds simply by being proposed. It cannot be predicted whether or in what forms any of such proposals, either pending or that may be introduced, may be enacted and there can be no assurance that such proposals will not apply to the Series 2024A Bonds. In addition, regulatory actions are from time to time announced or proposed and litigation threatened or commenced, which if implemented or concluded in a particular manner, could adversely affect the market value, marketability, or tax status of the Series 2024A Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Series 2024A Bonds would be impacted thereby.

Summary: The foregoing is intended only as a summary of certain risk factors attendant to an investment in the Bonds. In order for potential investors to identify risk factors and make an informed investment decision, potential investors should become thoroughly familiar with this entire Preliminary Official Statement and the Appendices hereto to make a judgment as to whether the Bonds are an appropriate investment.

RATING

The Bonds are rated ‘___’ by Moody’s. In addition, Moody’s maintains a rating of ‘Aa2’ on the City’s long-term general obligation debt. Such rating on long-term debt reflects only the view of the rating agency and any explanation of the significance of such rating may only be obtained from Moody’s. There is no assurance that such rating will continue for any period of time or that it will not be revised or withdrawn. Any revision or withdrawal of the rating may have an effect on the market price of the Bonds.

MUNICIPAL ADVISOR

The City has retained PFM Financial Advisors LLC, Des Moines, Iowa as Municipal Advisor in connection with the preparation of the issuance of the Bonds. In preparing the Preliminary Official Statement, the Municipal Advisor has relied on government officials, and other sources to provide accurate information for disclosure purposes. The Municipal Advisor is not obligated to undertake, and has not undertaken, an independent verification of the accuracy, completeness, or fairness of the information contained in the Preliminary Official Statement. PFM Financial Advisors LLC is an independent advisory firm and is not engaged in the business of underwriting, trading or distributing municipal securities or other public securities.

CONTINUING DISCLOSURE

The City will covenant in a Continuing Disclosure Certificate for the benefit of the owners and beneficial owners of the Bonds to provide annually certain financial information and operating data relating to the City (the “Annual Report”), and to provide notices of the occurrence of certain enumerated events. The Annual Report is to be filed by the City not later than two hundred seventy (270) days after the close of each fiscal year, commencing with the Fiscal Year ending June 30, 2024, with the Municipal Securities Rulemaking Board, at its internet repository named “Electronic Municipal Market Access” (“EMMA”). The notices of events, if any, are also to be filed with EMMA. See FORM OF CONTINUING DISCLOSURE CERTIFICATE included in APPENDIX D to this Preliminary Official Statement. The specific nature of the information to be contained in the Annual Report or the notices of events, and the manner in which such materials are to be filed, are summarized in the FORM OF CONTINUING DISCLOSURE CERTIFICATE. These covenants have been made in order to assist the the Purchaser(s) in complying with SEC Rule 15c2-12(b)(5) (the “Rule”).

Pursuant to the Rule, the City noes the following in the last five years related to its prior disclosure covenants:

The City’s timely filed Annual Comprehensive Financial Report (“ACFR”) and Financial and Operating Report for Fiscal Year ended June 30, 2021 (filed on January 18, 2022 and January 25, 2022, respectively, were not linked to the City’s Series 2021A and Series 2021B Bonds. The base CUSIP changed for the 2021A and 2021B issues, which was not captured on the original filings. The ACFR and Financial and Operating Report for Fiscal Year ending June 30, 2021 were linked to the updated CUSIPS for Series 2021A and 2021B Bonds on April 4, 2022 (less than 10 days after the filing deadline). A failure to file notice was also posted at that time. Though otherwise timely available on EMMA under the City’s CUSIP, the City failed to timely file or otherwise link its ACFR for the Fiscal Year ended June 30, 2022 to the Iowa Finance Authority Economic Development Revenue Bonds (the Marketplace Project – City of Council Bluffs, Iowa Annual Appropriation Tax Increment Revenues) Series 2015 (CUSIP: 46246M) (the “2015 IFA Bonds”). The report was posted on July 12, 2023. Semi-Annual Reports required under the 2015 IFA Bonds filed for the periods ending December 31, 2019, December 31, 2020, and December 31, 2021 through December 31, 2022 excluded the Summary of Leases: Occupants information. Supplemental Lease information for each period was filed to EMMA on August 3, 2023 and August 14, 2023. The City plans to fully redeem the 2015 IFA Bonds on or before June 30, 2024, at which time further continuing disclosure filings for the 2015 IFA Bonds will cease. The foregoing description should not be construed as an acknowledgment any such instance was material.

Other than as identified herein, in the previous five years, the City is not aware of other instances in which it has failed to comply, in all material respects, with previous undertakings in a written contract or agreement specified in paragraph (b)(5)(i) of the Rule.

Breach of the undertakings will not constitute a default or an “Event of Default” under the Bonds or the Resolutions. A broker or dealer is to consider a known breach of the undertakings, however, before recommending the purchase or sale of the Bonds in the secondary market. Thus, a failure on the part of the City to observe the undertakings may adversely affect the transferability and liquidity of the Bonds and their market price.

CITY PROPERTY VALUES

IOWA PROPERTY VALUATIONS

In compliance with Section 441.21 of the Code of Iowa, the State Director of Revenue annually directs the county auditors to apply prescribed statutory percentages to the assessments of certain categories of real property. The Pottawattamie County Auditor adjusted the final Actual Values for 2022 (applicable to fiscal year 2023-24). The reduced values, determined after the application of rollback percentages, are the Taxable Values subject to tax levy. For assessment year 2022, the taxable value rollback rate was 54.6501% of actual value for residential property; 91.6430% of actual value for agricultural property and 100.0000% of the actual value of utility property. The residential taxable rollback rate of 54.6501% would apply to the value of each property unit of commercial, industrial and railroad property that exceeds zero dollars (\$0) but does not exceed one hundred fifty thousand dollars (\$150,000) with a taxable value rollback rate of 90.0000% to the value that exceeds one hundred fifty thousand dollars (\$150,000). No adjustment was ordered for utility property because its assessed value did not increase enough to qualify for reduction. Utility property is limited to an 8% annual growth.

The final Actual Values for 2023 (applicable to fiscal year 2024-25) were adjusted by the Pottawattamie County Auditor. The reduced values, determined after the application of rollback percentages, are the taxable values subject to tax levy. For assessment year 2023, the taxable value rollback rate is 46.3428% of actual value for residential property; 71.8370% of actual value for agricultural property and 100.0000% of the actual value of utility property. The residential taxable rollback rate of 46.3428% would apply to the value of each property unit of commercial, industrial and railroad property that exceeds zero dollars (\$0), but does not exceed one hundred fifty thousand dollars (\$150,000) with a taxable value rollback rate of 90.0000% to the value that exceeds one hundred fifty thousand dollars (\$150,000). No adjustment was ordered for utility property because its assessed value did not increase enough to qualify for reduction. Utility property is limited to an 8% annual growth.

The Legislature's intent has been to limit the growth of statewide taxable valuations for the specific classes of property to 3% annually. Political subdivisions whose taxable values are thus reduced or are unusually low in growth are allowed to appeal the valuations to the State Appeal Board, in order to continue to fund present services. See "PROPERTY TAX LEGISLATION" herein for a discussion on recent legislative revisions to the administration of certain property taxes in Iowa beginning in Fiscal Year 2024-25.

LARGER TAXPAYERS

Set forth in the following table are the persons or entities which represent larger taxpayers within the boundaries of the City, as provided by the Pottawattamie County Auditor's office. No independent investigation has been made of and no representation is made herein as to the financial condition of any of the taxpayers listed below or that such taxpayers will continue to maintain their status as major taxpayers in the City. With the exception of the electric and natural gas providers (which is subject to an excise tax in accordance with Iowa Code chapter 437A), the City's mill levy is applicable to all of the properties included in the table, and thus taxes expected to be received by the City from such taxpayers will be in proportion to the assessed valuations of the properties. The total tax bill for each of the properties is dependent upon the mill levies of the other taxing entities which overlap the properties.

PROPERTY TAX LEGISLATION

Over time, the Iowa Legislature has modified the process and calculation of taxable valuations for various classifications of property. For example, in 2013 maximum annual taxable value growth due to revaluation of residential and agricultural property was reduced from 4% to 3%, rollback calculations were modified, a new multi-residential classification was created, and an appropriation made to replace some lost tax revenue due to rollbacks. In 2019, the process for hearings on total maximum property tax dollars under certain levies in the City's budget was modified and a super-majority vote required to raise taxes above a prescribed formula. In 2021, the multi-residential classification was removed, and a phase out of the appropriation for rollback initiated. In 2023, SF 181 was signed into law by the Governor on February 20, 2023, effective upon enactment. SF 181 reduced the residential rollback for the 2022 assessment year (affecting Fiscal Year 2023-24) from 56.4919% to 54.6501%. This resulted in a reduction in taxable valuation in the residential, commercial, industrial and railroad property classes upon which the City levies property taxes for Fiscal Year 2023-24.

On May 4, 2023, the Governor signed House File 718 ("HF 718"), a property tax reform law aimed at reducing property tax growth in Iowa. Among other things, HF 718 permanently consolidates several existing city property tax levies and creates a new adjusted city general fund levy ("ACGFL"). To control the growth of property taxes, the new ACGFL is subject to potential limitation or reduction by constraining growth by 2% or 3% each year depending on if certain growth triggers are met or exceeded during the prior year. The levy limitation is only applicable Fiscal Year 2024-25 through Fiscal Year 2027-28 and will be specific to each city. For Fiscal Year 2023-24, the City will calculate the new ACGFL as the baseline rate and the first annual ACGFL adjustment will begin Fiscal Year 2024-25. The ACGFL rates for Fiscal Years 2024-25 through 2027-28 are based on growth in city taxed value and the previous year's city tax rate. Beginning in Fiscal Year 2028-29, all cities go to a \$8.10 ACGFL maximum and the levy limitation calculation ceases. Certain levies like debt service, pensions, employee benefits and capital improvement reserve fund are not included in the new ACGFL limitation. The City's recent property valuation growth has, on occasion, exceeded the new legislative caps. Assuming the City exceeds the legislative caps in the future, the City's general fund levies will lag its relative valuation growth. For Fiscal Year 2024-25, the City's non TIF tax valuation growth was 11% causing the City's property tax growth to be mitigated by 3%. The City's Budget for Fiscal Year 2024-25 will accommodate this reduced tax revenue relative to its non TIF tax valuation growth.

From time to time, legislative proposals are pending in Congress and the Iowa General Assembly that would, if enacted, alter or amend one or more of the property tax matters described herein. It cannot be predicted whether or in what forms any of such proposals, either pending or that may be introduced, may be enacted, and there can be no assurance that such proposals will not apply to valuation, assessment or levy procedures for taxes levied by the City or have an adverse impact on standing appropriations or the future tax collections of the City. Purchasers of the Bonds should consult their tax advisors regarding any pending or proposed federal or state tax legislation. The opinion expressed by Bond Counsel are based upon existing legislation as of the date of issuance and delivery of the Bonds and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any pending federal or state tax legislation.

Notwithstanding any modifications to property tax revenues that may result from prior, or any pending or future legislation, the Bonds are secured by an unlimited ad valorem property tax. See "PAYMENT OF AND SECURITY FOR THE BONDS" herein.

CITY INDEBTEDNESS

DEBT LIMIT

Article XI, Section 3 of the State of Iowa Constitution limits the amount of debt outstanding at any time of any county, municipality or other political subdivision to no more than 5% of the actual value of all taxable property within the corporate limits, as taken from the last state and county tax list. The debt limit for the City, based on its 2022 actual valuation currently applicable to the Fiscal Year 2023-24, is as follows:

2022 Actual Valuation of Property	\$7,315,605,774 ¹⁾
Legal Debt Limit of 5%	<u>0.05</u>
Legal Debt Limit	\$365,780,289

Net Debt Limit	\$284,511,702*

- 1) Actual Valuation as reported by the Iowa Department of Management for Fiscal Year 2023-24.
- 2) As estimated by the City pursuant to development agreements for urban renewal projects under the authority of Iowa Code Chapter 403 or other intergovernmental agreements (under chapter 28E, etc.). The Iowa Supreme Court has not formally ruled on the question of whether contracts to rebate the tax increment generated by a particular development constitutes indebtedness of a city for constitutional debt limit purposes. The amount reported above includes rebate agreements that may not be debt. Some development agreements are subject to the right of annual appropriation by the City, thereby limiting the extent of possible debt to only amounts currently due and appropriated in the current fiscal year. Amounts payable under a particular development agreement may not constitute legal indebtedness but are memorialized in the table below to conservatively state the City's possible financial exposure. Payment of future installments may be dependent upon undertakings by the developers, which may have not yet occurred. The City actively pursues opportunities consistent with the development goals of its various urban renewal plans, which may be amended from time to time, and the City may enter into additional development agreements committing to additional rebate incentives in calendar year 2024 or thereafter. See "TIF REBATE AGREEMENTS" table herein for more information regarding Development Agreement obligations.
- 3) The City plans to fully redeem this issue **on or before June 1, 2024**.

Council Bluffs Water Works Issued Revenue Debt Supported by Net Revenues of the Water Works

The Council Bluffs Water Works (the “Water Works”) is a related organization to the City. The Mayor, with City Council concurrence, appoints individuals to the Water Works’ Board of Trustees. The authority to adopt the annual budget, incur debt and fix rates and charges is vested in the Board of Trustees. The Council Bluffs Water Works has revenue debt payable solely from the net revenues of the utility as follows:

**Iowa Finance Authority Issued Revenue Debt Supported by Marketplace Urban Renewal Area Tax Increment
(Subject to Annual Appropriation by the City Council)**

On May 5, 2015, the Iowa Finance Authority (“IFA”) issued \$5,950,000 in Economic Development Revenue Bonds and loaned the proceeds thereof to the City, which the City used to make an economic development grant in accordance with the Marketplace Urban Renewal plan, fund a debt service reserve for the bonds and pay the costs of issuing the bonds. The loan is payable solely from the bond proceeds, tax increment financing (“TIF”) receipts generated by increased property values in the designated portions of the Marketplace Urban Renewal area, credited to the Special Revenue, Tax Increment Financing Fund and paid to the trustee pursuant to the financing agreement and moneys in the debt reserve trust account. TIF receipts are generally projected to produce 100% of the debt service requirements over the life of the bonds. The TIF revenues are subject to annual appropriation by the City Council. The payment of such TIF revenues do not constitute a continuing obligation of the City in any fiscal year beyond the fiscal year for which TIF revenues have been appropriated. Pursuant to the financing agreement, the City established a Trust Account through the BOKF, NA as trustee. Funds in the trust account are to be used to retire the IFA bonds.

The City has revenue debt payable solely from the TIF revenues of the Marketplace Urban Renewal Area as follows:

<u>Date of Issue</u>	<u>Original Amount</u>	<u>Purpose</u>	<u>Final Maturity</u>	<u>Principal Outstanding As of 06/03/24</u>	<u>Annual Appropriation Subject to Debt Limit</u>

This lease purchase agreement shall not constitute a general obligation of the City, and the full faith and credit of the City is not pledged for the payment of the lease payments. The lease payments are payable from and secured solely and only by the Available Tax Increment Revenues from the Playland Park Urban Renewal area as defined in the Rivers Edge Parking Garage Lease Purchase Agreement. Each lease payment is subject to annual appropriation by the City Council. In the event that available tax increment revenues are insufficient or the City Council doesn’t appropriate the annual lease payment, Iowa West Foundation (the “Guarantor”) shall pay the shortfall amount directly to the developer. Subject to the right of annual appropriation, the Guarantor may receive reimbursement of any shortfall amount only in the event that excess available tax increment revenues are available.

The City has the Rivers Edge Parking Garage Lease Purchase Agreement payable solely from the TIF revenues of the Playland Park Urban Renewal Area as follows:

Taxes in Iowa are delinquent each October 1 and April 1 and a late payment penalty of 1.5% per month of delinquency is enforced as of those dates. If delinquent taxes are not paid, the property may be offered at the regular tax sale on the third Monday of June following the delinquency date. Purchasers at the tax sale must pay an amount equal to the taxes, special assessments, interest and penalties due on the property and funds so received are applied to taxes. A property owner may redeem from the regular tax sale but, failing redemption within three years, the tax sale purchaser is entitled to a deed which in general conveys the title free and clear of all liens except future tax installments.

LEVY LIMITS

A city’s general fund tax levy is limited to \$8.10 per \$1,000 of taxable value, with provision for an additional \$0.27 per \$1,000 levy for an emergency fund which can be used for general fund purposes (Code of Iowa, Chapter 384, Division I). Cities may exceed the \$8.10 limitation upon authorization by a special levy election. Further, there are limited special purpose levies, which may be certified outside of the above-described levy limits (Code of Iowa, Section 384.12). The amount of the City’s general fund levy subject to the \$8.10 limitation is \$8.10 for Fiscal Year 2023-24. The City levies a portion of its costs for operation and maintenance of publicly owned transit, operation and maintenance of City owned Civic Center, aviation authority, liability, property and self-insurance expenses and employee benefits in addition to the \$8.10 general fund limit as authorized by law. Debt service levies are not limited, rather the City is only subject to the aggregate constitutional debt limits. See “DEBT LIMIT” herein. See “PROPERTY TAX LEGISLATION” herein for a discussion of revisions to the administration of the general fund levy beginning in Fiscal Year 2024-25.

EMPLOYEES AND PENSIONS

The City currently has 512 full-time employee equivalents (excluding seasonal employees). Of the City’s budgeted full time equivalents, 136 are sworn police officers and 114 are sworn firefighters, officers and employees of the fire department (including ambulance operations) in all ranks. The City participates in two statewide employee retirement systems, the Iowa Public Employees Retirement System (“IPERS”) and the Municipal Fire and Police Retirement System of Iowa (“MFPRSI”). The State of Iowa administers IPERS and a nine-member board of trustees governs the MFPRSI. Though separate and apart from state government, the MFPRSI board is authorized by state legislature, which also establishes by statute the pension and disability benefits and the system’s funding mechanism. All full-time employees must participate in either IPERS or MFPRSI.

Iowa Public Employees Retirement System: The City contributes to IPERS, which is a cost-sharing multiple-employer, contributory defined benefit public employee retirement system. IPERS provides retirement and death benefits, which are established by state statute, to plan members and beneficiaries. IPERS is authorized to adjust the total contribution rate up or down each year, by no more than 1 percentage point, based upon the actuarially required contribution rate. The City’s contributions to IPERS for the last three fiscal years ended June 30, as shown below, equal the required contributions for each year.

	<u>FY 2020-21</u>	<u>FY 2021-22</u>	<u>FY 2022-23</u>
City IPERS Contribution	\$1,619,521	\$1,674,261	\$1,772,067

Pursuant to Governmental Accounting Standards Board (“GASB”) Statement No. 68, the City reported a liability of \$8,320,501 within its Annual Comprehensive Financial Report for the Fiscal Year ended June 30, 2023 (“ACFR”) for its proportionate share of the net pension liability related to IPERS. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City’s proportion of the net pension liability was based on the City’s share of contributions to the pension

plan relative to the contributions of all IPERS participating employers. At June 30, 2022, the City’s collective proportion was 0.209632% which was a decrease of 0.001734% from its proportion measured as of June 30, 2021.

The City cannot predict the levels of funding that will be required in the future as any IPERS unfunded pension benefit obligation could be reflected in future years in higher contribution rates. The investment of moneys, assumptions underlying the same and the administration of IPERS is not subject to the direction of the City. Thus, it is not possible to predict, control or prepare for future unfunded accrued liabilities of IPERS (“UALs”). The UAL is the difference between total actuarially accrued liabilities and actuarially calculated assets available for the payment of such benefits. The UAL is based on assumptions as to retirement age, mortality, projected salary increases attributed to inflation, across-the-board raises and merit raises, adjustments, cost-of-living adjustments, valuation of current assets, investment return and other matters. Such UAL could be substantial in the future, requiring significantly increased contributions from the City which could affect other budgetary matters.

The IPERS Annual Comprehensive Financial Report is available on the IPERS website, or by contacting IPERS at 7401 Register Drive P.O. Box 9117, Des Moines, IA 50321. The information presented in such financial reports or on such website is not incorporated into this Preliminary Official Statement by any references.

Bond Counsel, Disclosure Counsel, the City and the Municipal Advisor undertake no responsibility for and make no representations as to the accuracy or completeness of the information available from the IPERS discussed above or included on the IPERS website, including, but not limited to, updates of such information on the State Auditor’s website or links to other Internet sites accessed through the IPERS website.

For additional information on the City’s Pension Plans, including information related to qualifications, benefits, deferred outflows and inflows of resources related to pensions, expenses, actuarial assumption, discount rate and discount rate sensitivities refer to Note 8 – Pension Plans – Iowa Public Employees Retirement System, beginning on page 49 of the City’s June 30, 2023 ACFR contained in APPENDIX C to this Preliminary Official Statement.

Municipal Fire and Police Retirement System of Iowa: The City contributes to MFPRSI, which is a cost-sharing multiple-employer defined benefit pension plan. MFPRSI provides retirement, disability, and death benefits to plan members and beneficiaries. Benefit provisions are established by state statute, and vest after four years of credited service. The City’s police officers and fire fighters are enrolled in the MFPRSI.

MFPRSI plan members are required to contribute a percentage of their annual covered salary, and the City is required to contribute at an actuarially determined rate of annual covered payroll. The contribution requirements of plan members and the City are established, and may be amended by state statute. The City’s contributions to MFPRSI for the last three fiscal years ended June 30, as shown below, equal the required contributions for each year.

	<u>FY 2020-21</u>	<u>FY 2021-22</u>	<u>FY 2022-23</u>
MFPRSI City Contribution	\$4,704,357	\$5,070,708	\$4,964,495

Pursuant to GASB Statement No. 68, the City reported a liability of \$32,201,833 within its ACFR for its proportionate share of the net pension liability related to MFPRSI. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City’s proportion of the net pension liability was based on the City’s share of contributions to the pension plan relative to the contributions of all MFPRSI participating employers. At June 30, 2022, the City’s proportion was 5.734246% which was an increase of 0.075885% from its proportion measured as of June 30, 2021.

The MFPRSI Independent Auditors Report is available on the MFPRSI website, or by contacting MFPRSI at 7155 Lake Drive, Suite 201, West Des Moines, IA 50266. The information presented in such financial reports or on such website is not incorporated into this Preliminary Official Statement by any references.

Bond Counsel, Disclosure Counsel, the City and the Municipal Advisor undertake no responsibility for and make no representations as to the accuracy or completeness of the information available from MFPRSI discussed above or included on the MFPRSI website, including, but not limited to, updates of such information on the State Auditor’s website or links to other Internet sites accessed through the MFPRSI website.

For additional information on the City’s Pension Plans, including information related to qualifications, benefits, deferred outflows and inflows of resources related to pensions, expenses, actuarial assumption, discount rate and discount rate sensitivities refer to Note 8 – Pension Plans – Municipal Fire and Police Retirement System of Iowa (MFPRSI), beginning on page 53 of the City’s June 30, 2023 ACFR contained in APPENDIX C to this Preliminary Official Statement.

OTHER POST EMPLOYMENT BENEFITS (OPEB)

Plan Description: The City operates a single-employer health benefit plan which provides medical, prescription drug, and dental benefits for employees, retirees and their dependents. Group insurance benefits are established under Iowa Code Chapter 509A.13. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

Individuals who are employed by the City and are eligible to participate in the group health plan are eligible to continue healthcare benefits upon retirement if they are age 55 and at least four years of service. A covered individual who retires from service with the City must be vested in the MFPRSI or in IPERS. Retires pay the same premium for the medical, prescription drug and dental benefits as active employees, which results in an implicit rate of subsidy and an OPEB liability. At July 1, 2022, plan membership consisted of 20 retired members and 470 active employees.

Funding Policy: The contribution requirements of plan members are established and may be amended by the City. The City currently finances the retiree benefit plan on a pay-as-you-go basis. The General, Special Revenue, Road Use Tax and Enterprise, Sewer and Refuse and Disposal Funds primarily fund OPEB costs.

Total OPEB Liability: The City’s total OPEB liability at June 30, 2023 was \$6,547,292 and was determined by an actuarial valuation as of July 1, 2022, calculated based on the discount rate and actuarial assumptions and projected to the measurement date of June 30, 2023. The following table shows the components of the City’s annual OPEB for the Fiscal Year ended June 30, 2023:

	Total OPEB Liability
Total OPEB liability beginning of year	\$6,733,008
