15.18.010 Statement of Intent. The PC district is intended to provide for the development of retail shopping centers, hotel/motel services, destination resorts, and office parks. Facilities in planned commercial districts are designed to be used in common, such as ingress and egress roads, extensive parking accommodations, proper relations to traffic arteries, and compatibility with surrounding uses. Because large retail/service centers have significant impact upon the development of the city, final authority over their development shall be retained by the city council, with extensive review by the planning commission.

(Ord. 5469 § 2 (part), 1999)

15.18.060 Development Plan Review Procedure

A. Application. A completed application form, ten (10) copies of the development plan, along with the required fee, shall be submitted to the community development department. The development plan shall be reviewed in accordance with the procedures outlined below. The following information shall be submitted to the community development department:

    1. A letter of intent stating the proposed uses, improvements necessary to serve the development, construction time frame, and phasing;

    2. The development name and legal description of the boundary;

    3. A north arrow, scale, bar scale and date;

    4. The names and addresses of the owner, and the architect or engineer preparing the plan;

5. A location map showing the proposed development and its relationship to existing abutting subdivisions and community facilities such as streets, schools, parks, and commercial areas;

6. All established floodway or floodway fringe encroachment limits;

7. A soils and drainage report prepared by the engineer. The report shall show the general soil and drainage conditions and include preliminary recommendations as to the adaptability of the property proposed for development;

8. Location and size of any sites to be considered for dedication to public use;

9. Layout, numbers and dimensions of proposed lots;

10. The location, width, name, grade and typical cross-sections of all proposed streets within the development and the width and name of any platted street located within two hundred (200) feet of the site;

11. The location and width of other public ways, railroad rights-of-way, utility and all other easements existing or proposed within the development and within two hundred (200) feet;

12. Existing and proposed contour intervals of not more than five feet;

13. All existing and proposed underground installations within the proposed development or adjacent thereto or the location of the nearest available facilities;

14. The location of all existing and proposed structures, proposed parking areas, pedestrian ways, private and public streets, and landscaping;

15. Proposed landscaping plan;

16. Proposed signage plan;

17. Traffic impact study to include: (i) data on existing peak hour traffic volumes and conditions; (ii) directional distribution estimates of added traffic; (iii) projections of added traffic volumes for all of the appropriate critical hours; (iv) determination of needed improvements, controls, driving locations, and their design; and (v) identification of any need for additional right-of-way which could be secured from the developer;

18. Architectural drawings, renderings, or other visual documents which illustrate proposed building design. The community development director

shall determine the adequacy and completeness of the development plan application.

The community development director may require additional information prior to scheduling review by the city planning commission.

B. Review by City Planning Commission. The city planning commission, in reviewing the development plan, shall take into consideration conformance with the comprehensive plan, recognized principles of land use planning, landscape, architecture, the conservation and stabilization of the value of property, adequate open space for light and air, congestion of public streets, the promotion of public safety, health, convenience and comfort and the general welfare of persons using the facility. In addition to the proposed use meeting the general requirements herein set forth, the commission, in recommending approval of the proposed development plan, may recommend certain conditions to be attached to such use which the commission deems necessary in order to carry out the intent and purpose of this title. Such conditions may include, but are not limited to, an increase in the required lot or yard area, control of the location and number of vehicular access points to the property, limitations to the number of signs, limitations to coverage or height of buildings situated on the property because of obstruction to view and reduction of light and air to adjacent property, required screening and landscaping where necessary reduce noise and glare, and designation of responsibility for maintenance of the property.

C. Review by City Council. After review of the development plan by the city planning commission, it shall be forwarded to the city council, with its written recommendations, whether for approval or denial, whereupon the city council may take action on the plan. Approval of the development plan shall be by city council resolution.

D. Building Permit Review. The community development director shall review all building and public works construction permits for compliance with the approved development plan. No building or public works construction permit shall be issued if determined by the community development director to be inconsistent with the approved development plan. If the community development director determines that major changes are requested, review and approval by the city planning commission and city council shall be required.

E. Amendment to Development Plan. Proposed amendments to an approved development plan shall be subject to the same review and approval procedure as an initial application.

(Ord. 5469 § 2 (part), 1999)

15.18.070 Signs. In addition to the signage approved in the development plan, signage in this district shall comply with CBMC 15.33, "Signs."

(Ord. 5469 § 2 (part), 1999)
