

Attachment 'B'

To Whom It May Concern:

Kinseth Hotel Corp. is planning to buy Lots 2 and 3 of Bluffs Vision to build a Home 2 Suites by Hilton. We will need to make an adjustment to the lot lines we will need to take roughly 100 feet of lot 3 and combine with lot 2 to make space for the hotel project. At this time, we do not plan on developing the lot 3 until and have not decided, the end use for that parcel.

The project will consist of a 4 story wood framed building, with approximately 99 guestrooms, fitness center, indoor pool and free to guest breakfast amenities, the exterior of the building will be clade in EIFS and Stone. We will have on site parking for guests and employees with 105 parking spots.

The Home 2 by Hilton brand offers stylish, extended-stay accommodations, flexible guest room configurations for travelers and their pets. The room have in-suite kitchens that includes a full-size refrigerator, dishwasher, microwave oven and coffee maker.

Thank You,
Aaron Mailey
