Hello Moises,

I am a resident of 7 Lilac Cir in Whispering Oaks. I am reaching out in regards to phase V plans.

When I heard rumors of what might go in this area I started to research agenda minutes since the inception of Whispering Oaks. During that process I found city documents related to analysis of the park situation in this part of the city. I found this area of town was considered underserved as far as parks.

That being said, it is unfathomable to me that there is a proposal floating around to fill remaining space with apartments. That's about as opposite as it gets. This isn't a cornfield on the outskirts of town with infrastructure to scale. This is land right in the heart of existing neighborhoods. Neighborhoods that have been tagged as underserved for recreational space. Please consider this in the scope of this project.

Thank you for your time and consideration of this matter.

Kyle Rannells
