9.72.280 Brakes

Every motor vehicle, while in use on the public streets of this city, shall be provided with adequate brakes, as set forth in Iowa Code §§ 321.430 and 321.431.

It shall be unlawful for the driver of any vehicle to use or operate or cause to be used or operated within the city, any engine brake, compression brake, or mechanical exhaust device designed to aid in the braking or deceleration of any vehicle that results in excessive, loud, unusual, or explosive noise from such vehicle.

The usage of an engine brake, compression brake, or mechanical exhaust device designed to aid in braking or deceleration in such a manner so as to be audible at a distance of three hundred feet (300') from the motor vehicle shall constitute evidence of a prima facie violation of this section.
